HOW TO USE THE MANUAL

This manual contains 30 airplane base sheets to make different paper planes along with their folding instructions.

THE PLANES

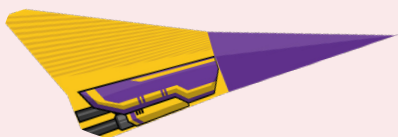

MODEL 1: DIAMOND

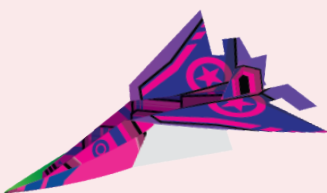

MODEL 2: HAMMERHEAD

MODEL 3: HORNET

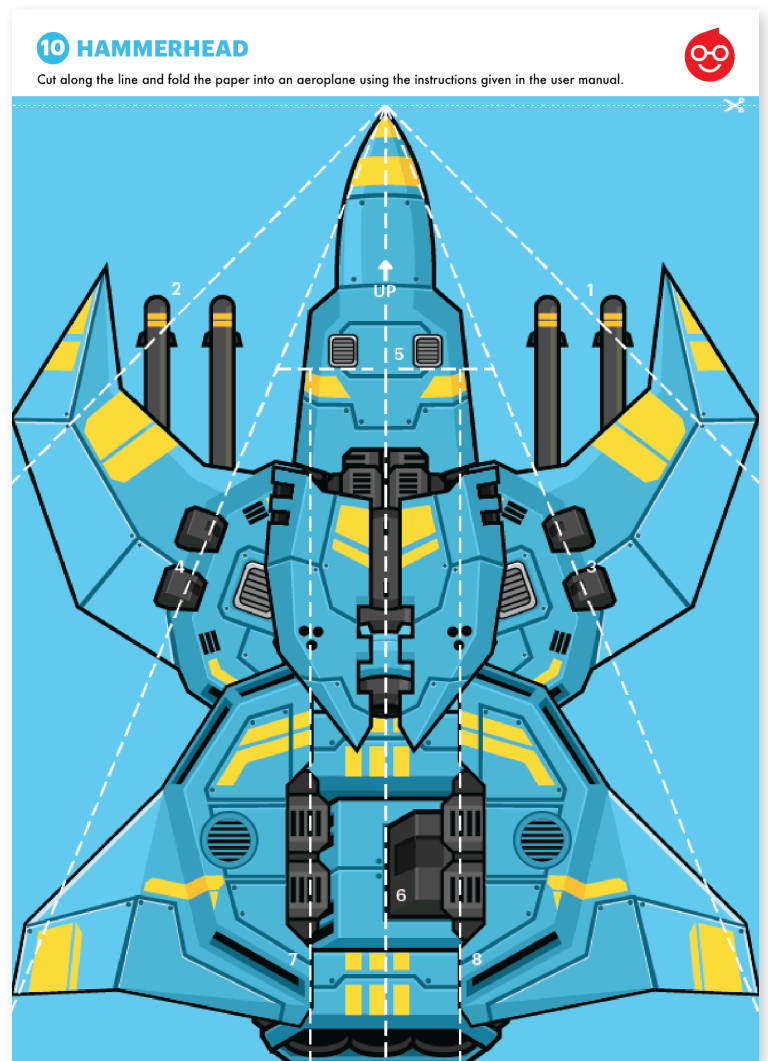

MODEL 4: FIGHTER

MODEL 5: RAPTOR

Before folding a plane, look for the plane model name in the corner of each paper plane base sheet. This tells you which folding instructions to use.

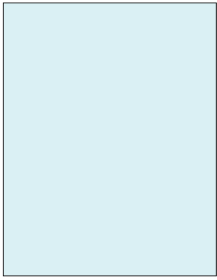

MODEL 01: DIAMOND

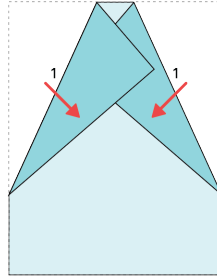

INSTRUCTIONS

1

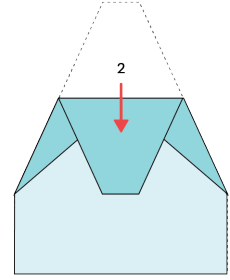

Place the paper plane base with the back side facing up.

2

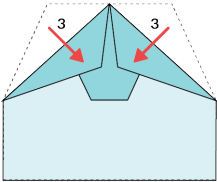

Pull the top corners and fold along line 1.

3

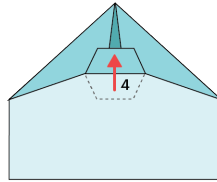

Fold the top along line 2.

4

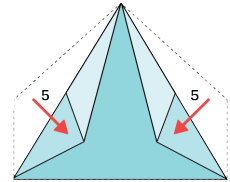

Fold both the corners along line 3.

5

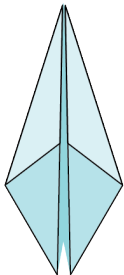

Fold up along the line 4.

6

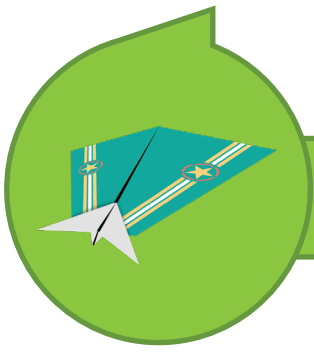

Flip the plane and fold along lines 5.

7

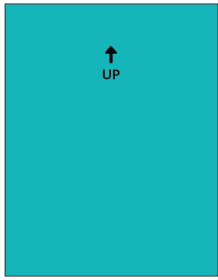

Now fold it in half along line 6 and the plane is ready to take off.

MODEL 02: HAMMERHEAD

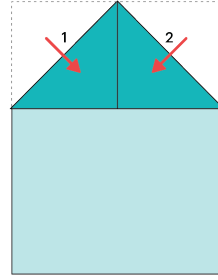

INSTRUCTIONS

1

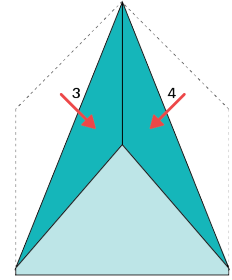

Place the airplane base on a flat surface with the up arrow facing up. Flip the plane.

2

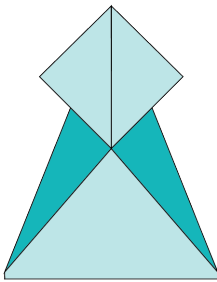

Fold both top corners of the base along fold lines 1 and 2 respectively.

3

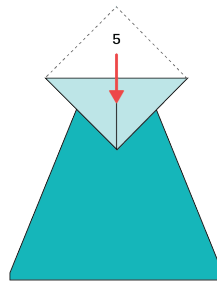

Pull the corners again and fold them along lines 3 and 4.

4

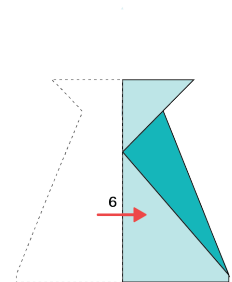

Next, open the folds along lines 1 and 2 to make triangles as shown.

5

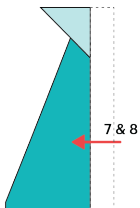

Flip the plane and fold down the top of the plane along line 5.

6

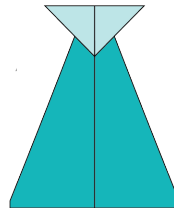

Fold both halves of the plane along fold line 6 to align the wings.

7

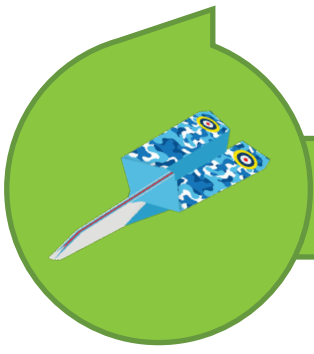

Then, fold the wing along lines 7 and 8.

8

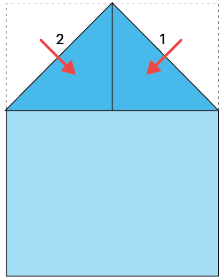

Open the wings to form a slight 'V' shape.

MODEL 03: HORNET

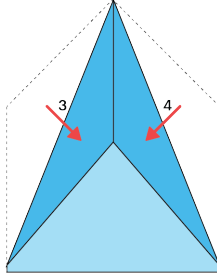

INSTRUCTIONS

1

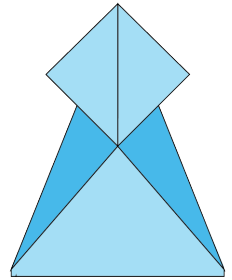

Place down the base with the up arrow facing the top. Flip the base & fold the top corners along lines 1 and 2.

2

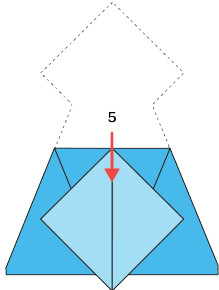

Flip the page and pull the corners again to fold them along the lines 3 and 4.

3

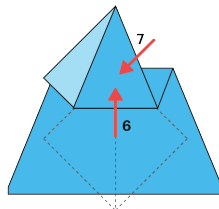

Open the folds made in line 1 to make a triangle. Repeat the same for the fold on line 2.

4

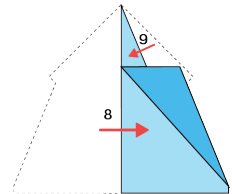

Flip the page again and fold down the top part of the plane along line 5.

5

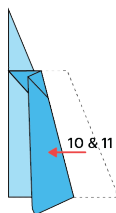

Fold up the page along line 6. Fold the right flap along fold line 7. Then, tuck the flap behind the nose.

6

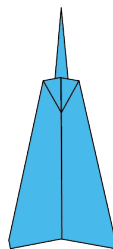

Fold both sides of the plane along line 8. Then, fold the left flap along line 9 and tuck to lock the nose of the plane.

7

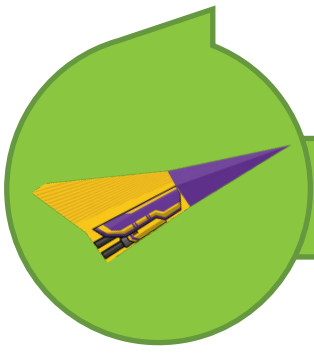

Fold the wings along lines 10 and 11 respectively.

8

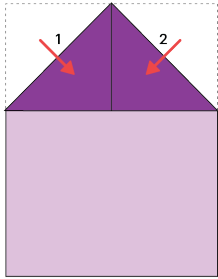

Open the wings to form a slight 'V' shape.

MODEL 04: FIGHTER

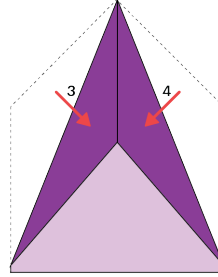

INSTRUCTIONS

1

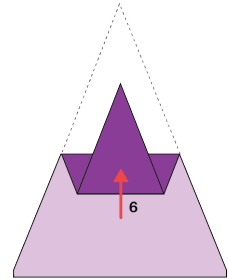

Place down the base with the up arrow facing the top. Flip the base & fold the top corners along lines 1 and 2.

2

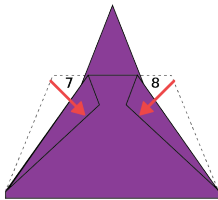

Pull the corners again and fold them along the lines 3 and 4.

3

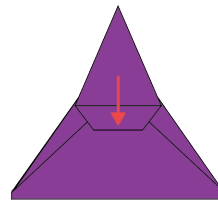

Fold down the top part of the plane along line 5. Then, fold up the tip along line 6. Then, flip the page.

4

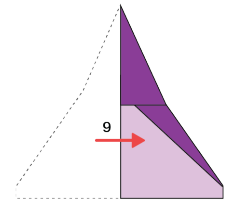

Flip the page again and fold the top part of the wings along lines 7 and 8.

5

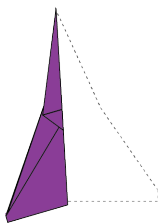

Bring down the flap along fold line 6 to secure the folds made in the previous step.

6

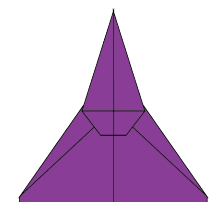

Fold both the halves of the plane along fold line 9.

7

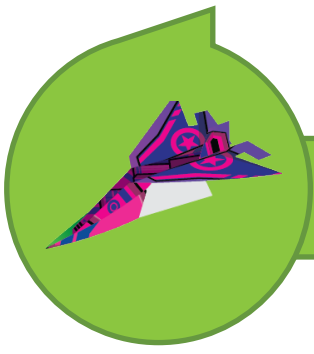

Fold the wings along lines 10 and 11.

8

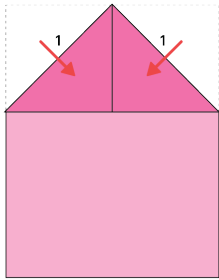

Open the wings to form a slight 'V' shape.

MODEL 05: RAPTOR

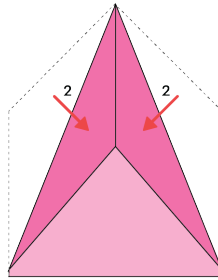

INSTRUCTIONS

1

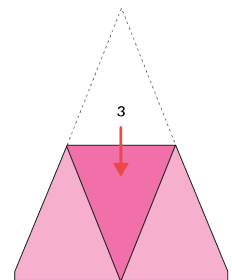

Place the paper plane base with the back side facing up. Pull the top corners of the base along fold lines 1.

2

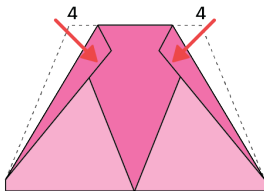

Fold the corners along the line 2.

3

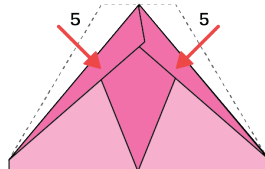

Fold the tip along the line 3.

4

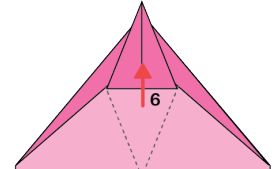

Fold the corners along line 4

5

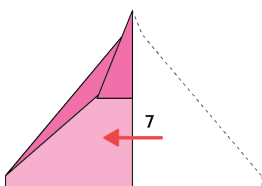

Fold the corners along the line 5.

6

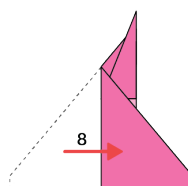

Fold the tip along line 6. Then, flip the plane.

7

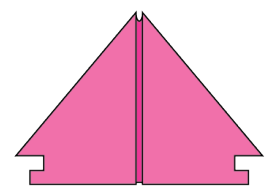

Fold it in half along line 7.

8

Fold along line 8 to make the wings.

9

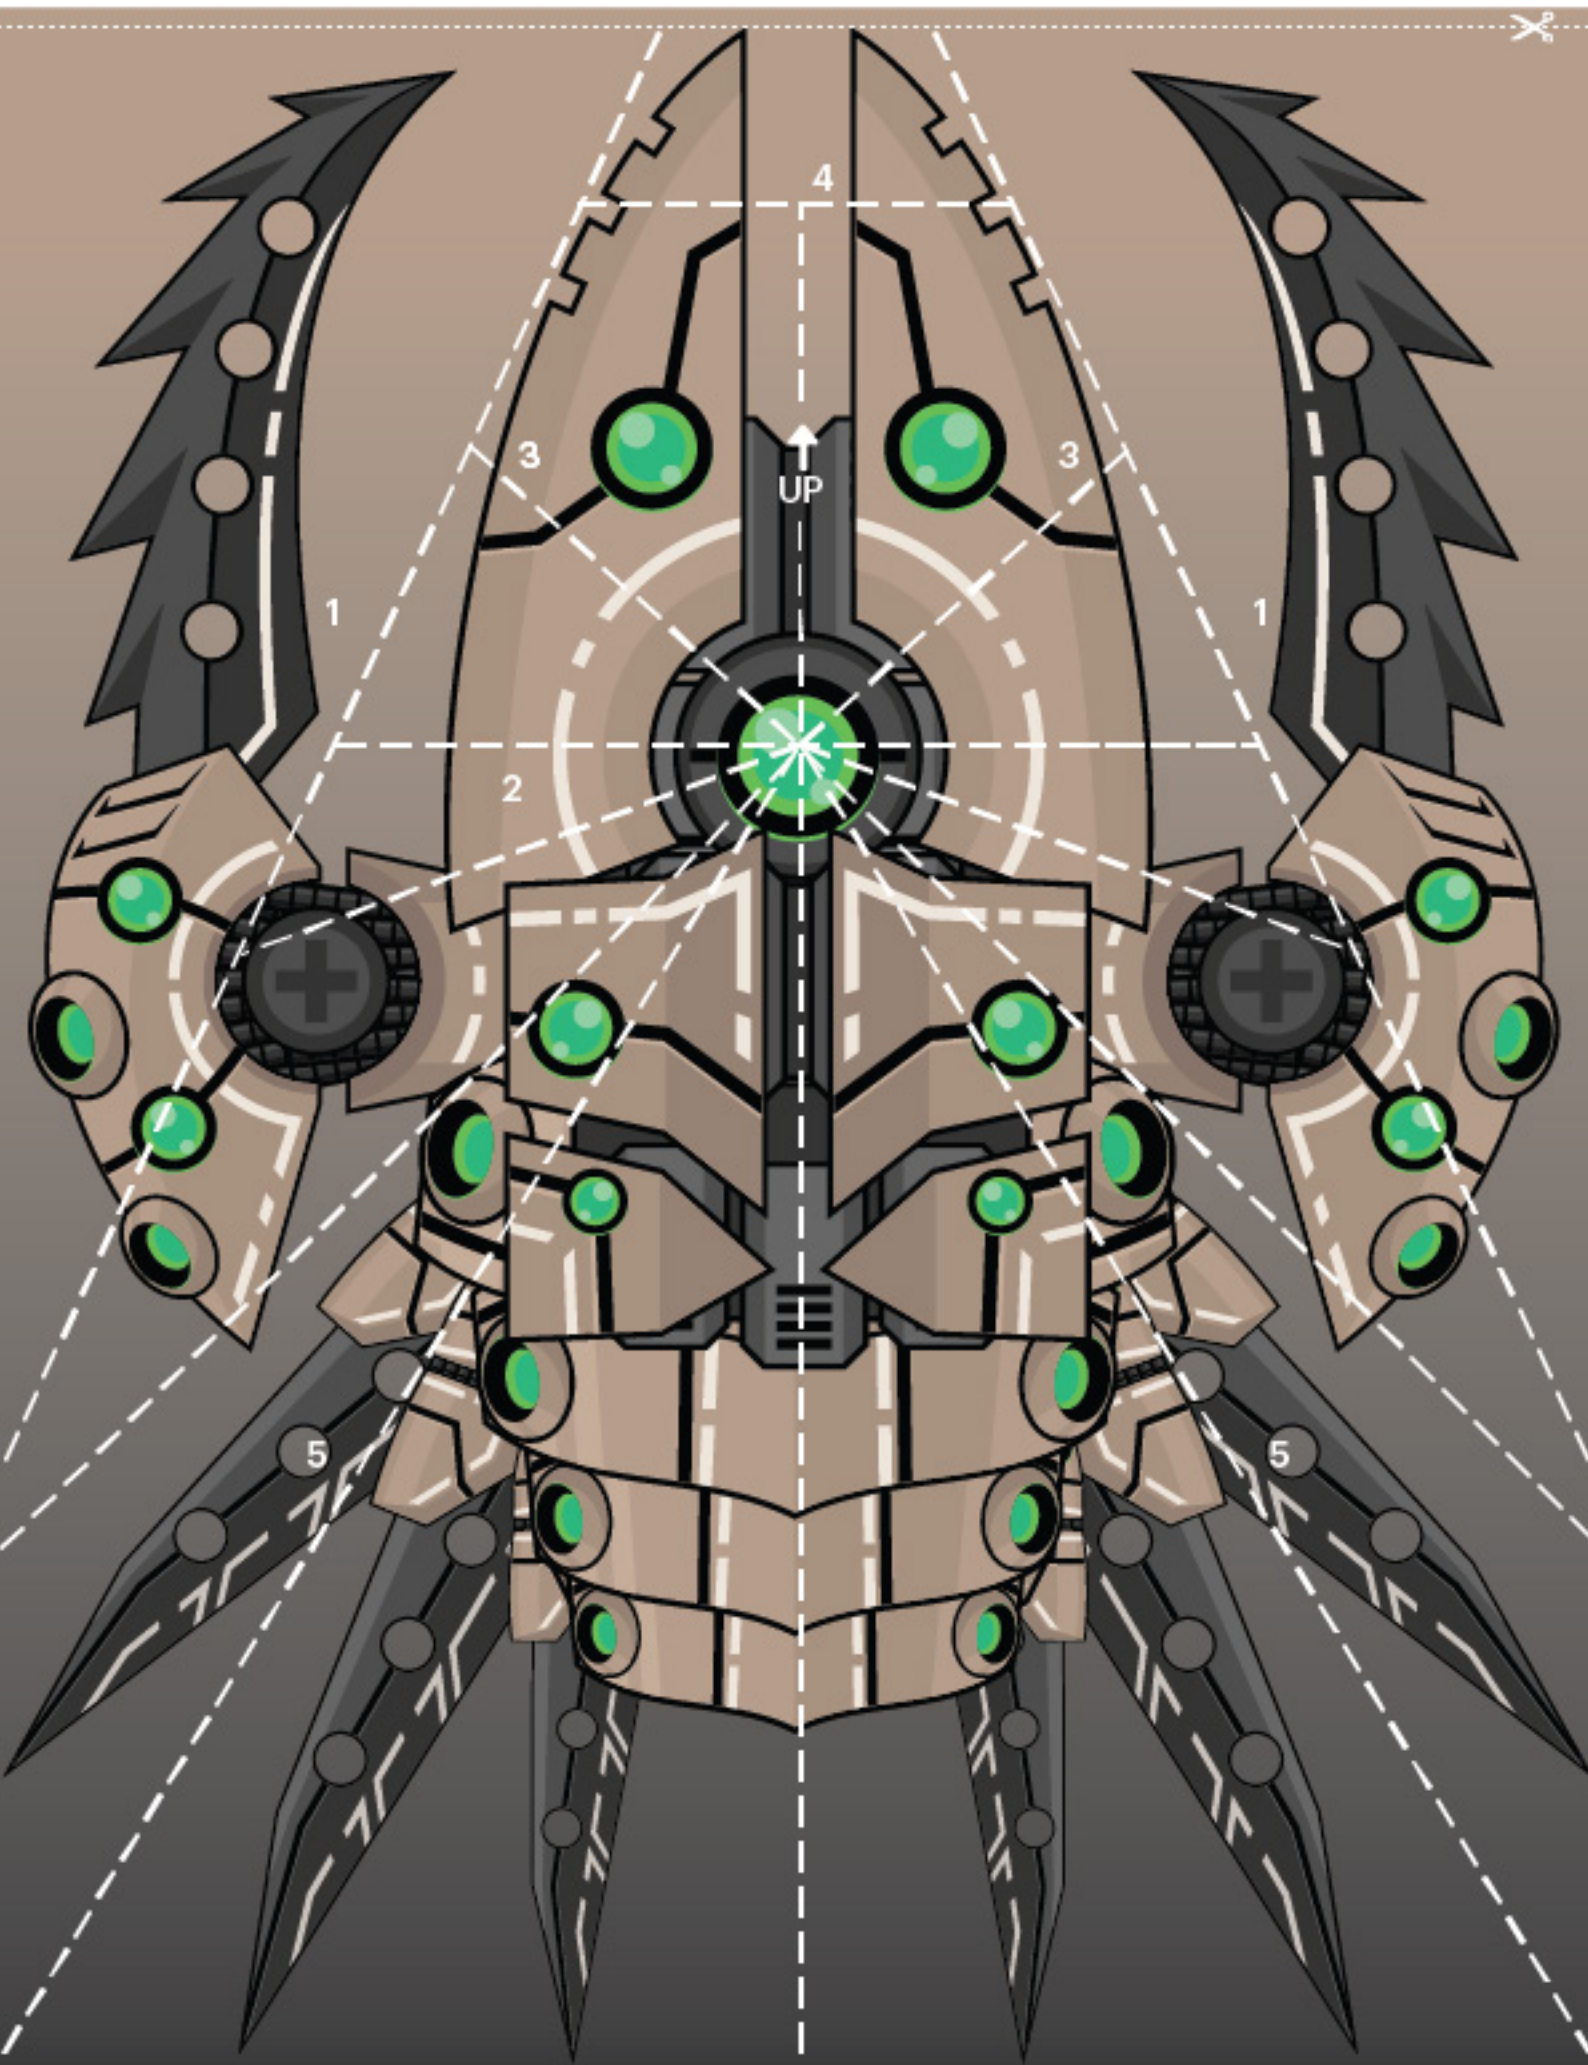

Cut along the dotted line 9 & 10 and push it upwards.

2 DIAMOND

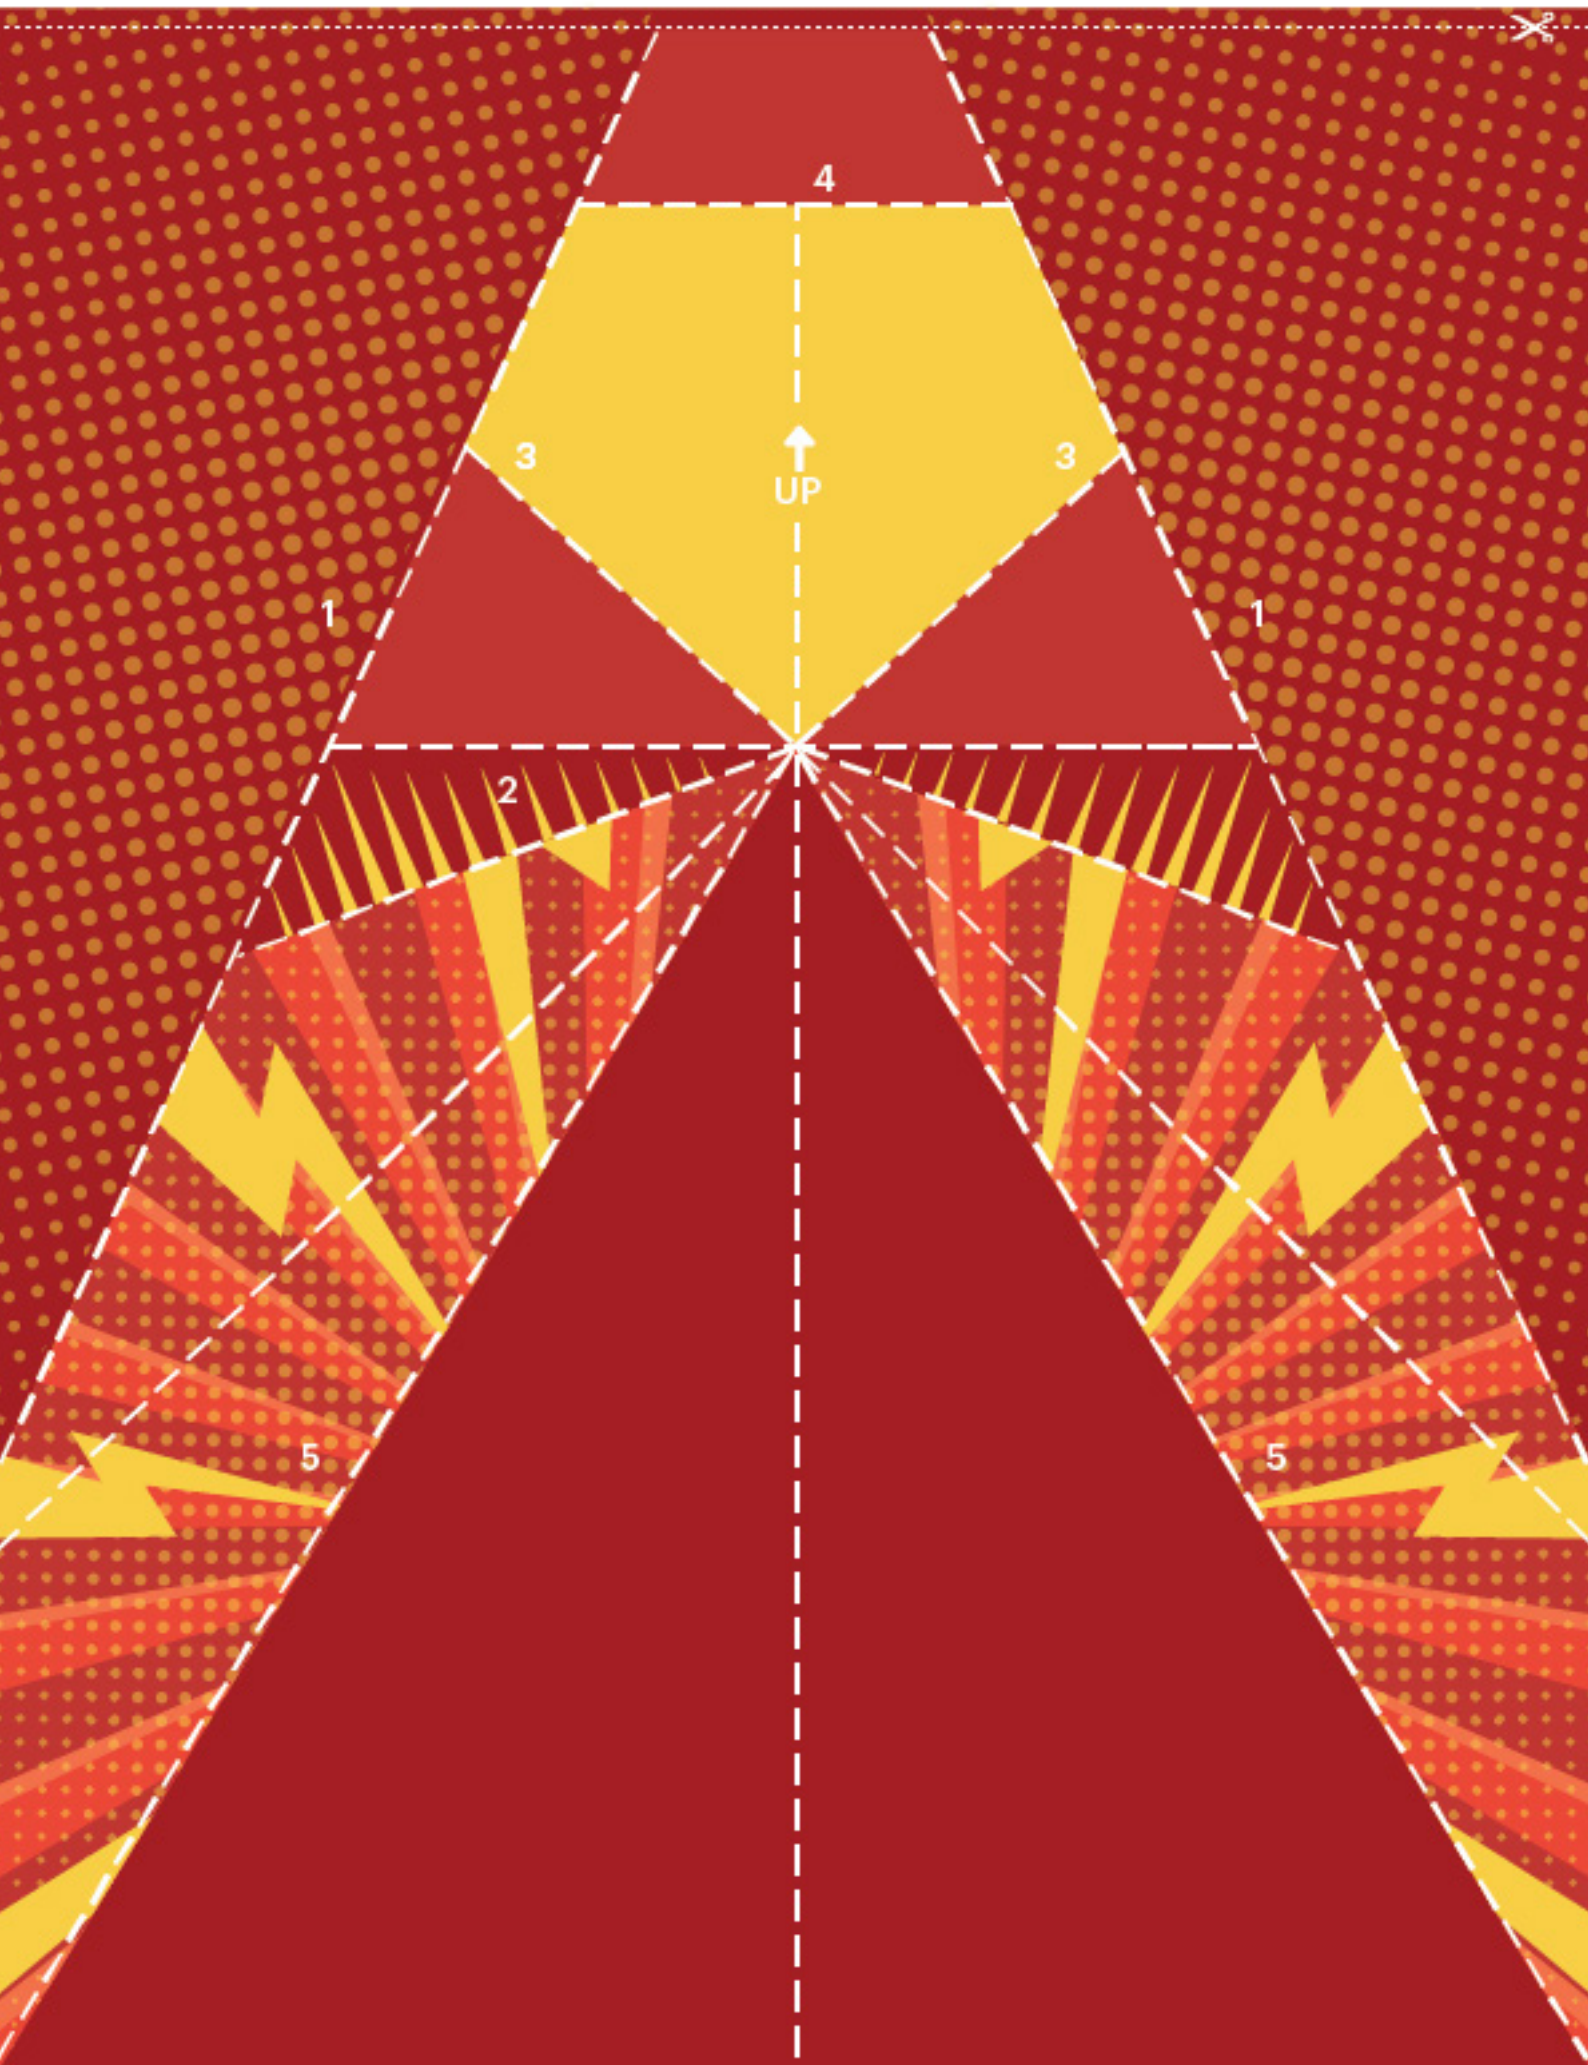

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

3 DIAMOND

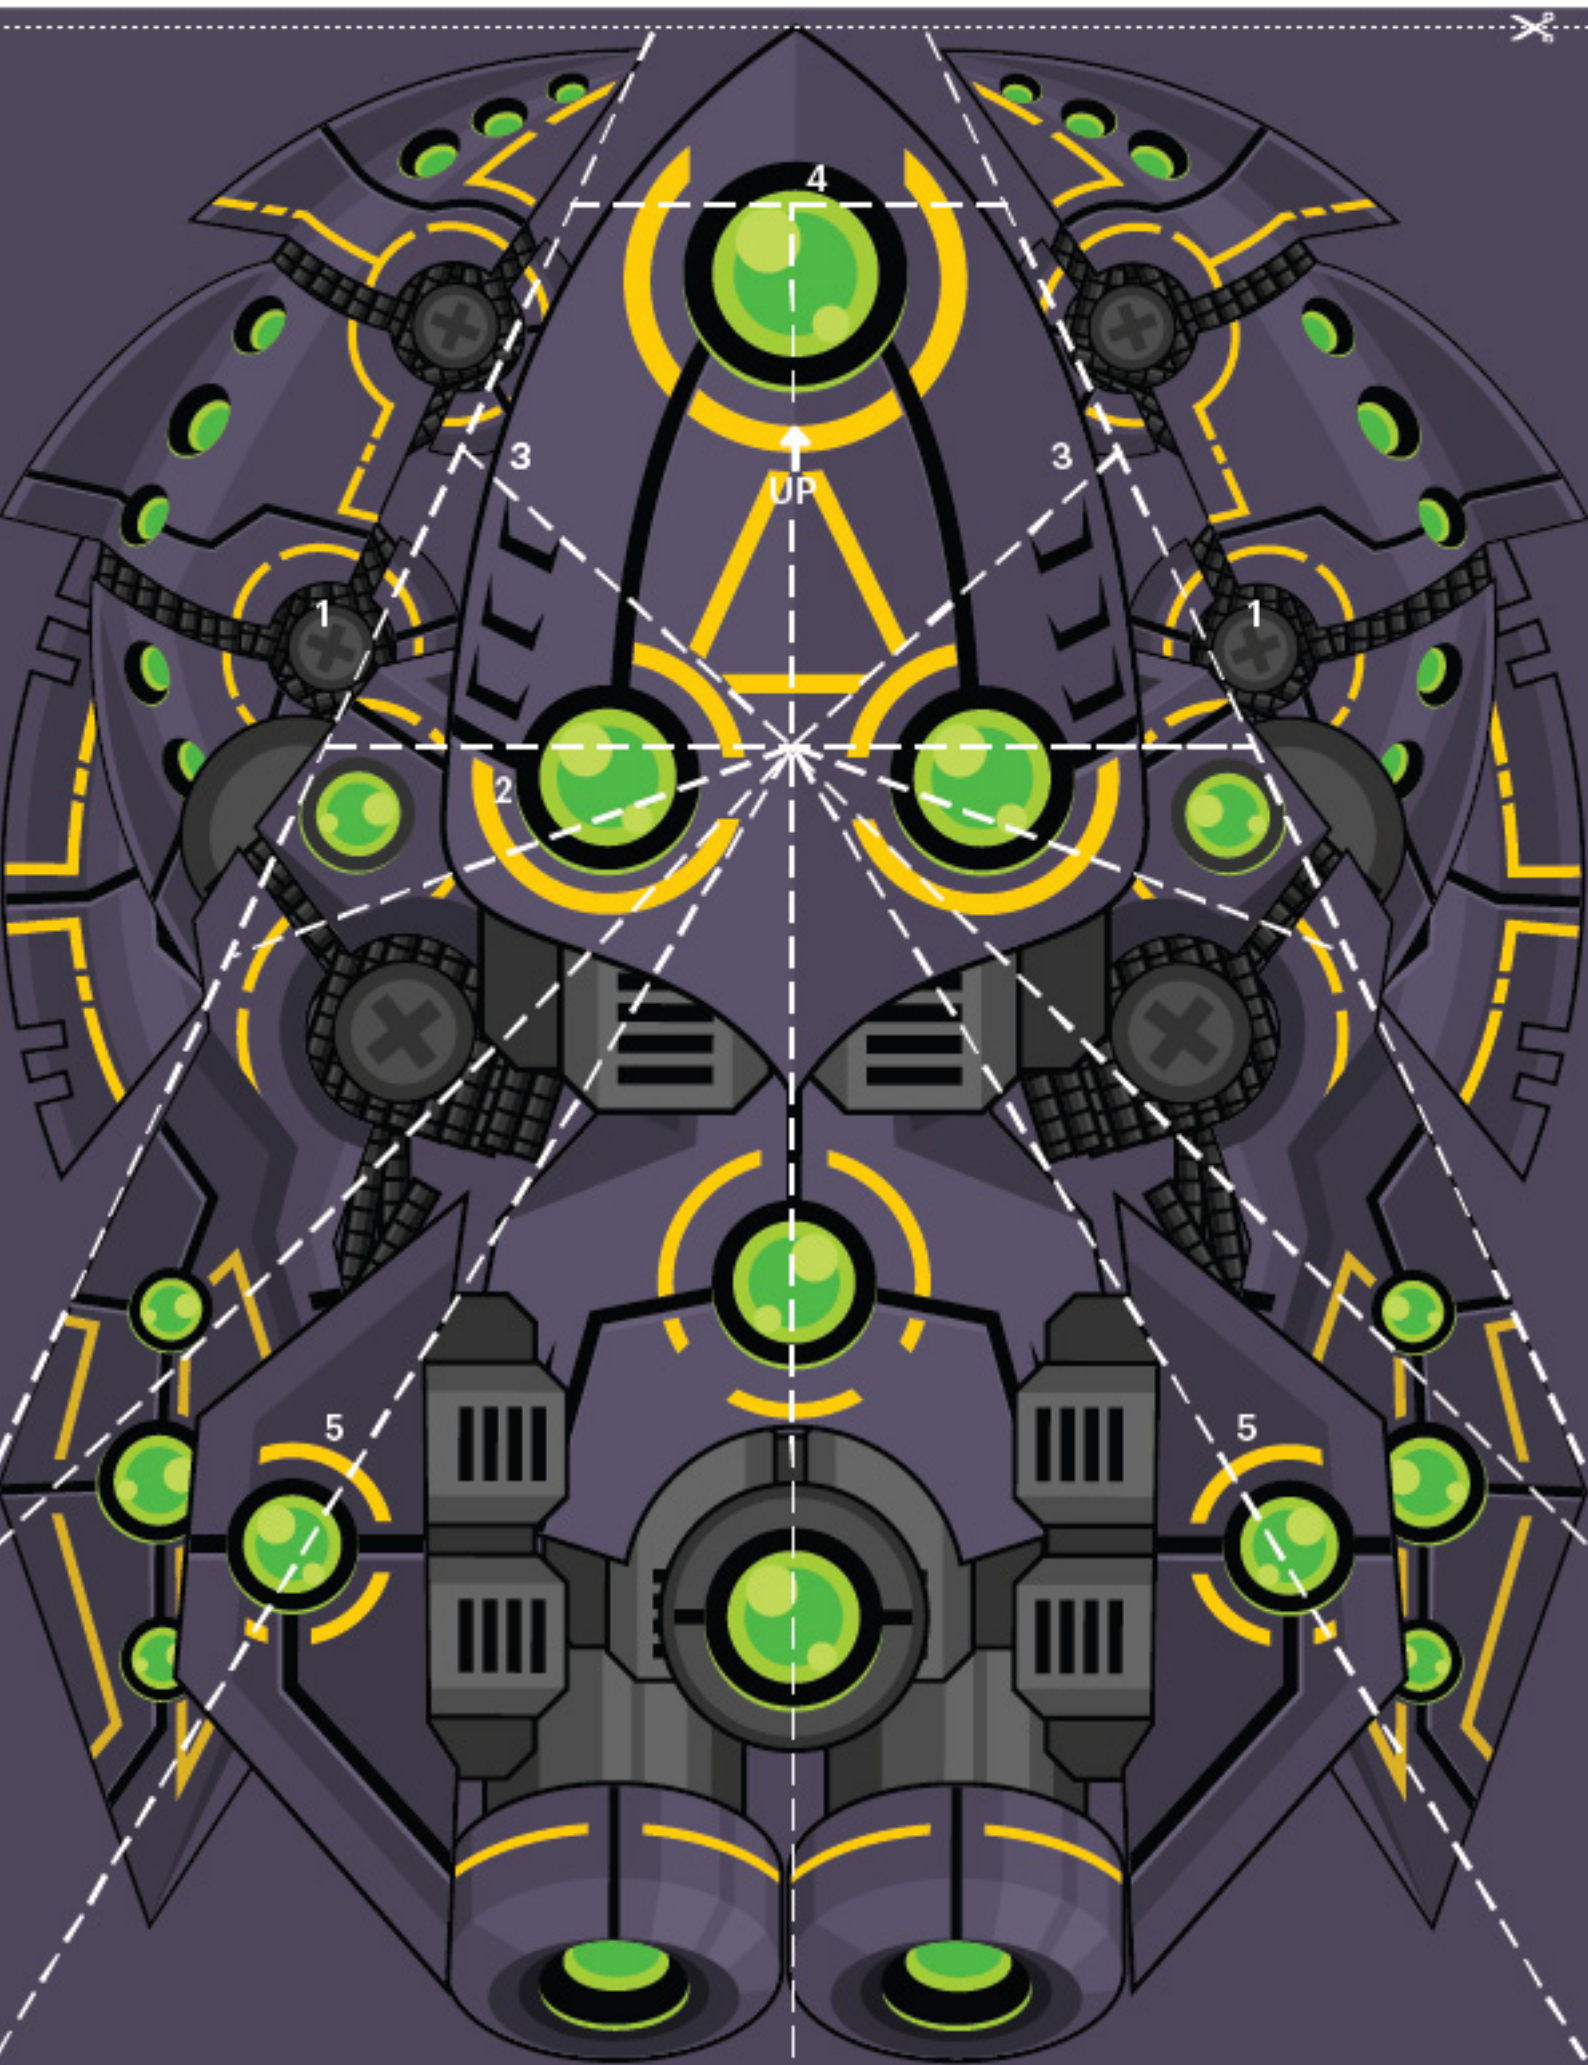

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

4 DIAMOND

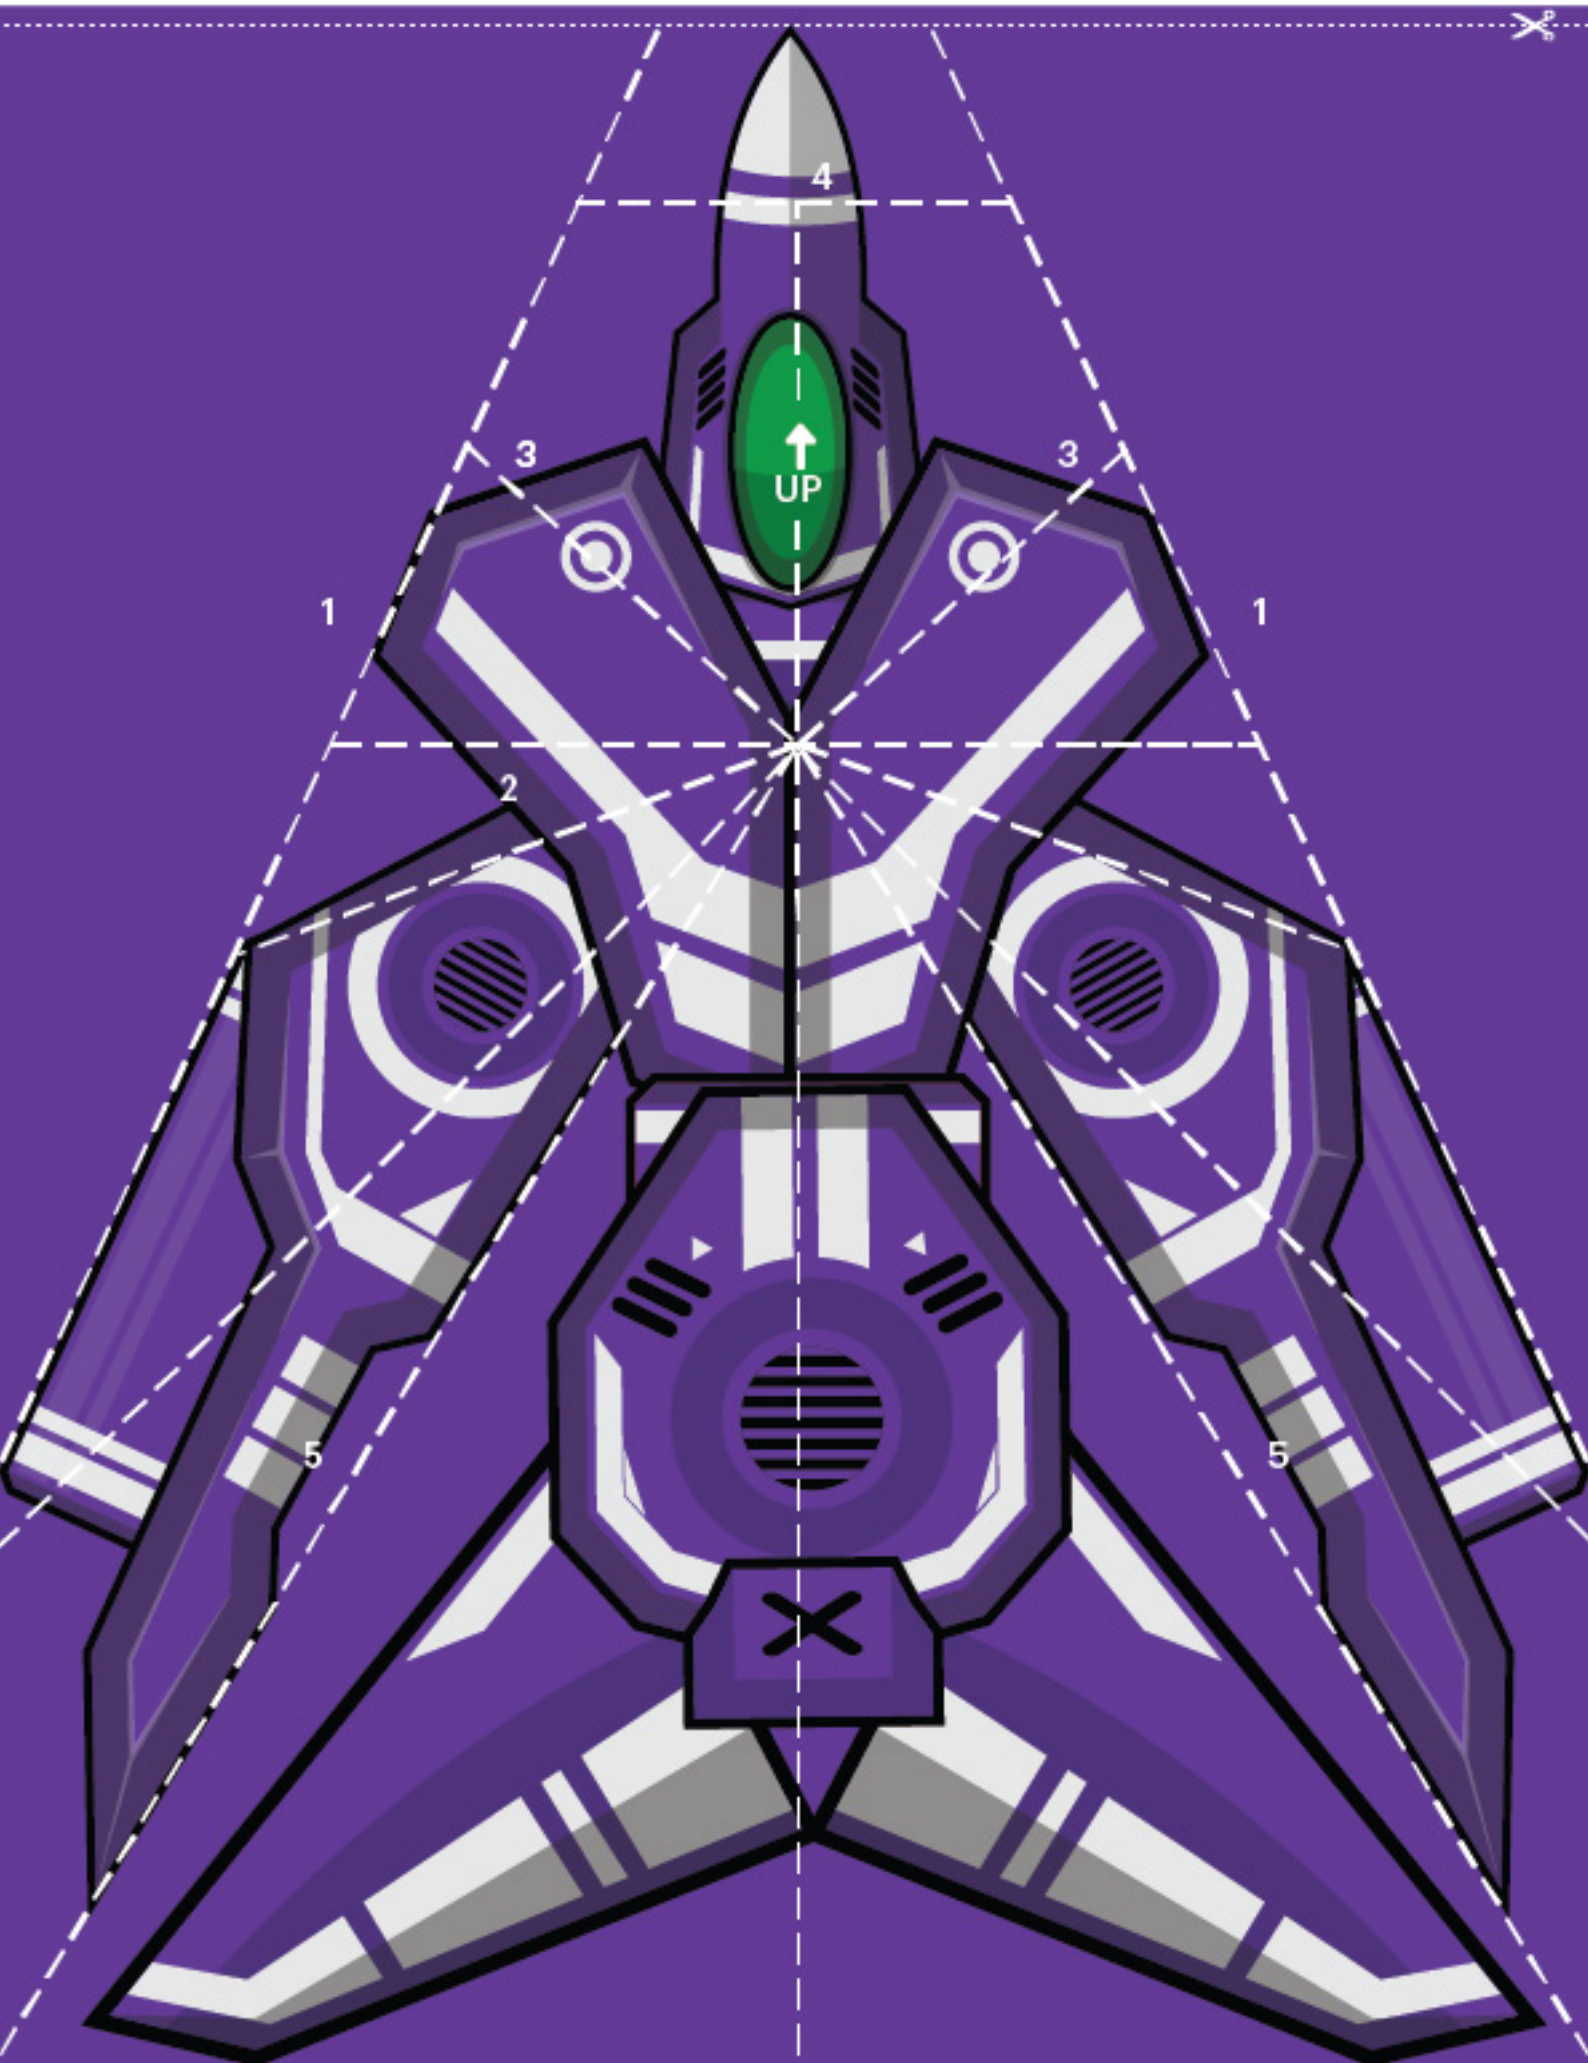

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

5 DIAMOND

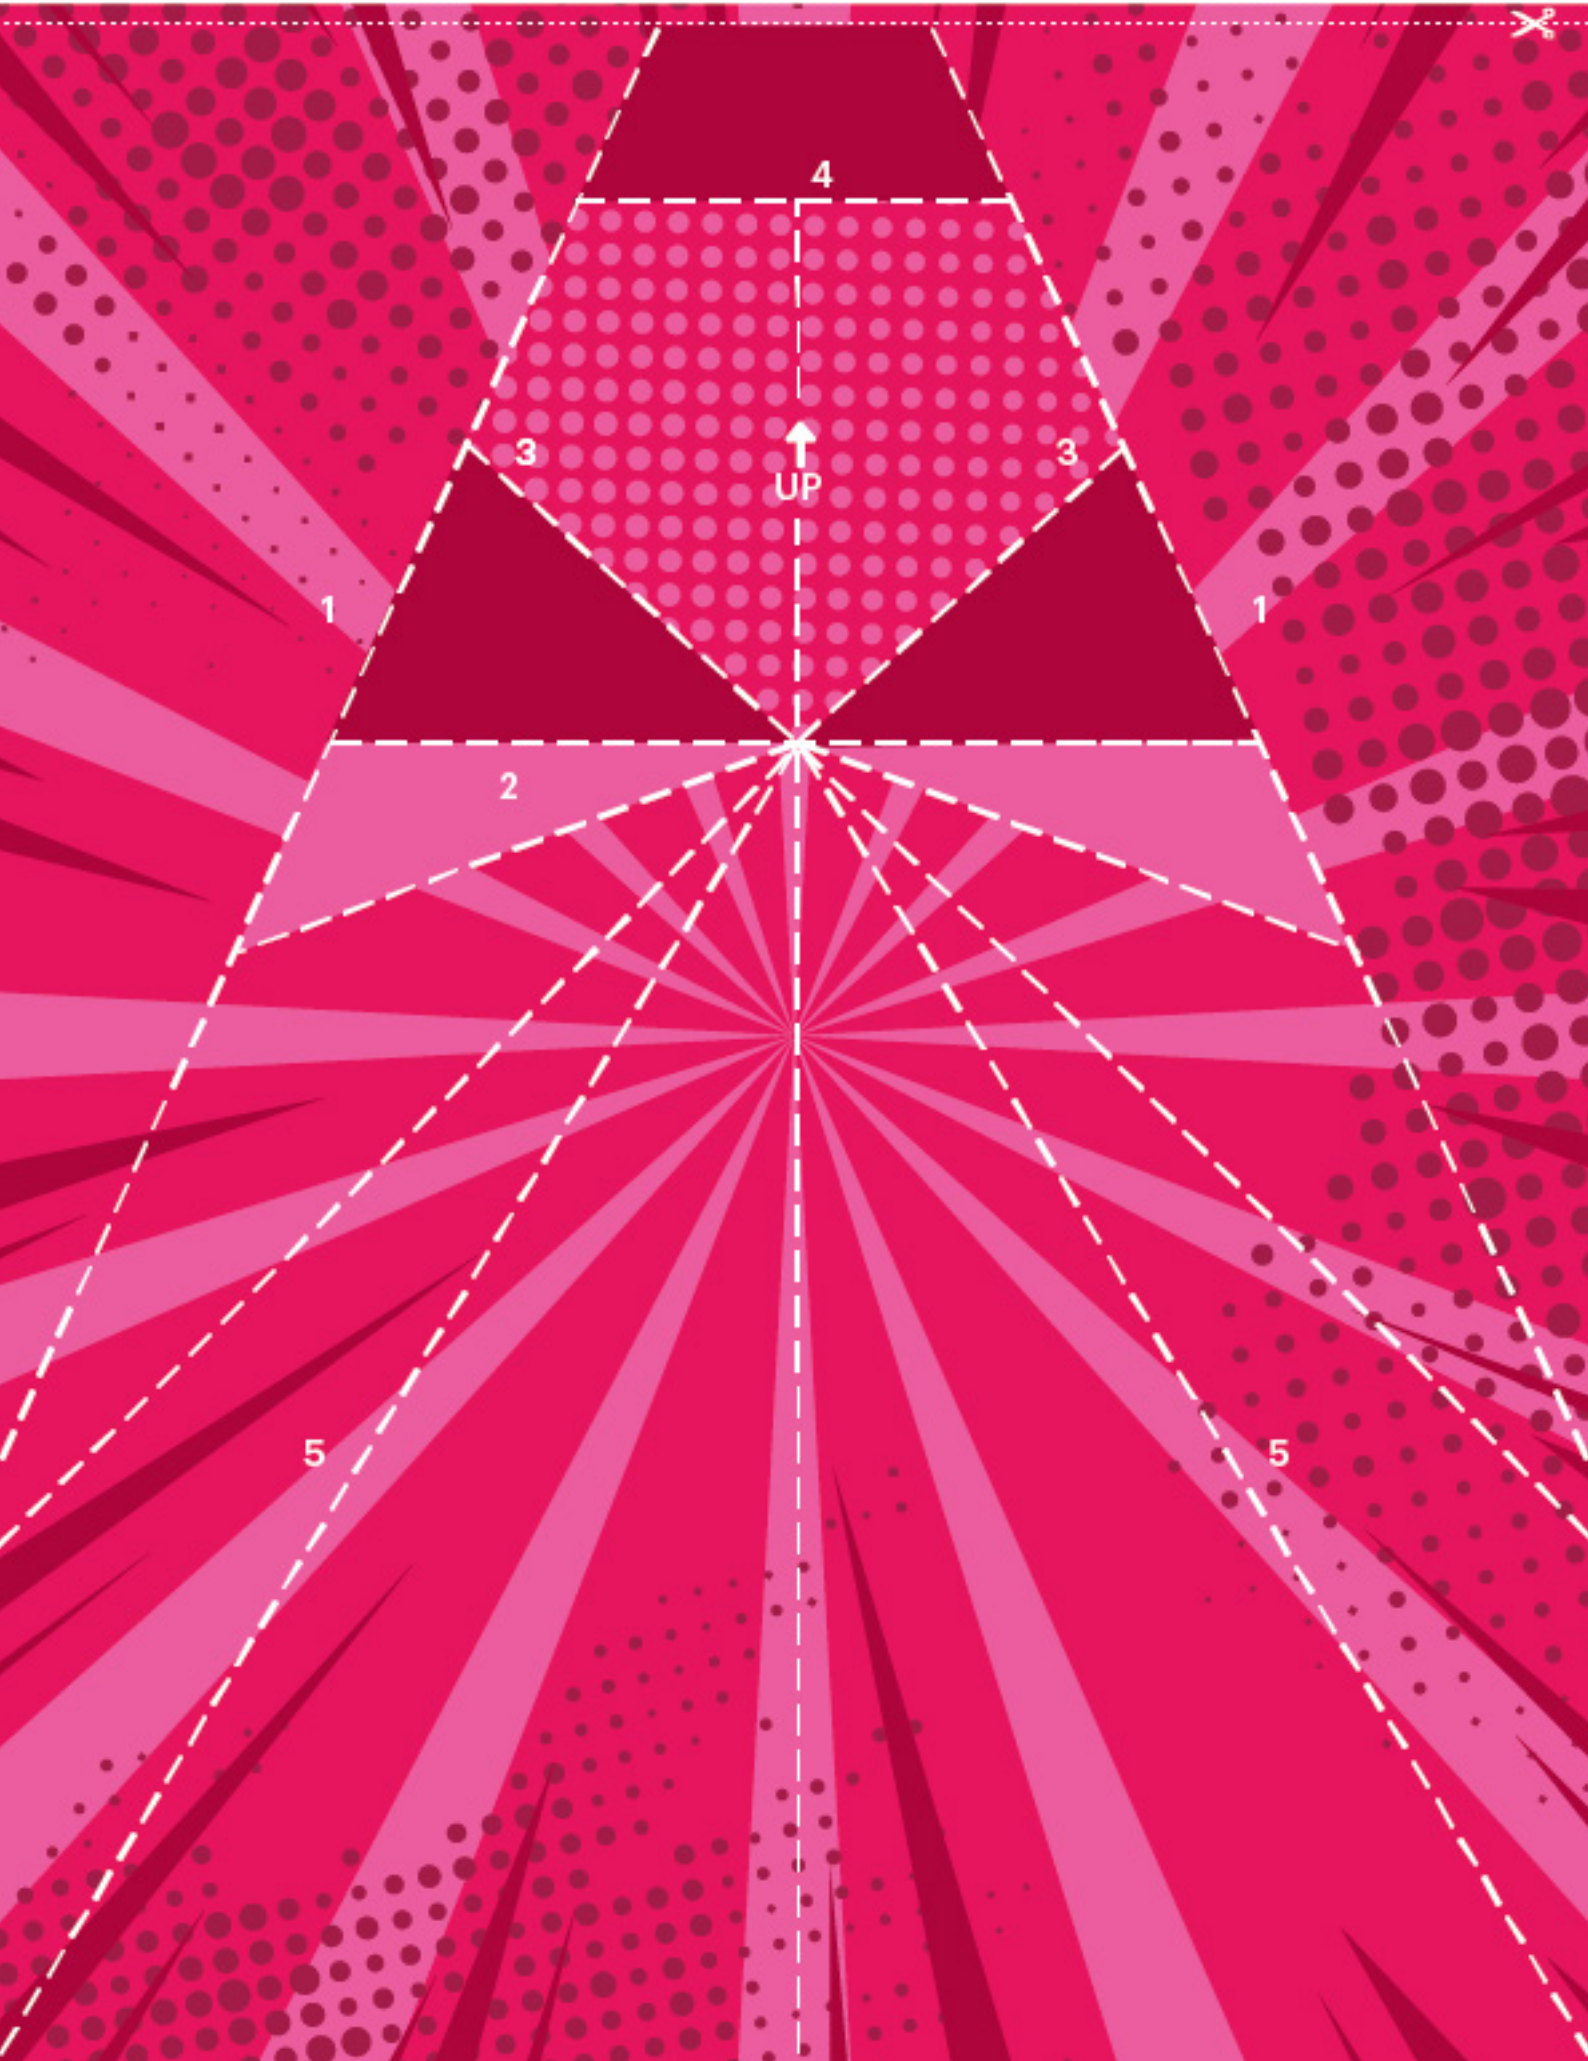

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

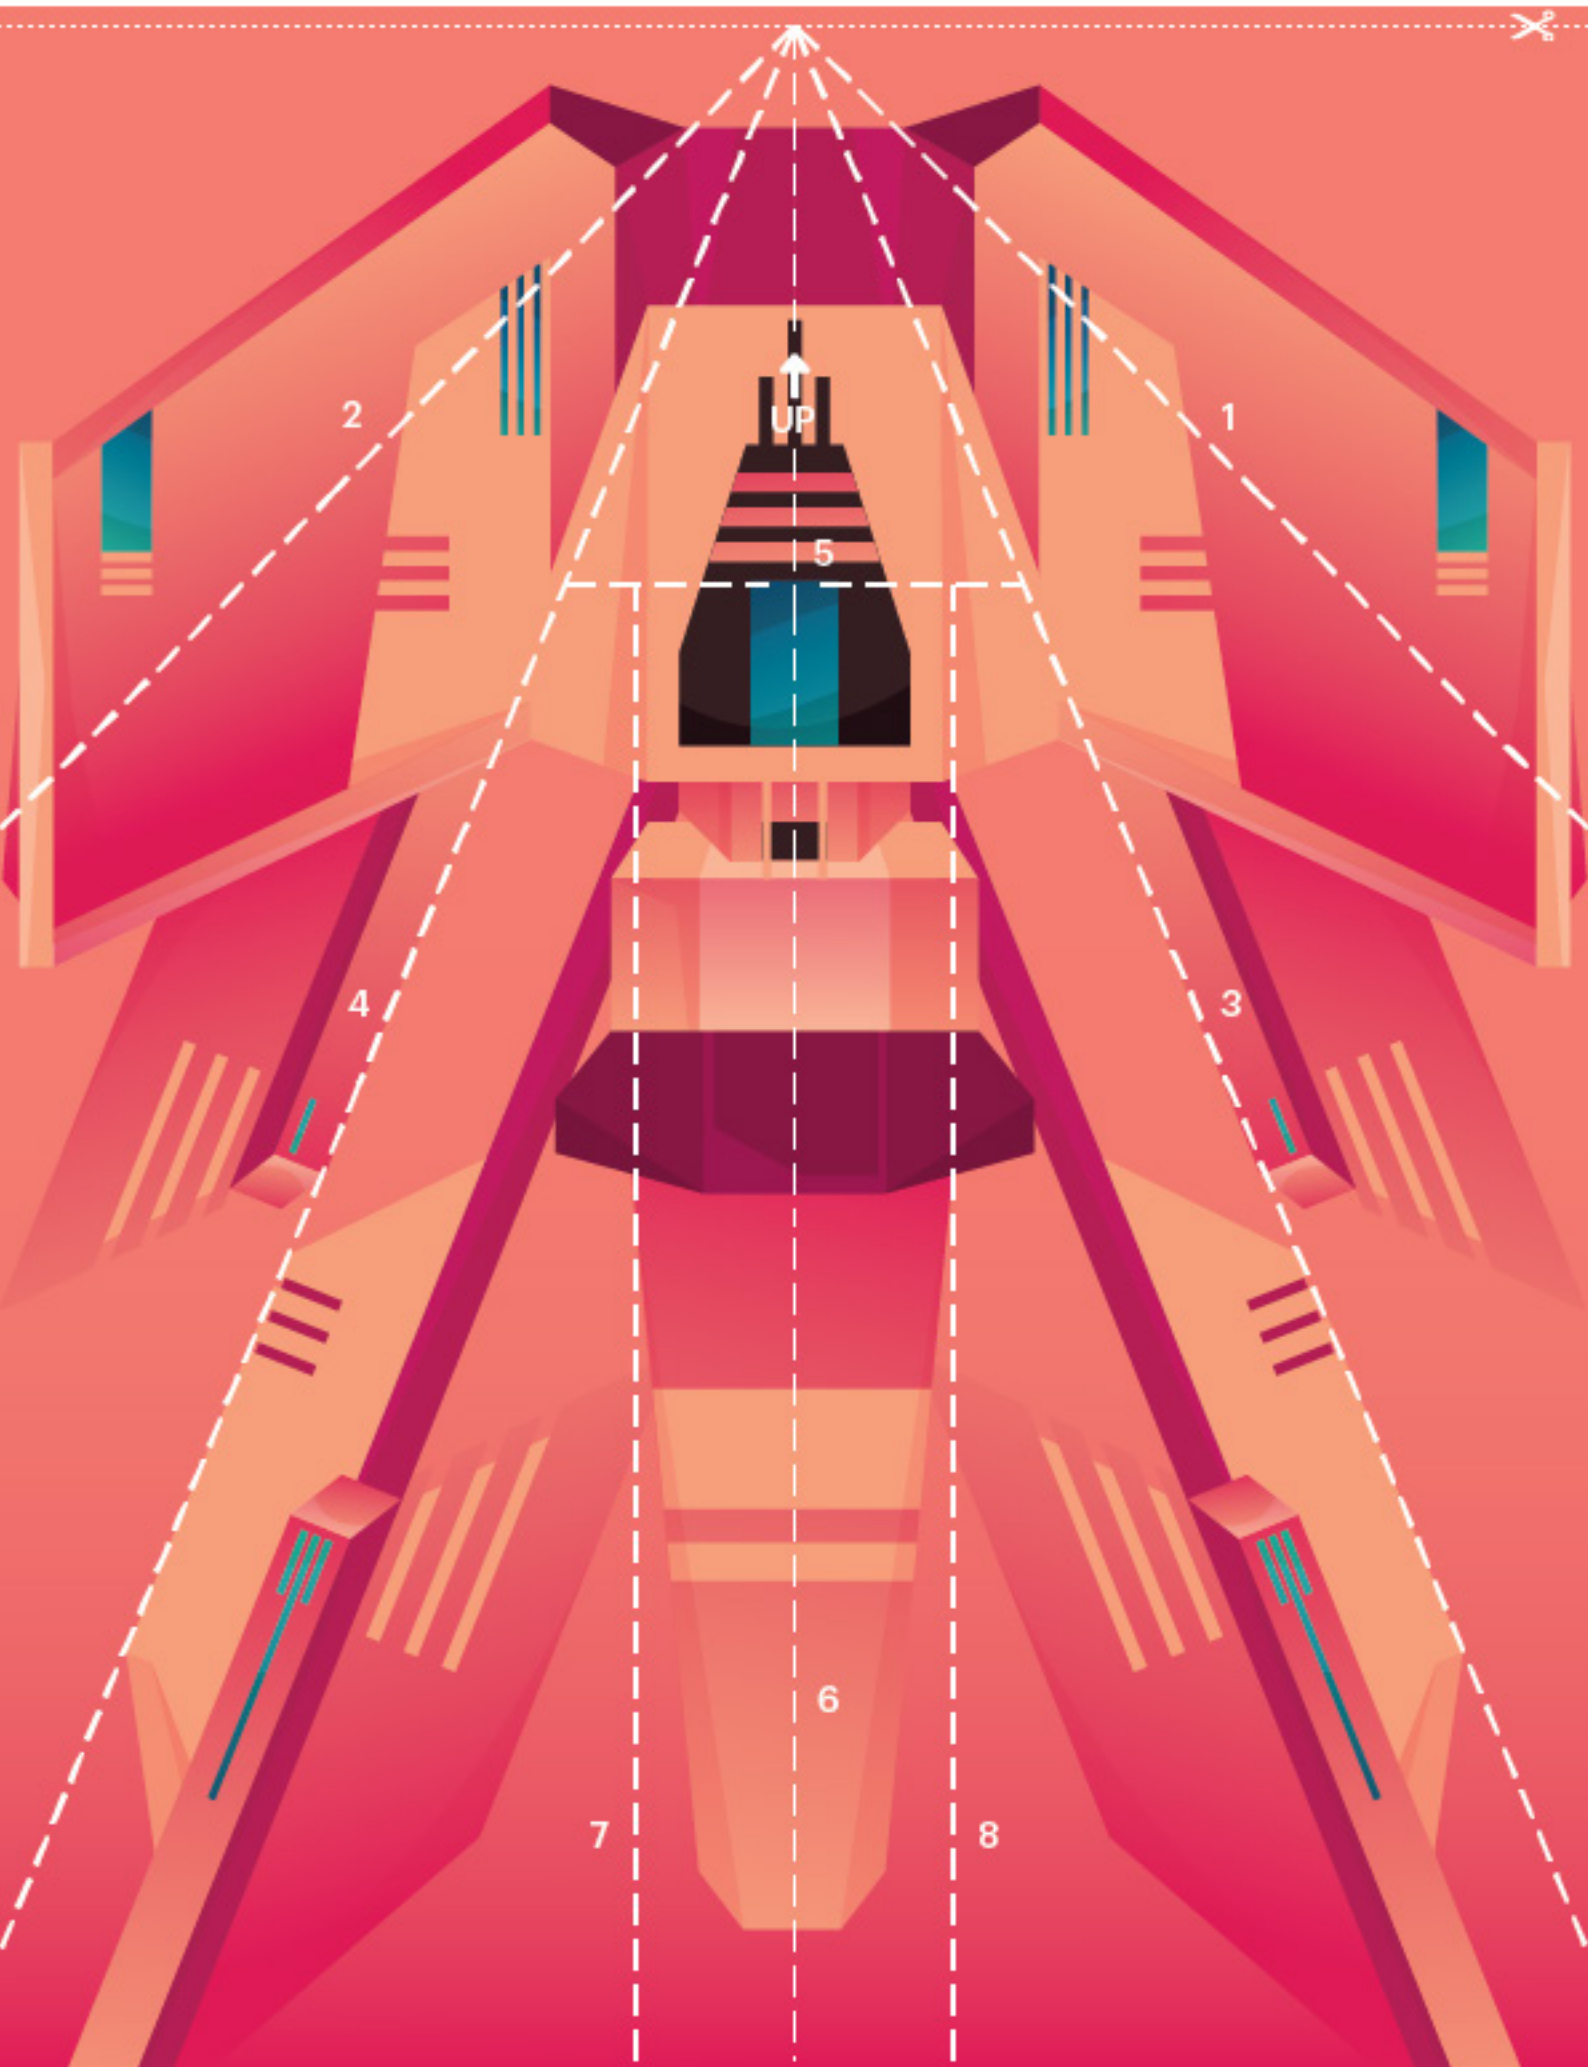

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

7 HAMMERHEAD

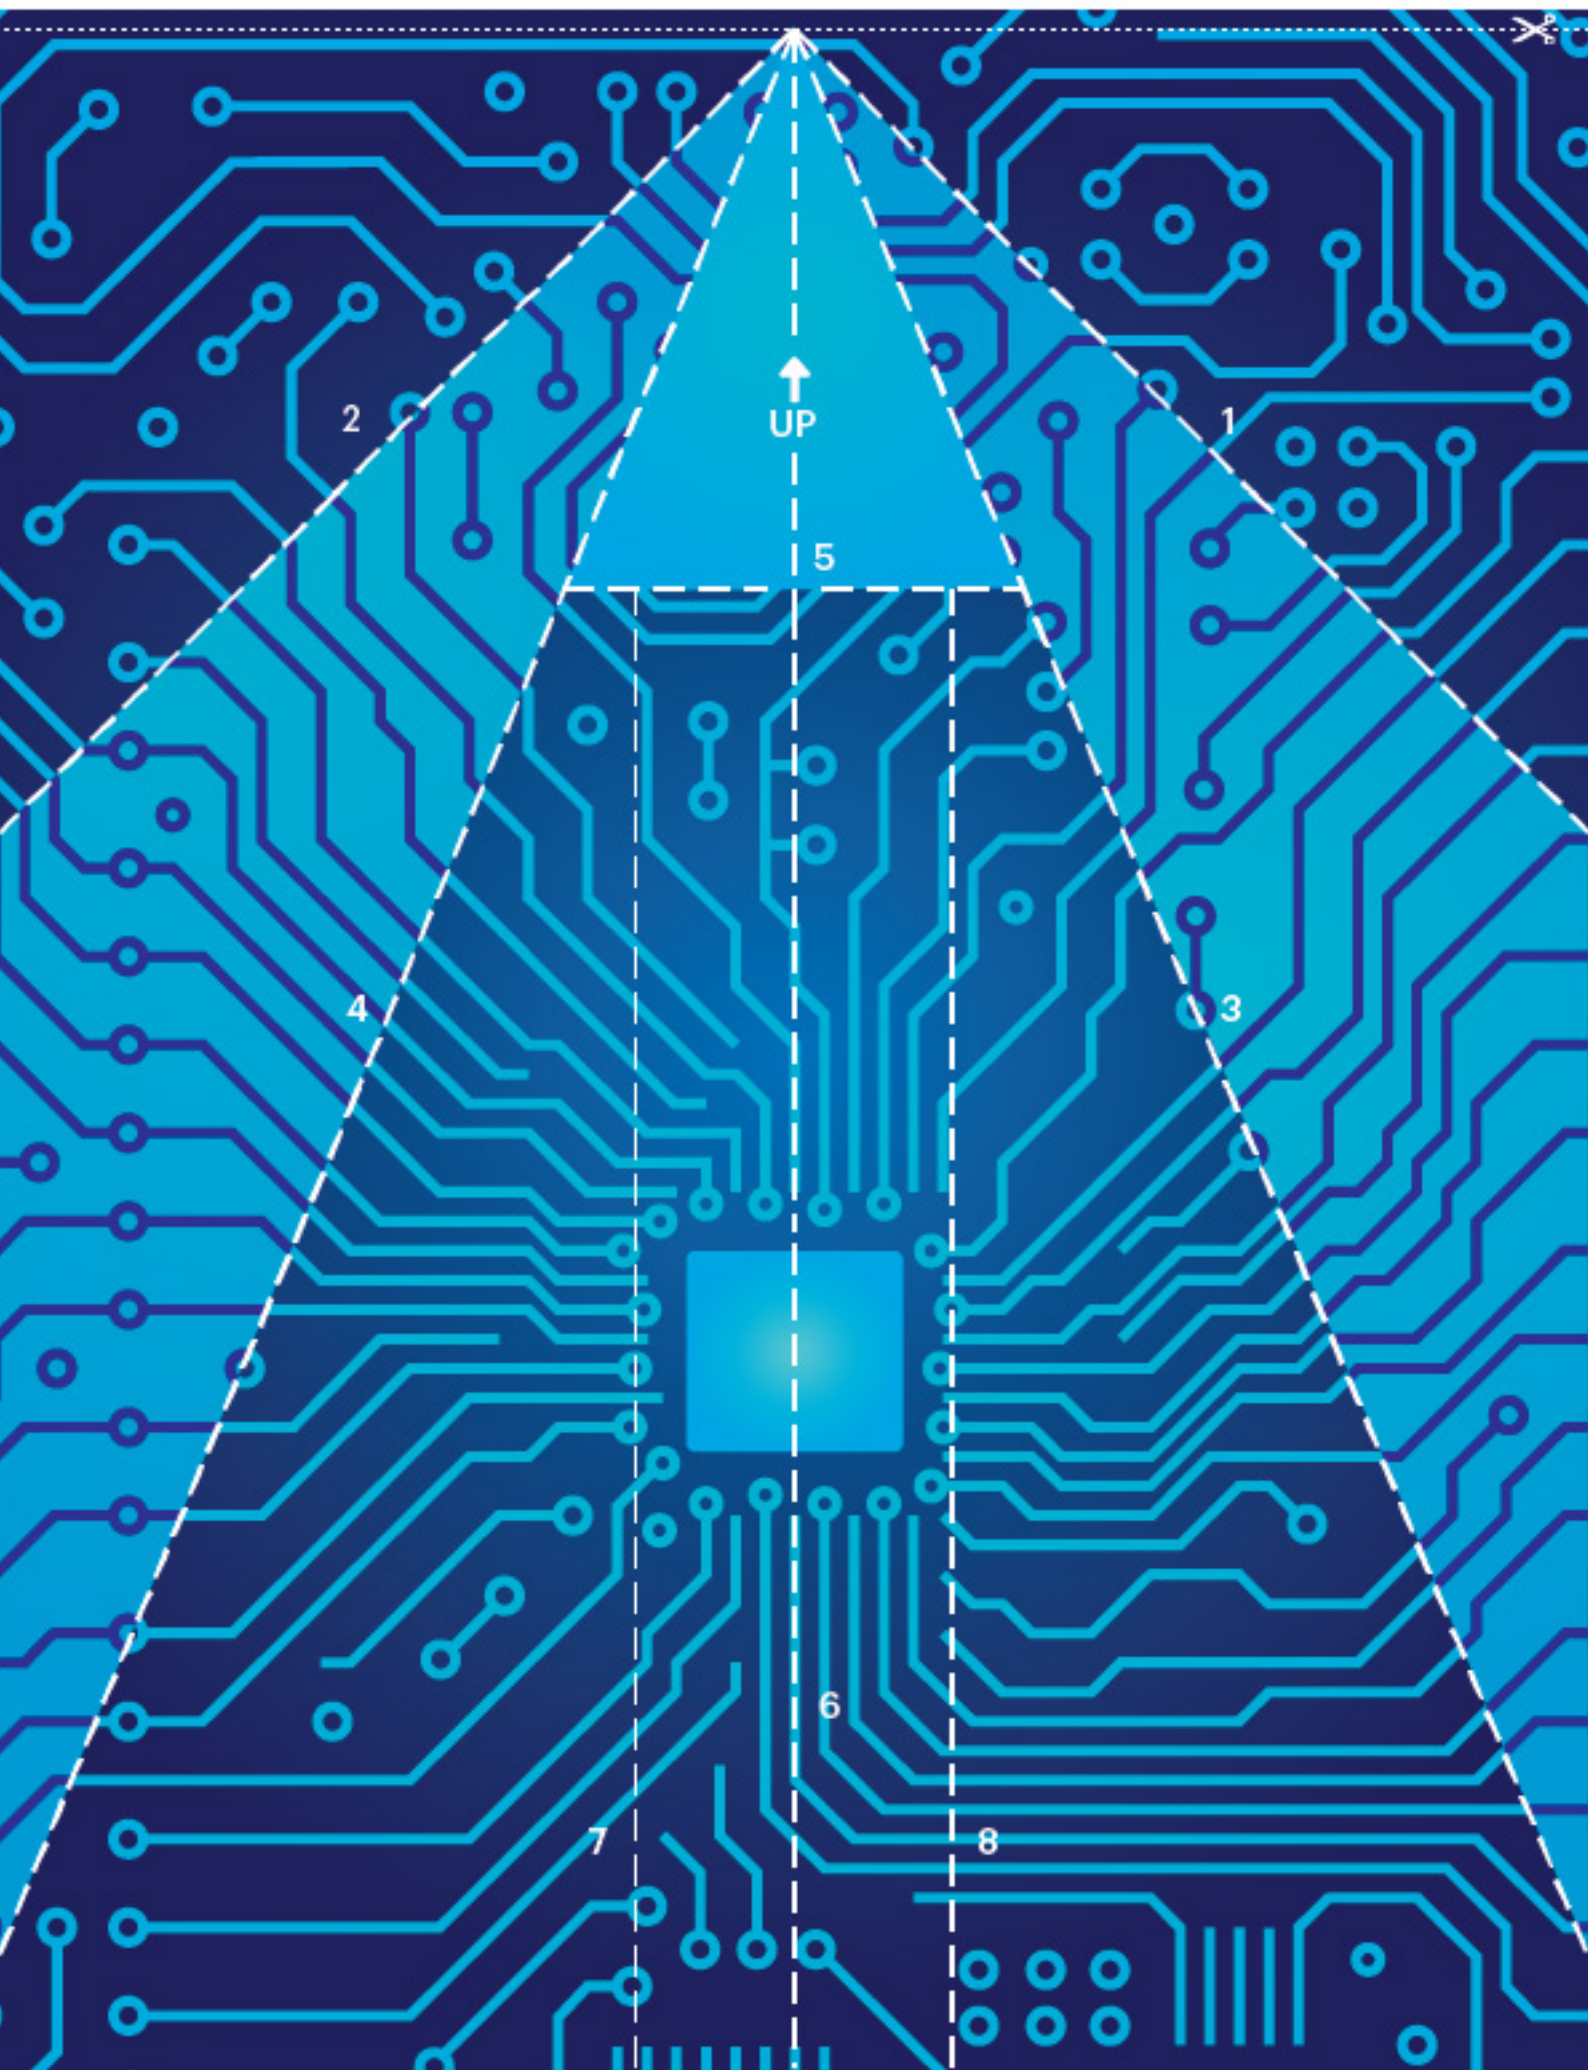

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

8 HAMMERHEAD

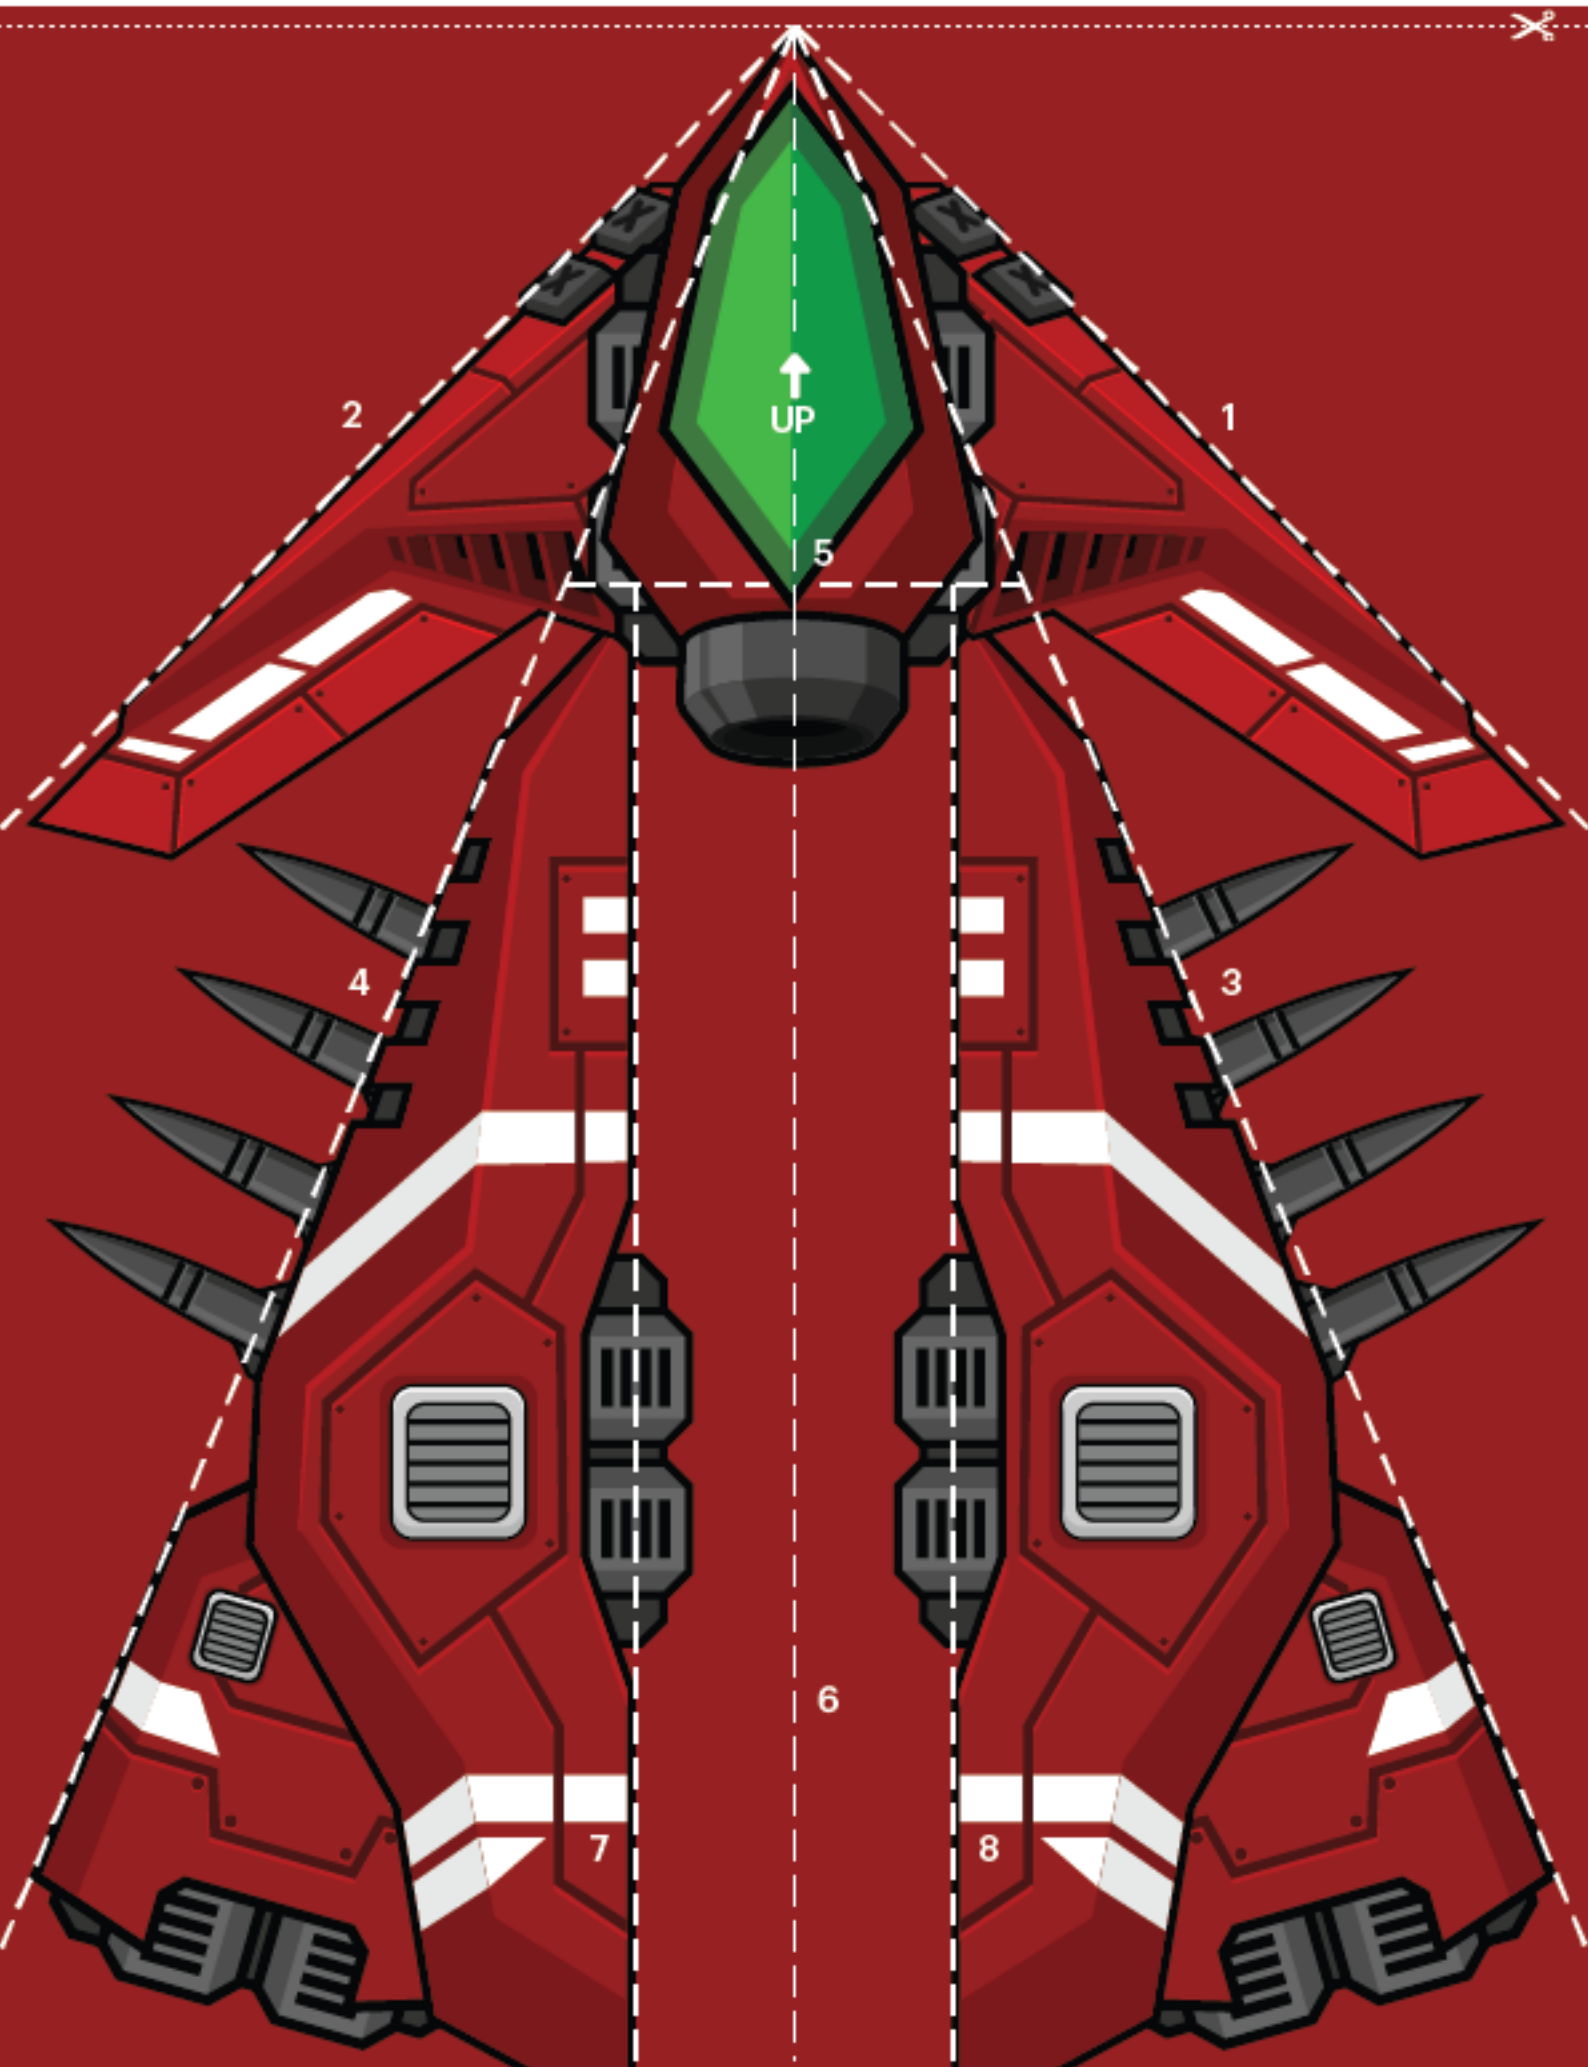

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

9 HAMMERHEAD

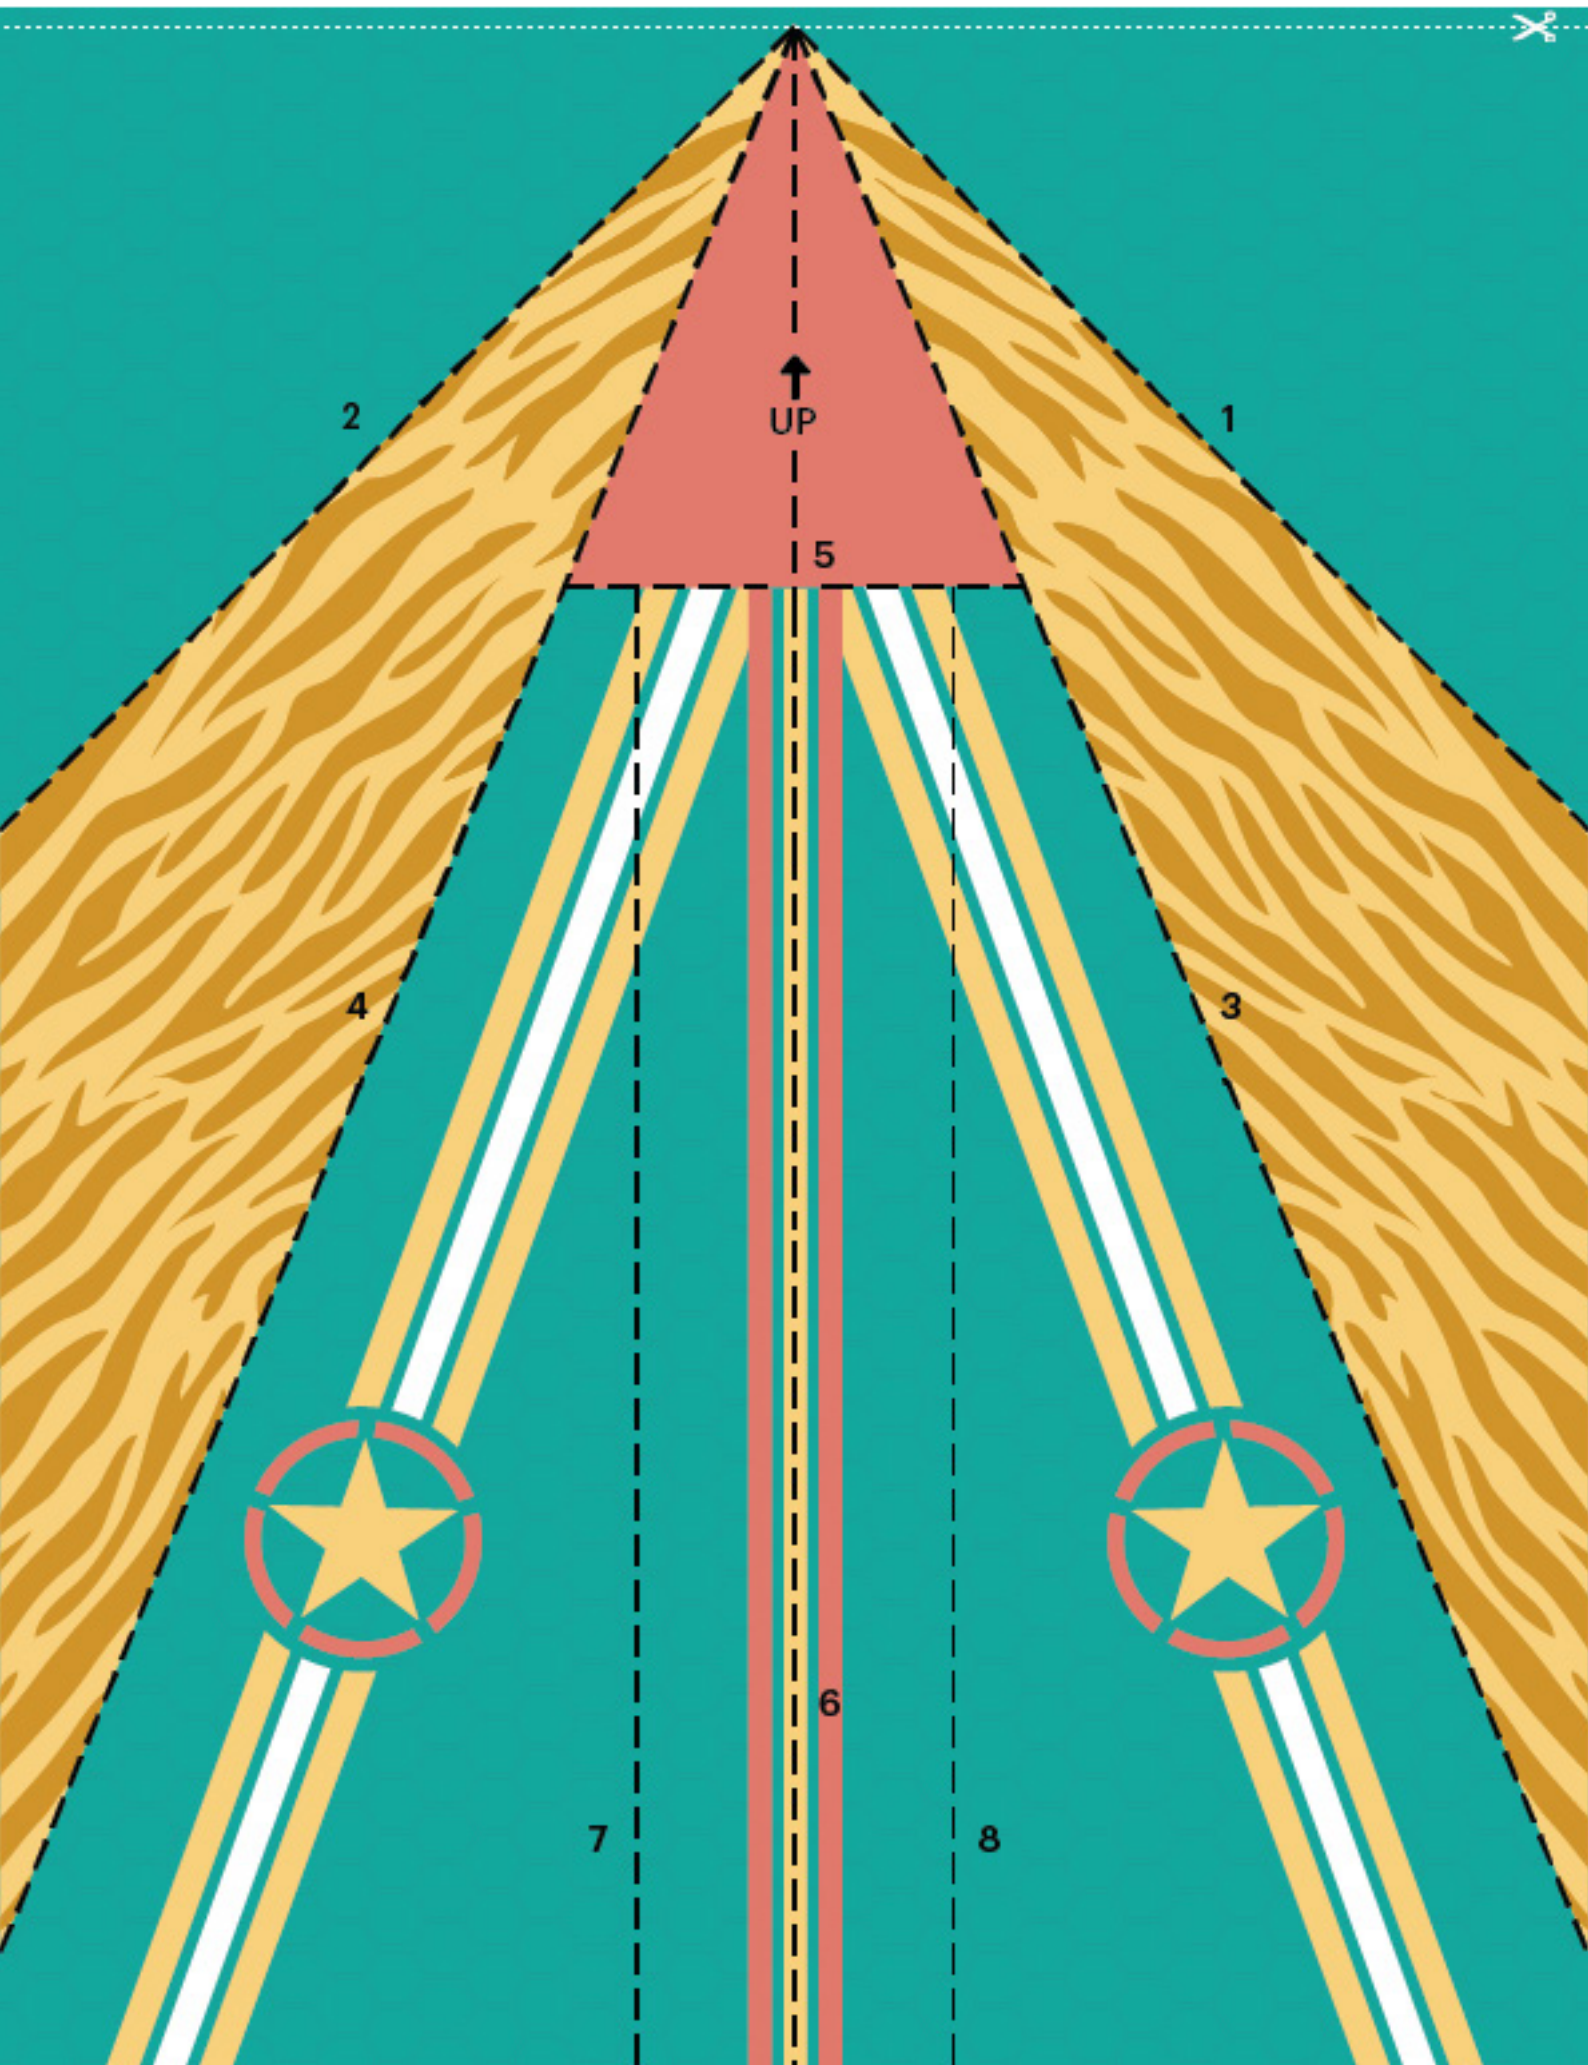

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

11 HAMMERHEAD

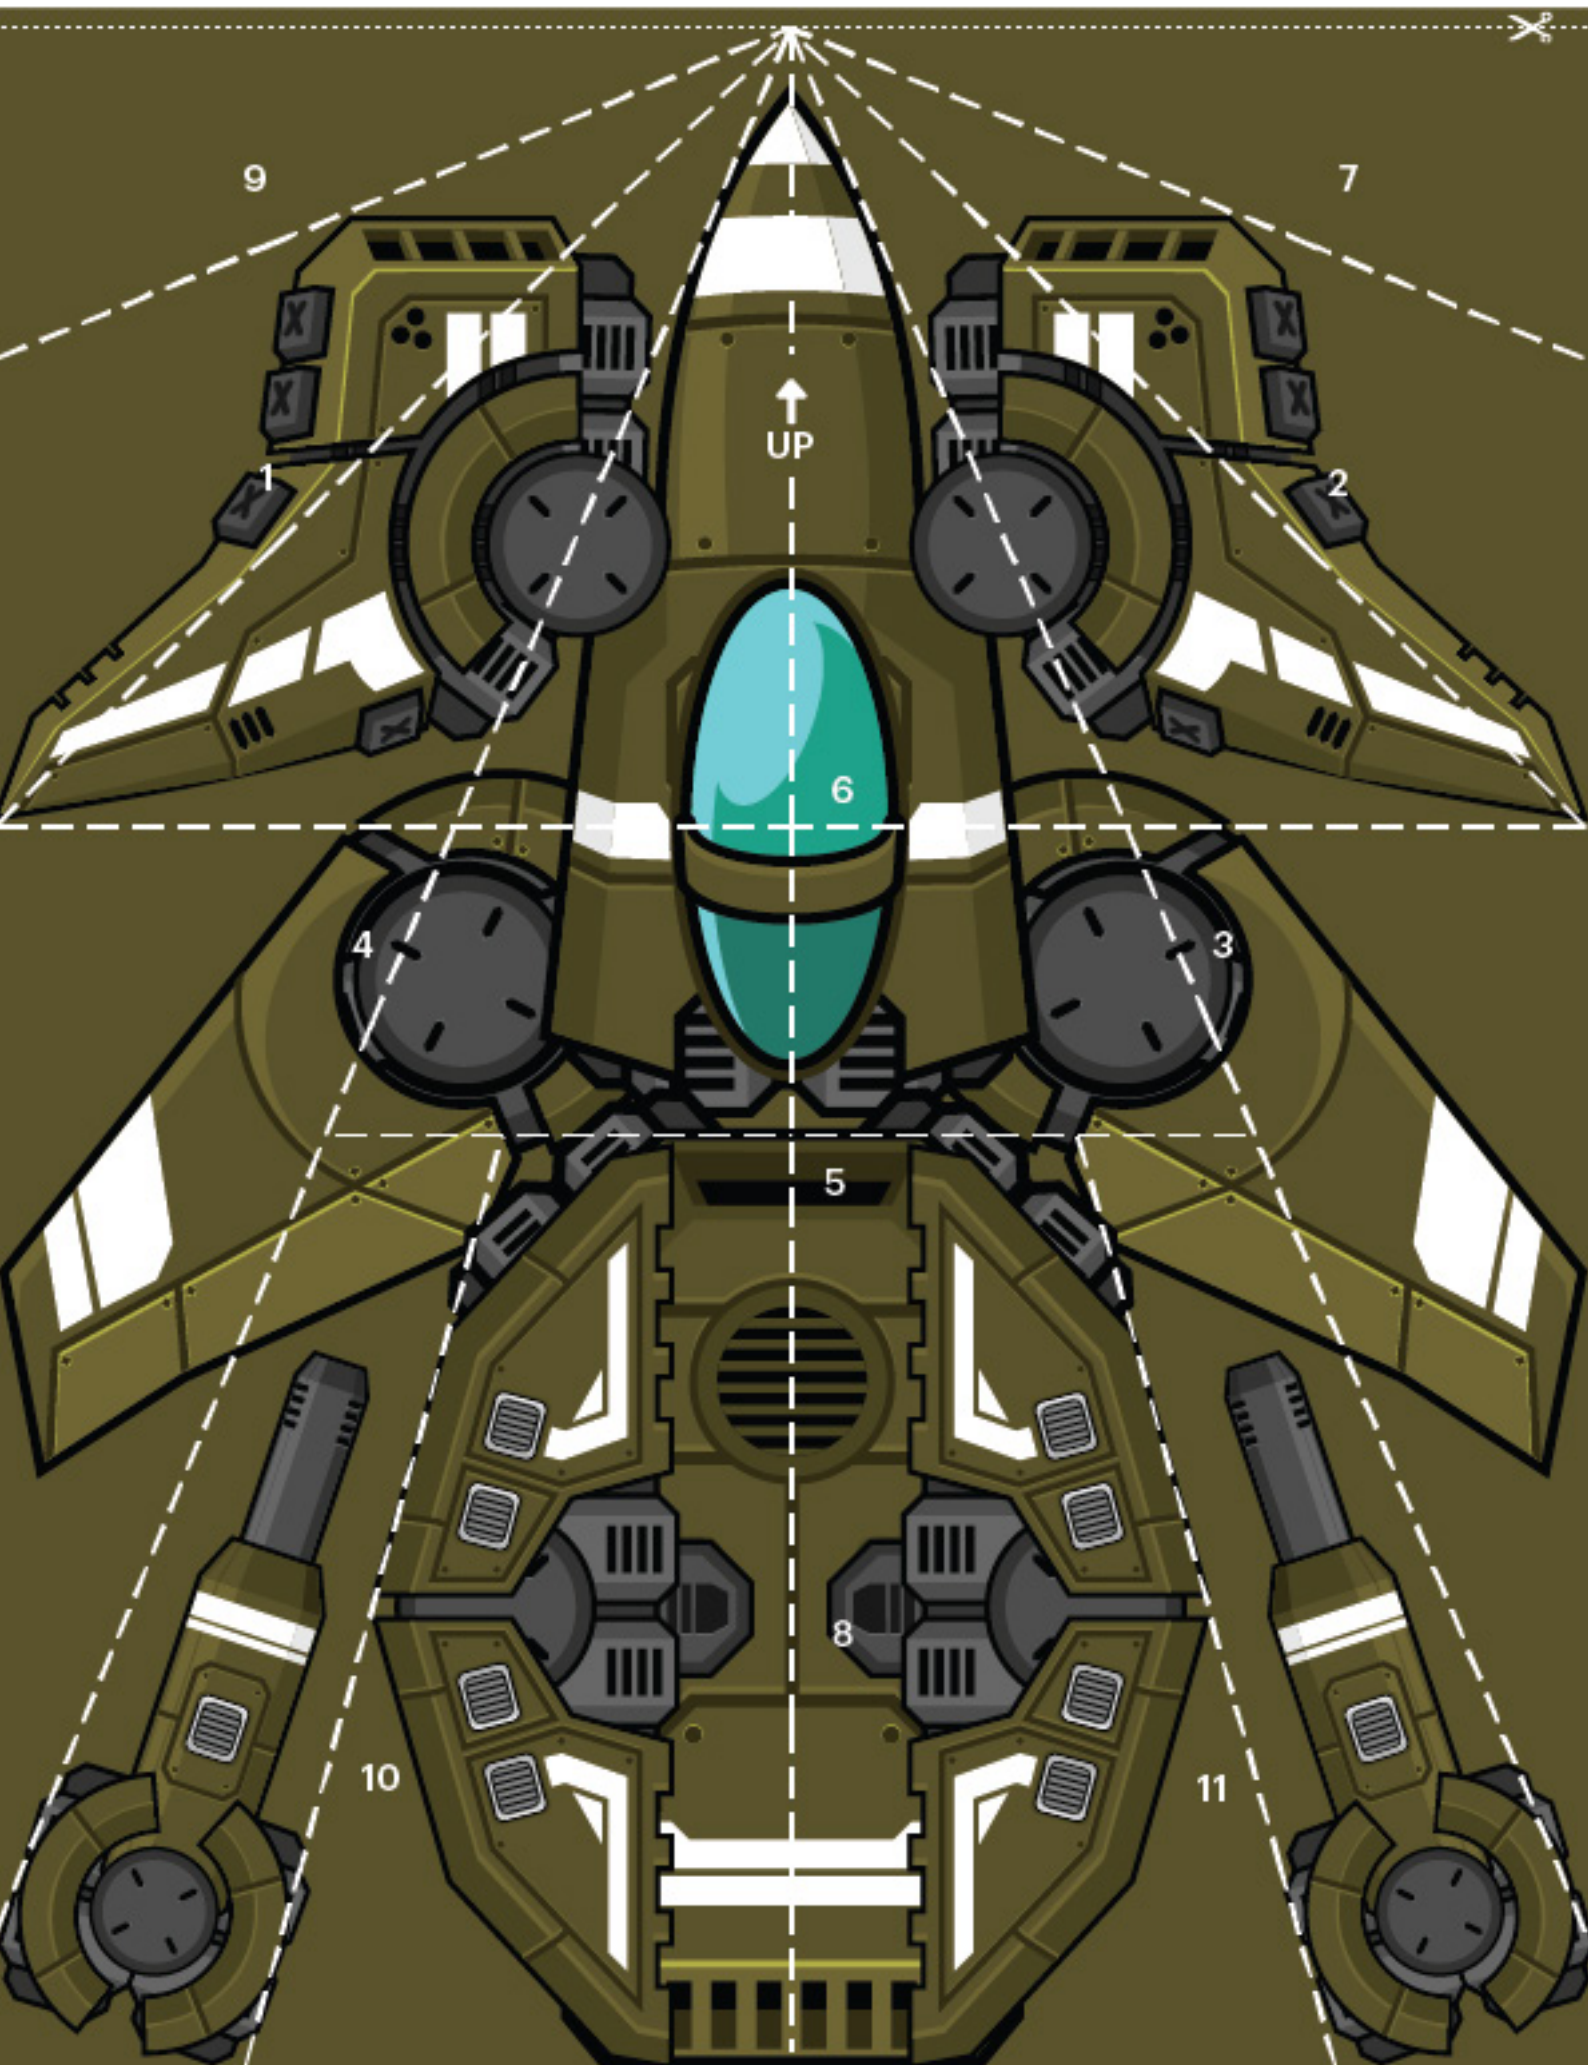

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

14 HORNET

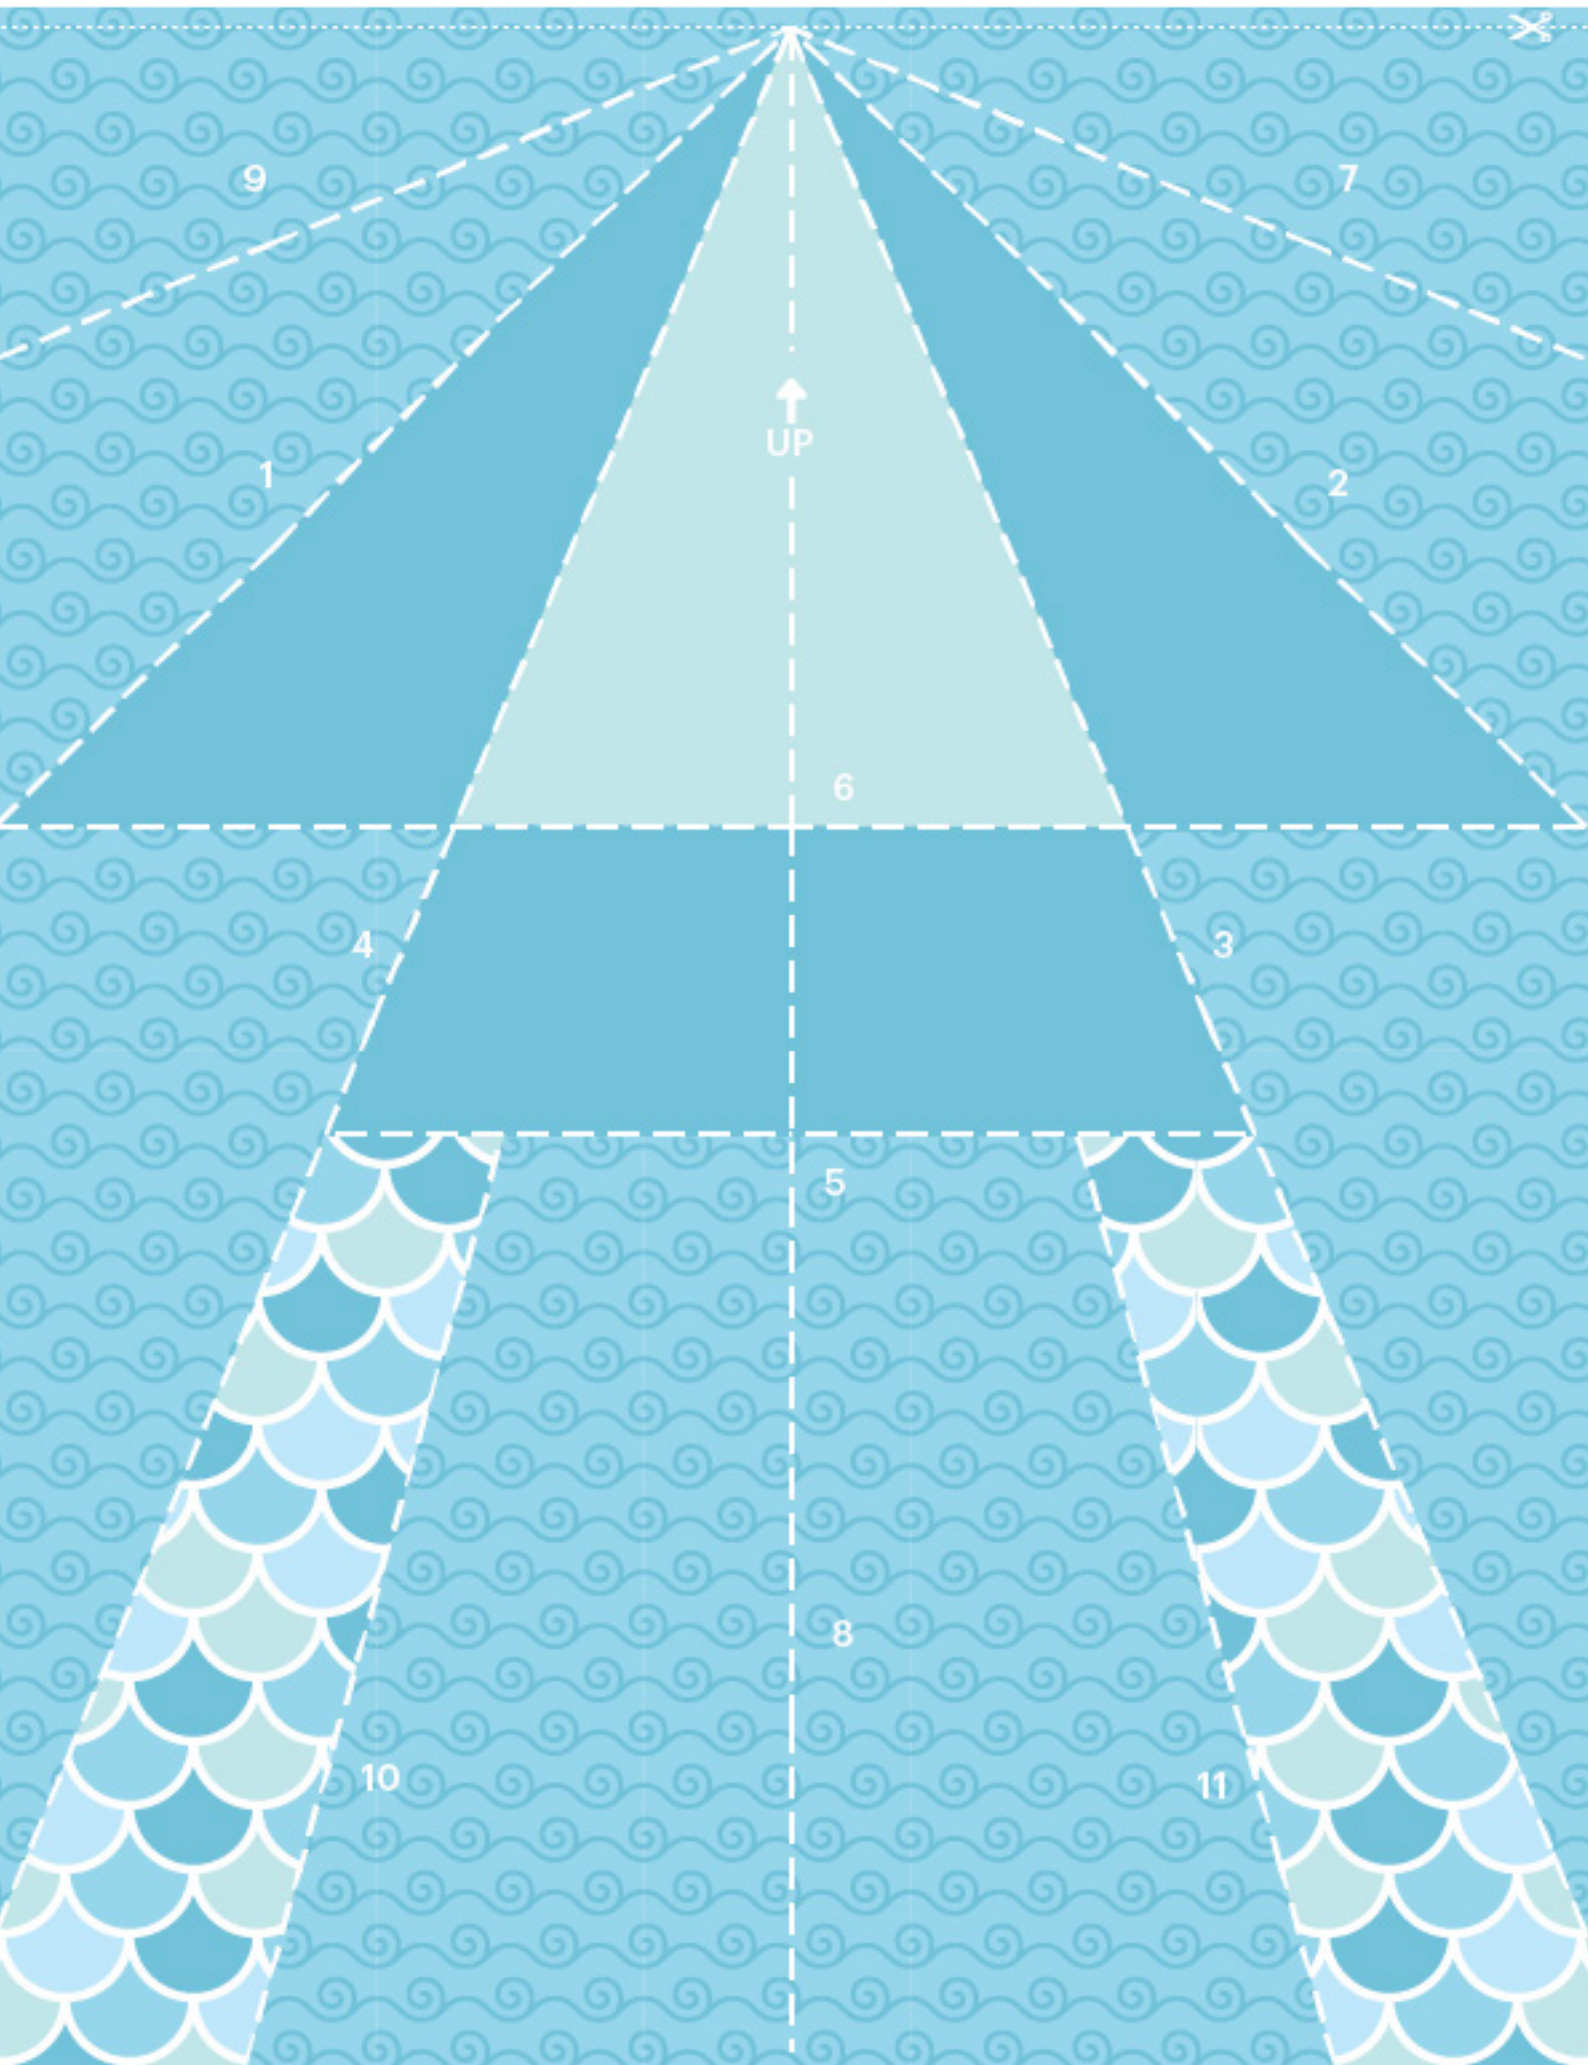

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

15 HORNET

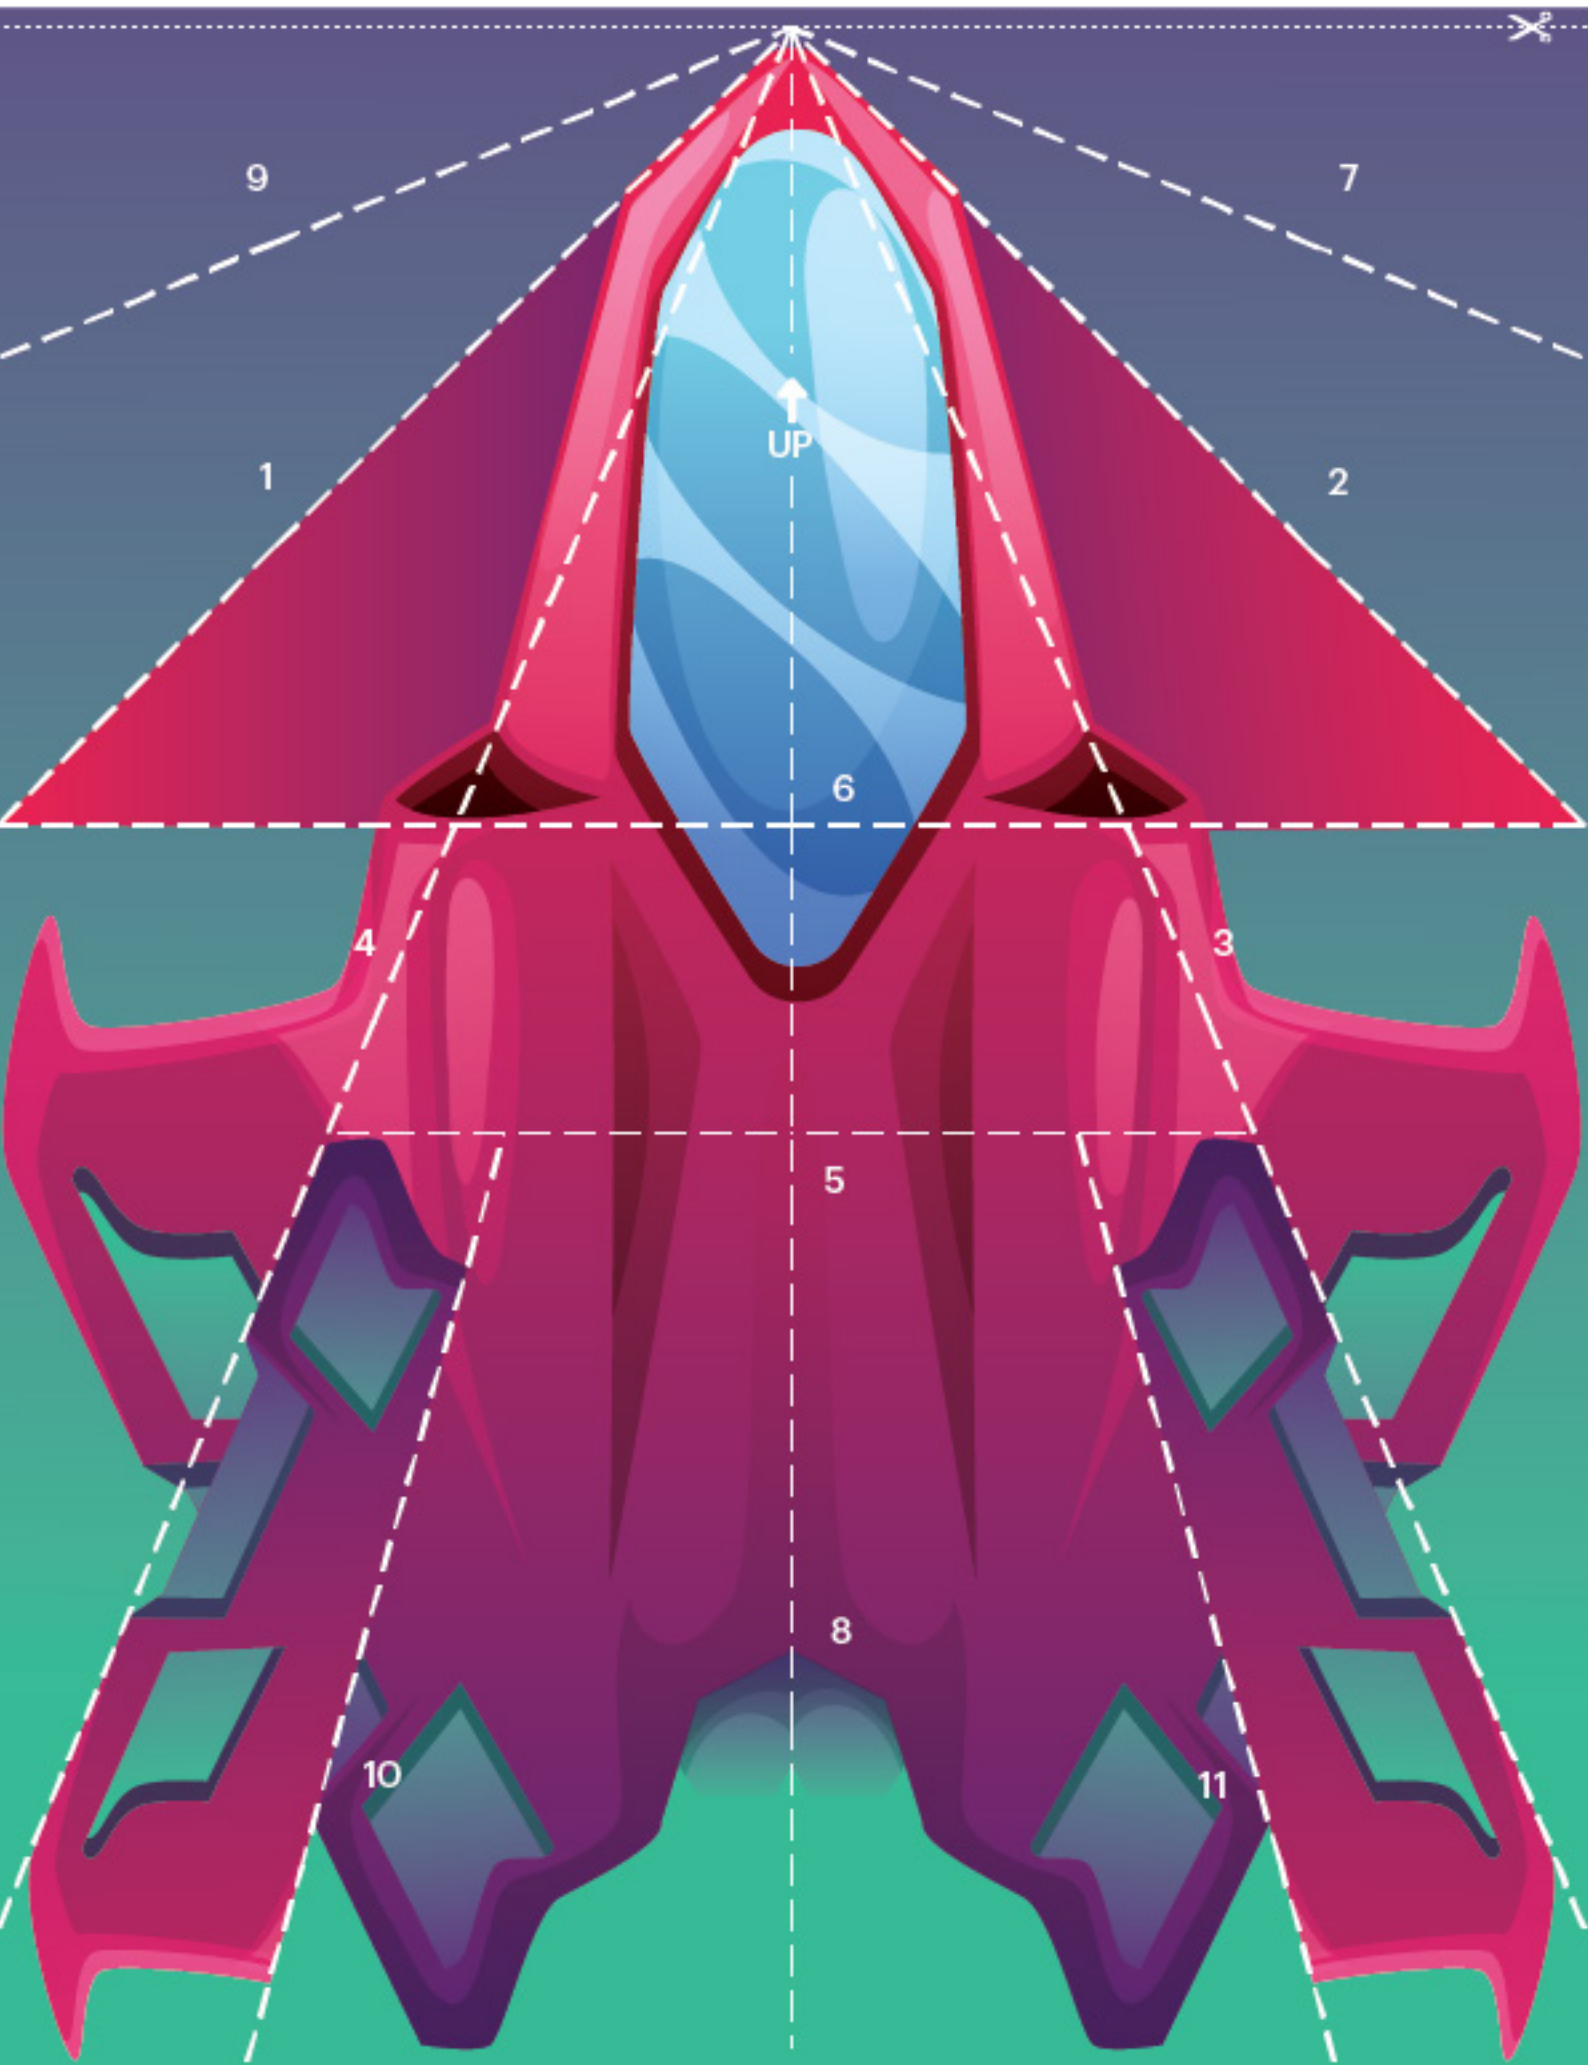

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

16 HORNET

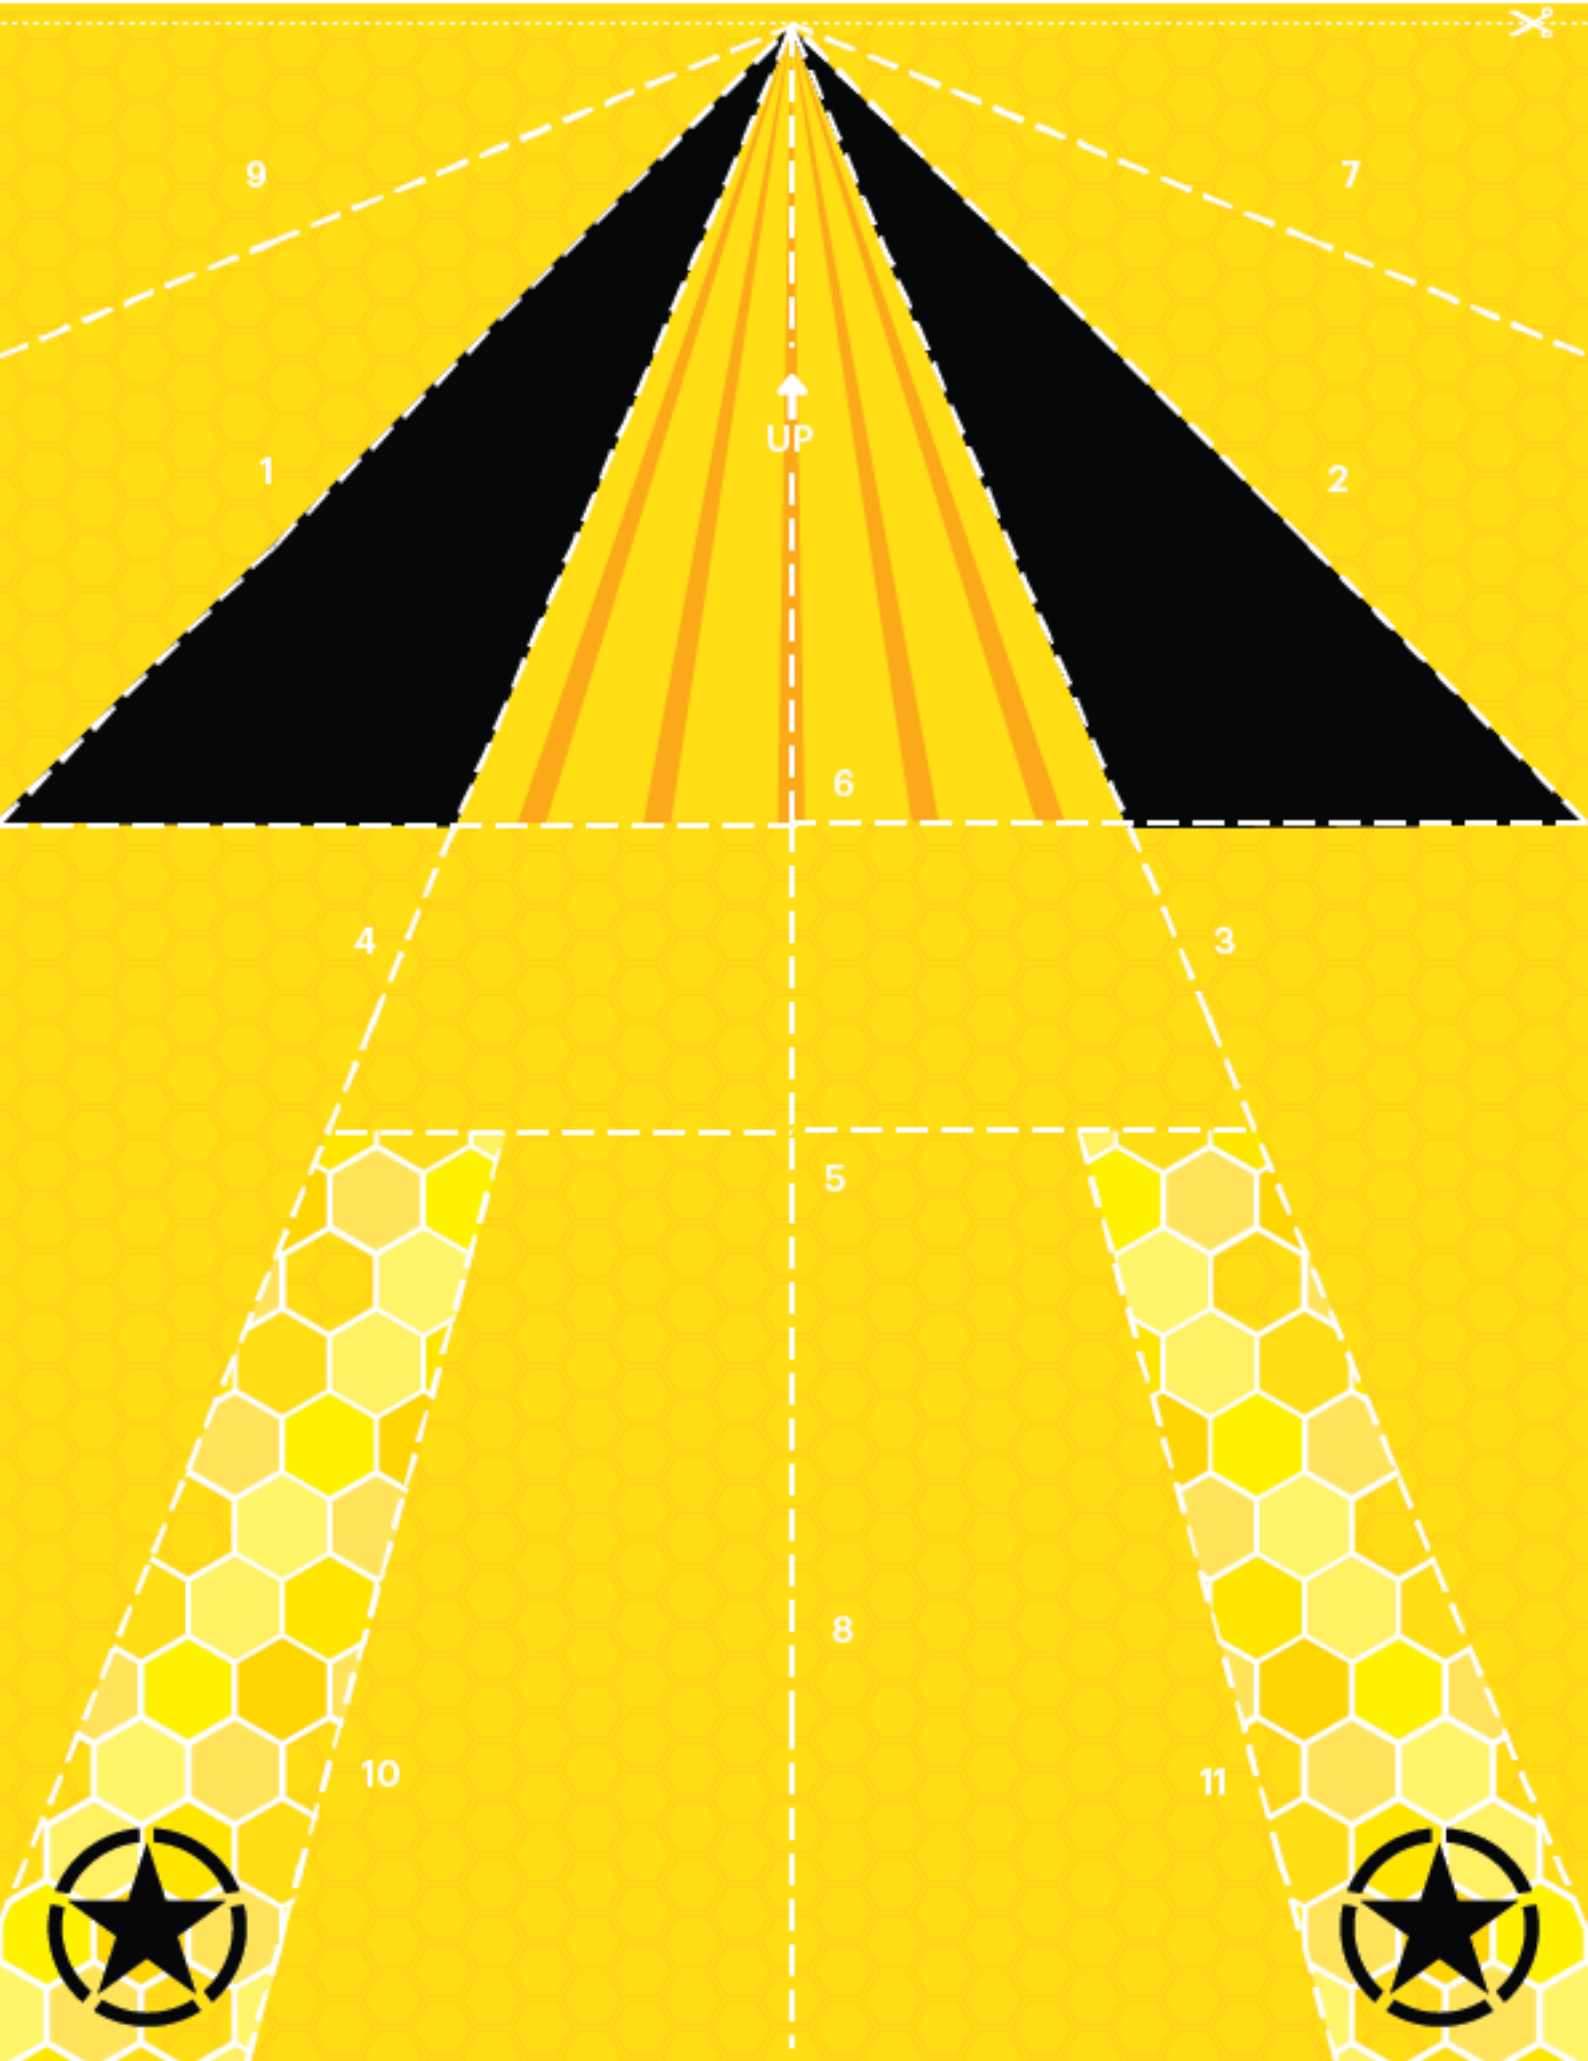

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

17 HORNET

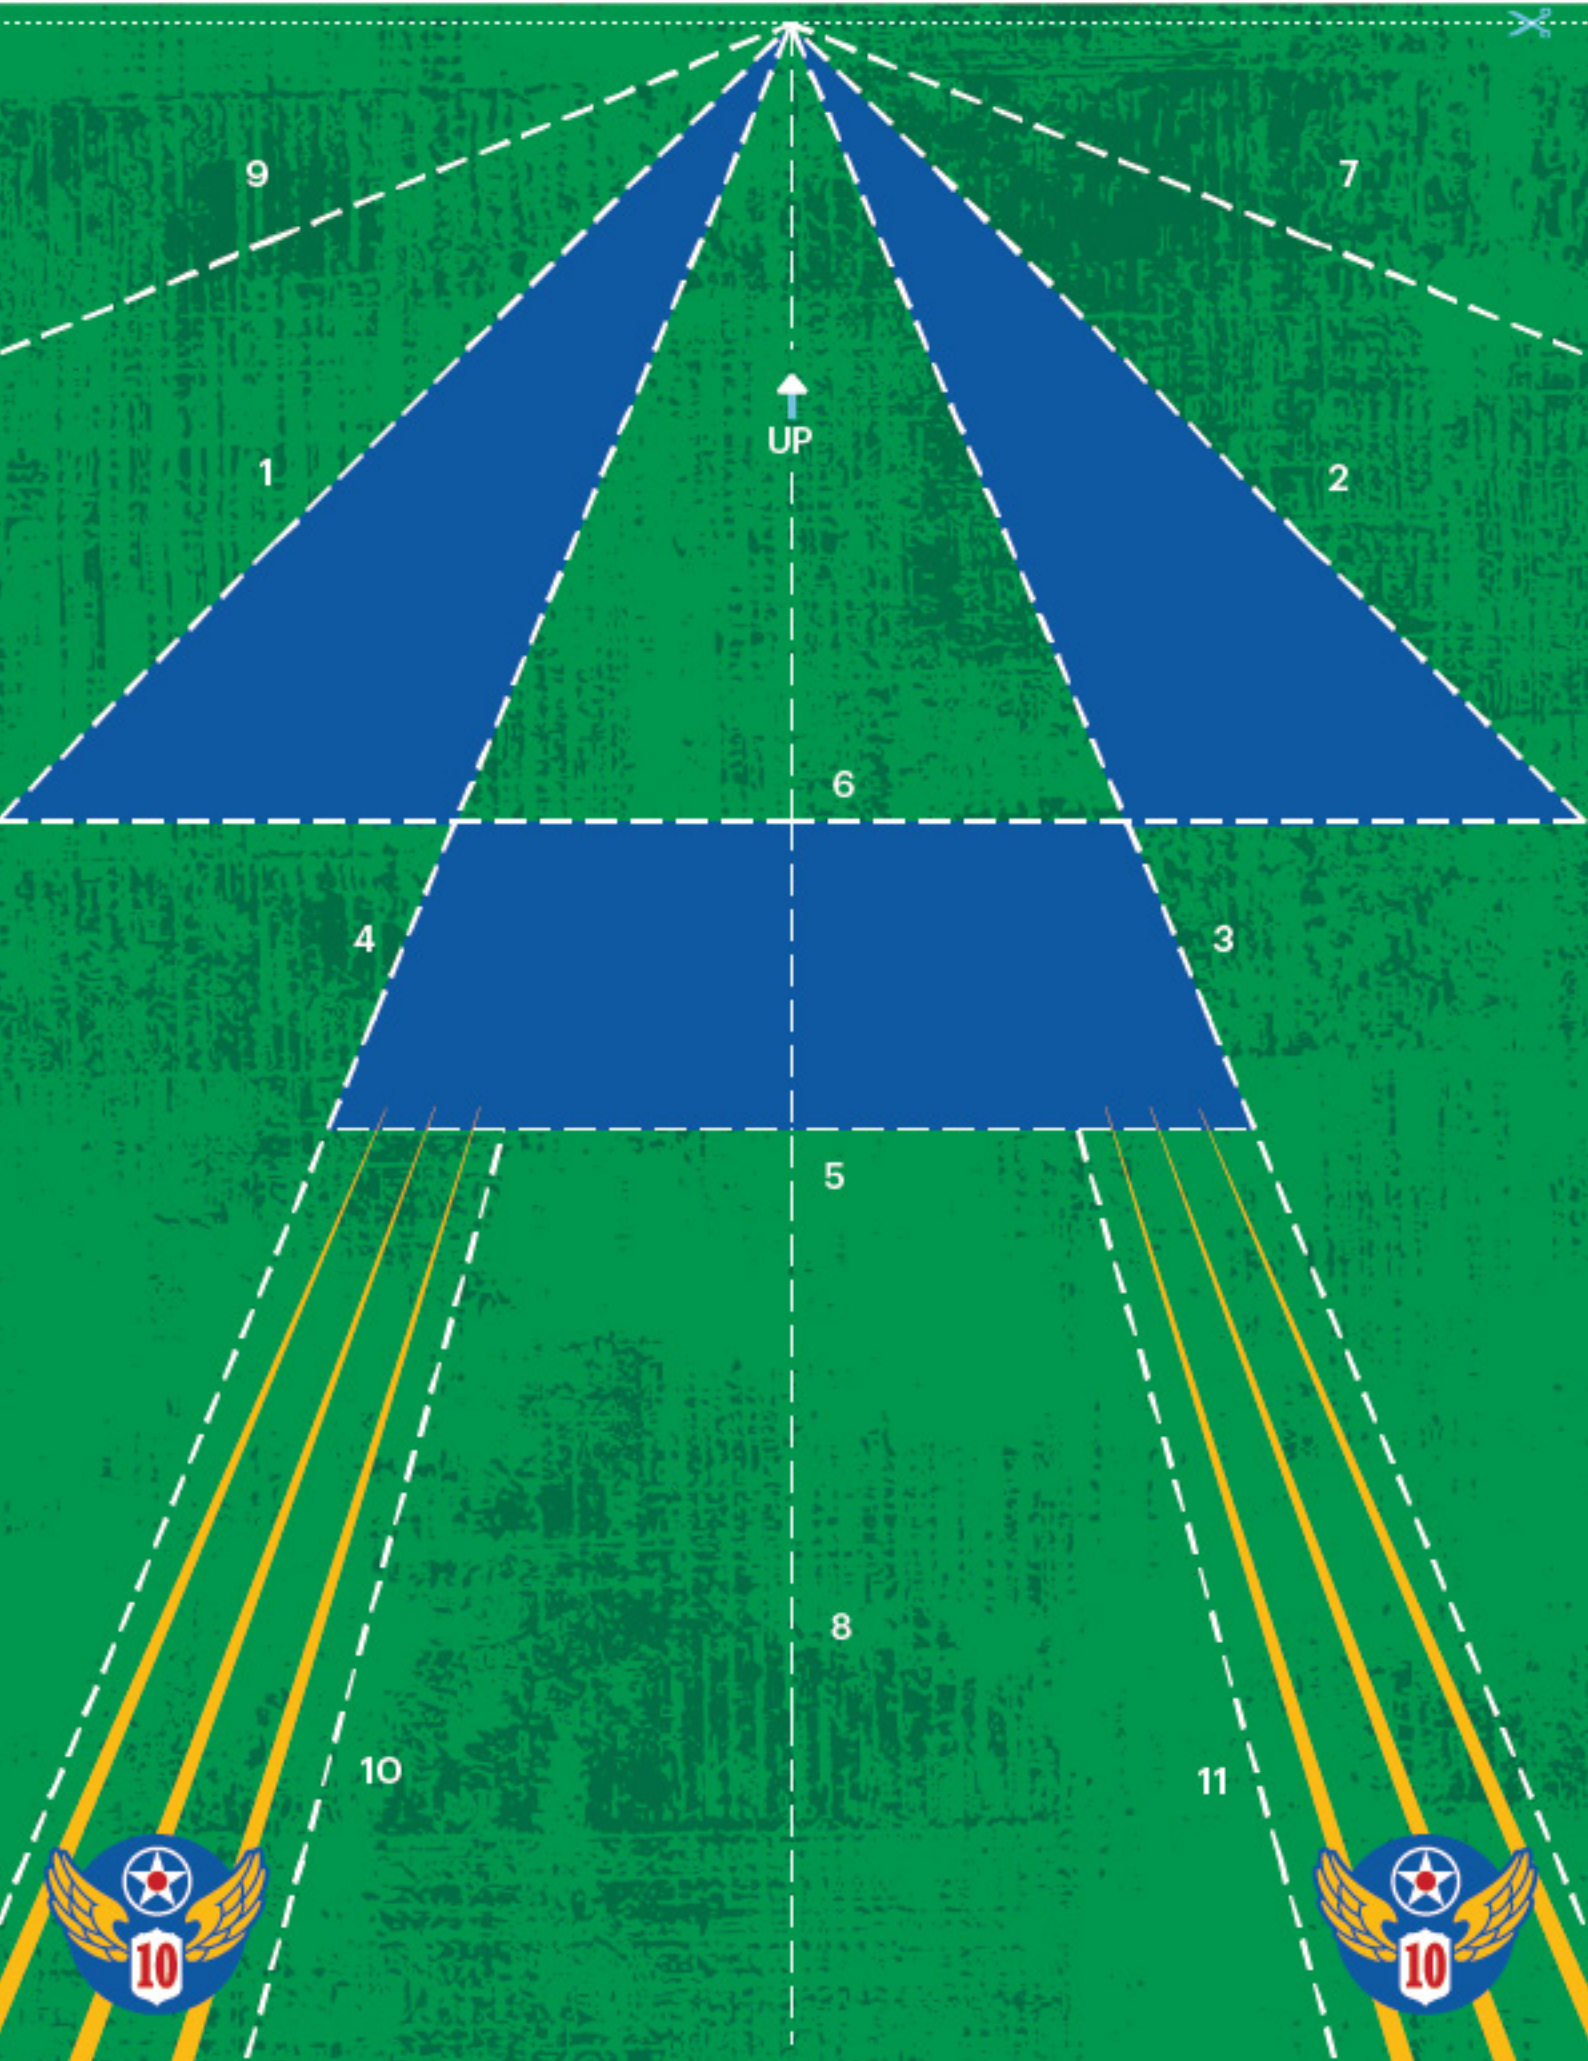

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

19 FIGHTER

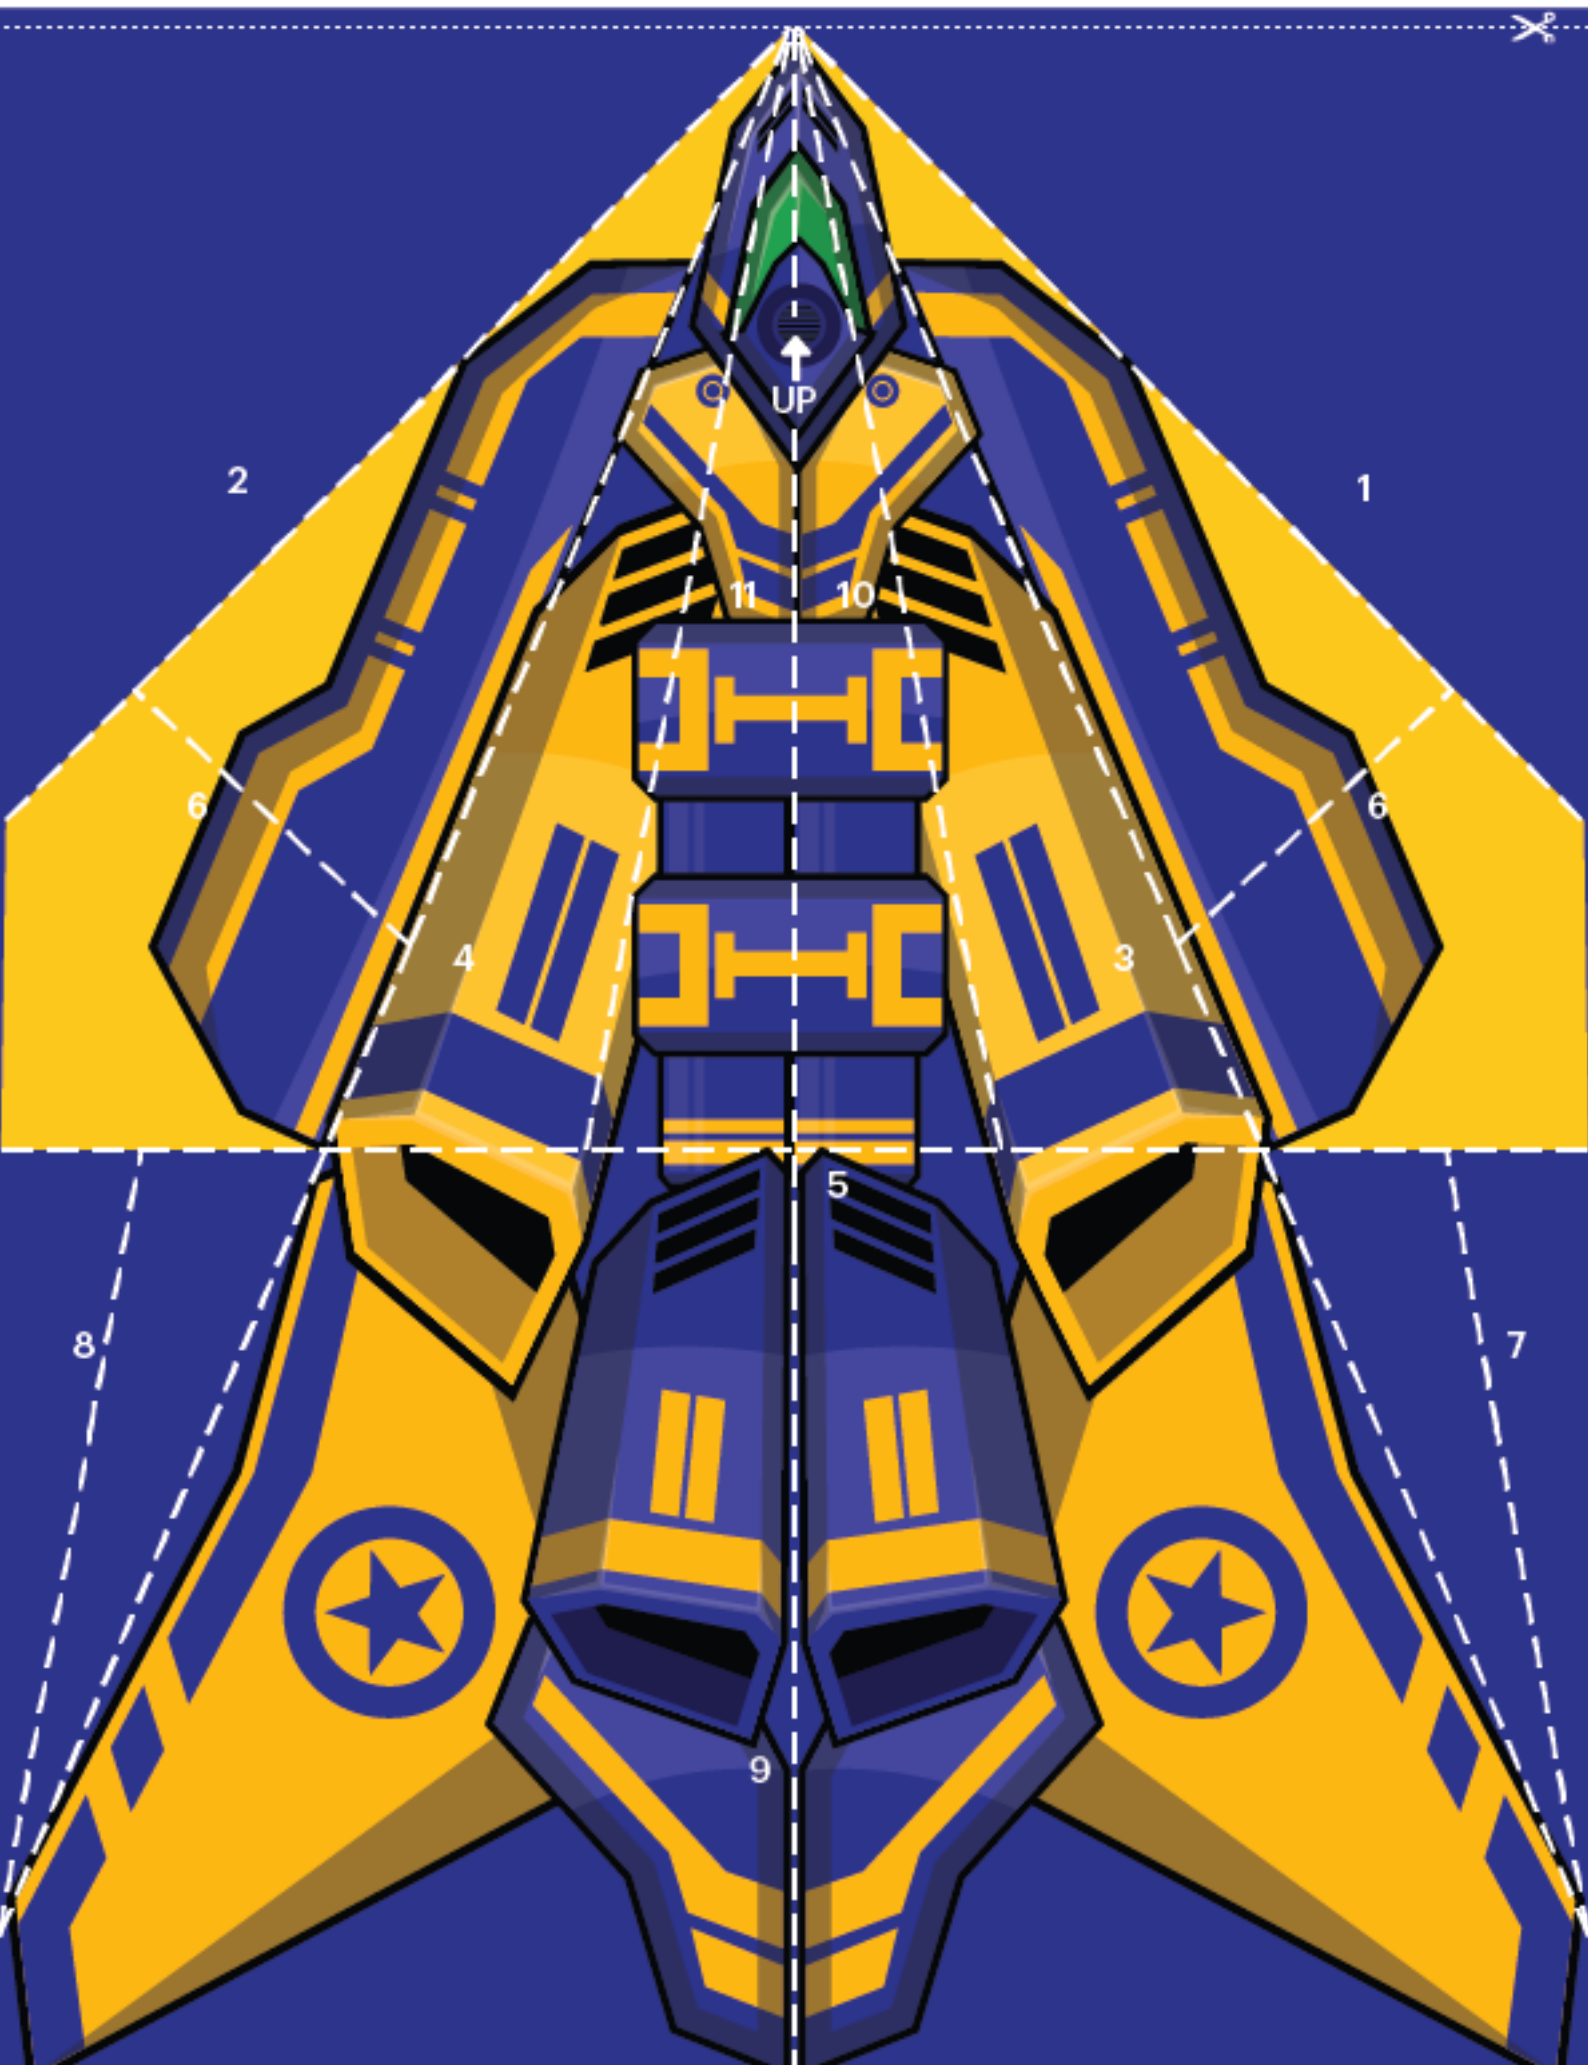

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

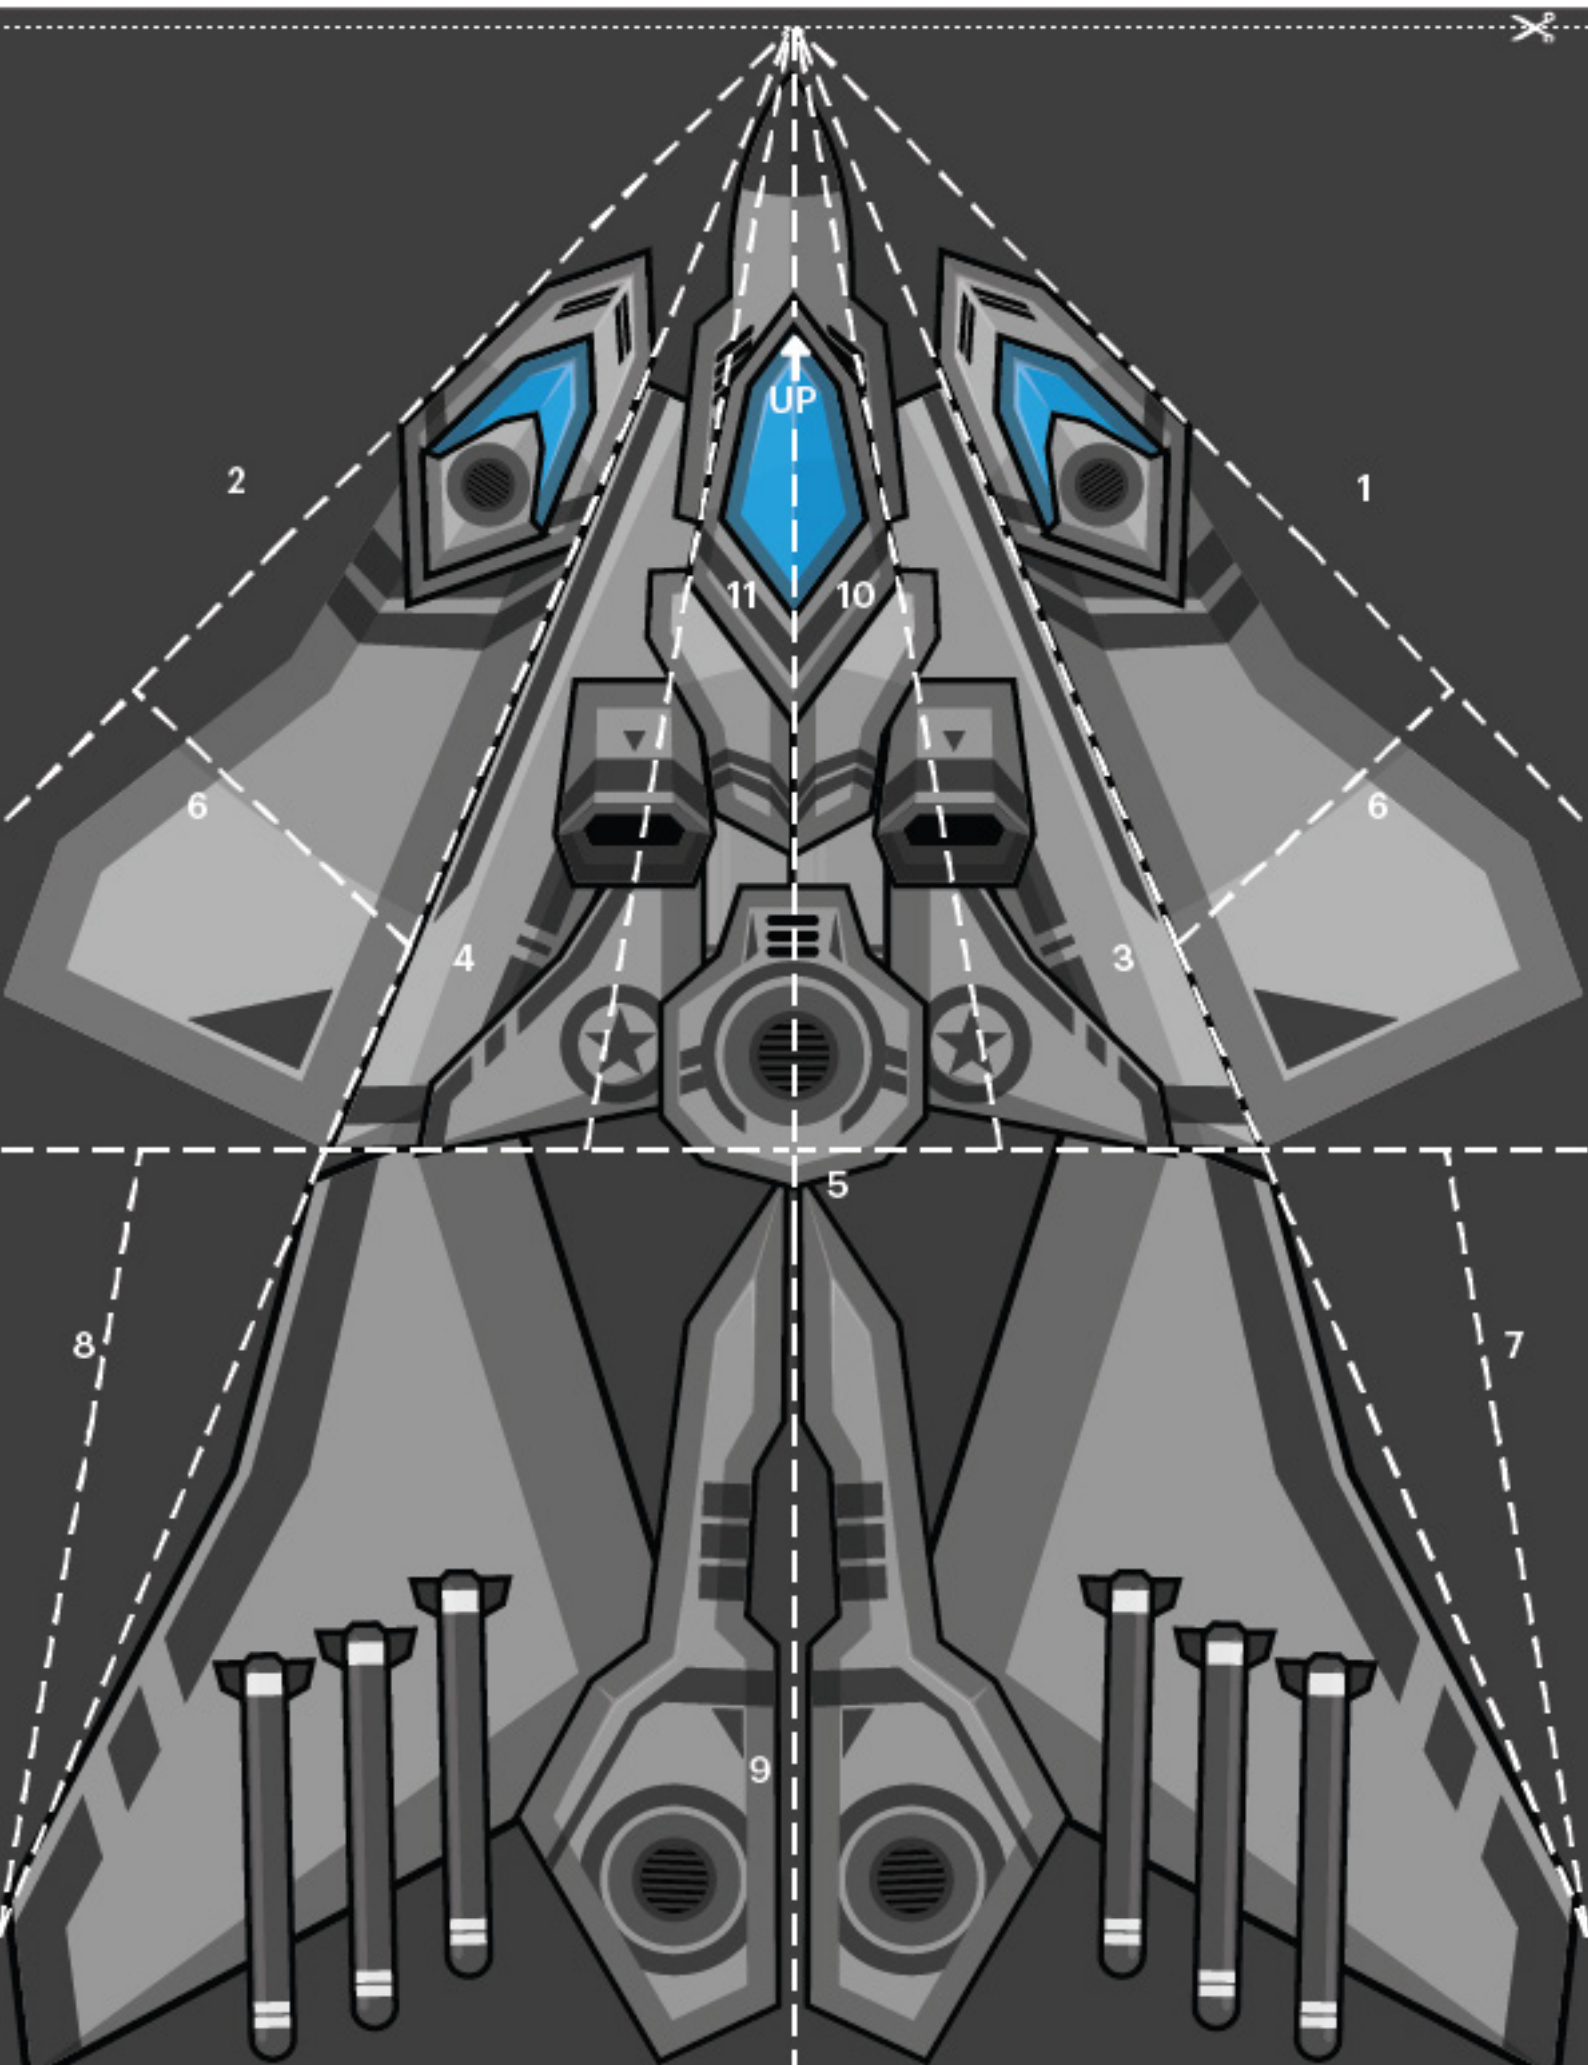

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

21 FIGHTER

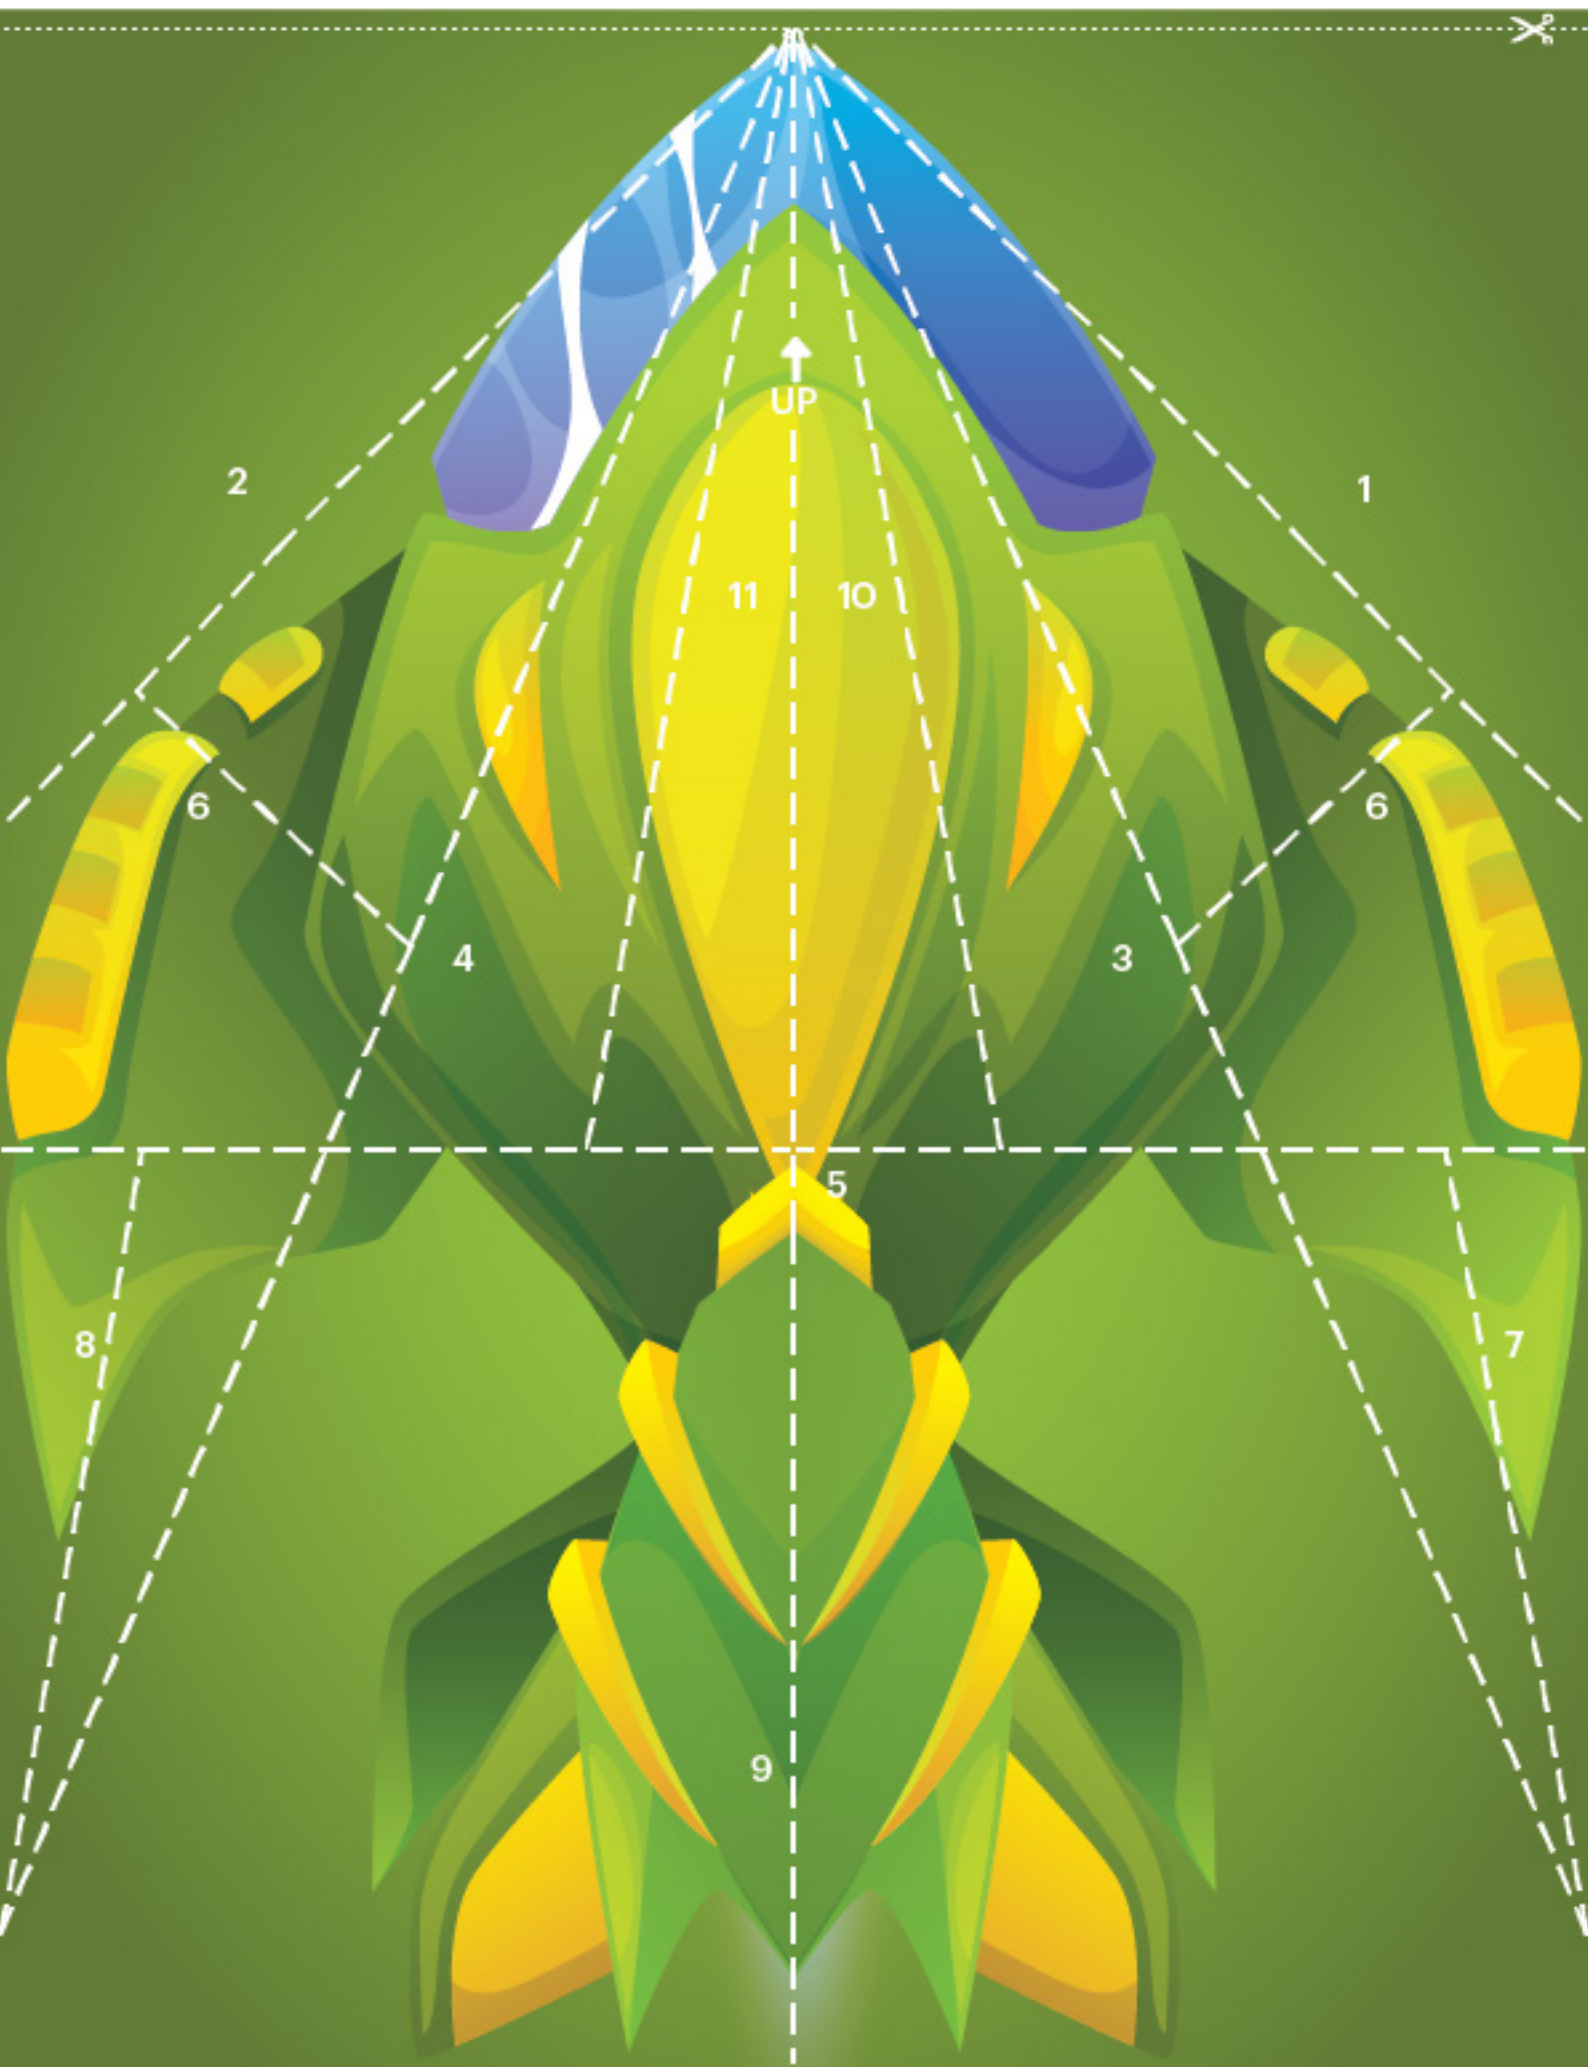

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

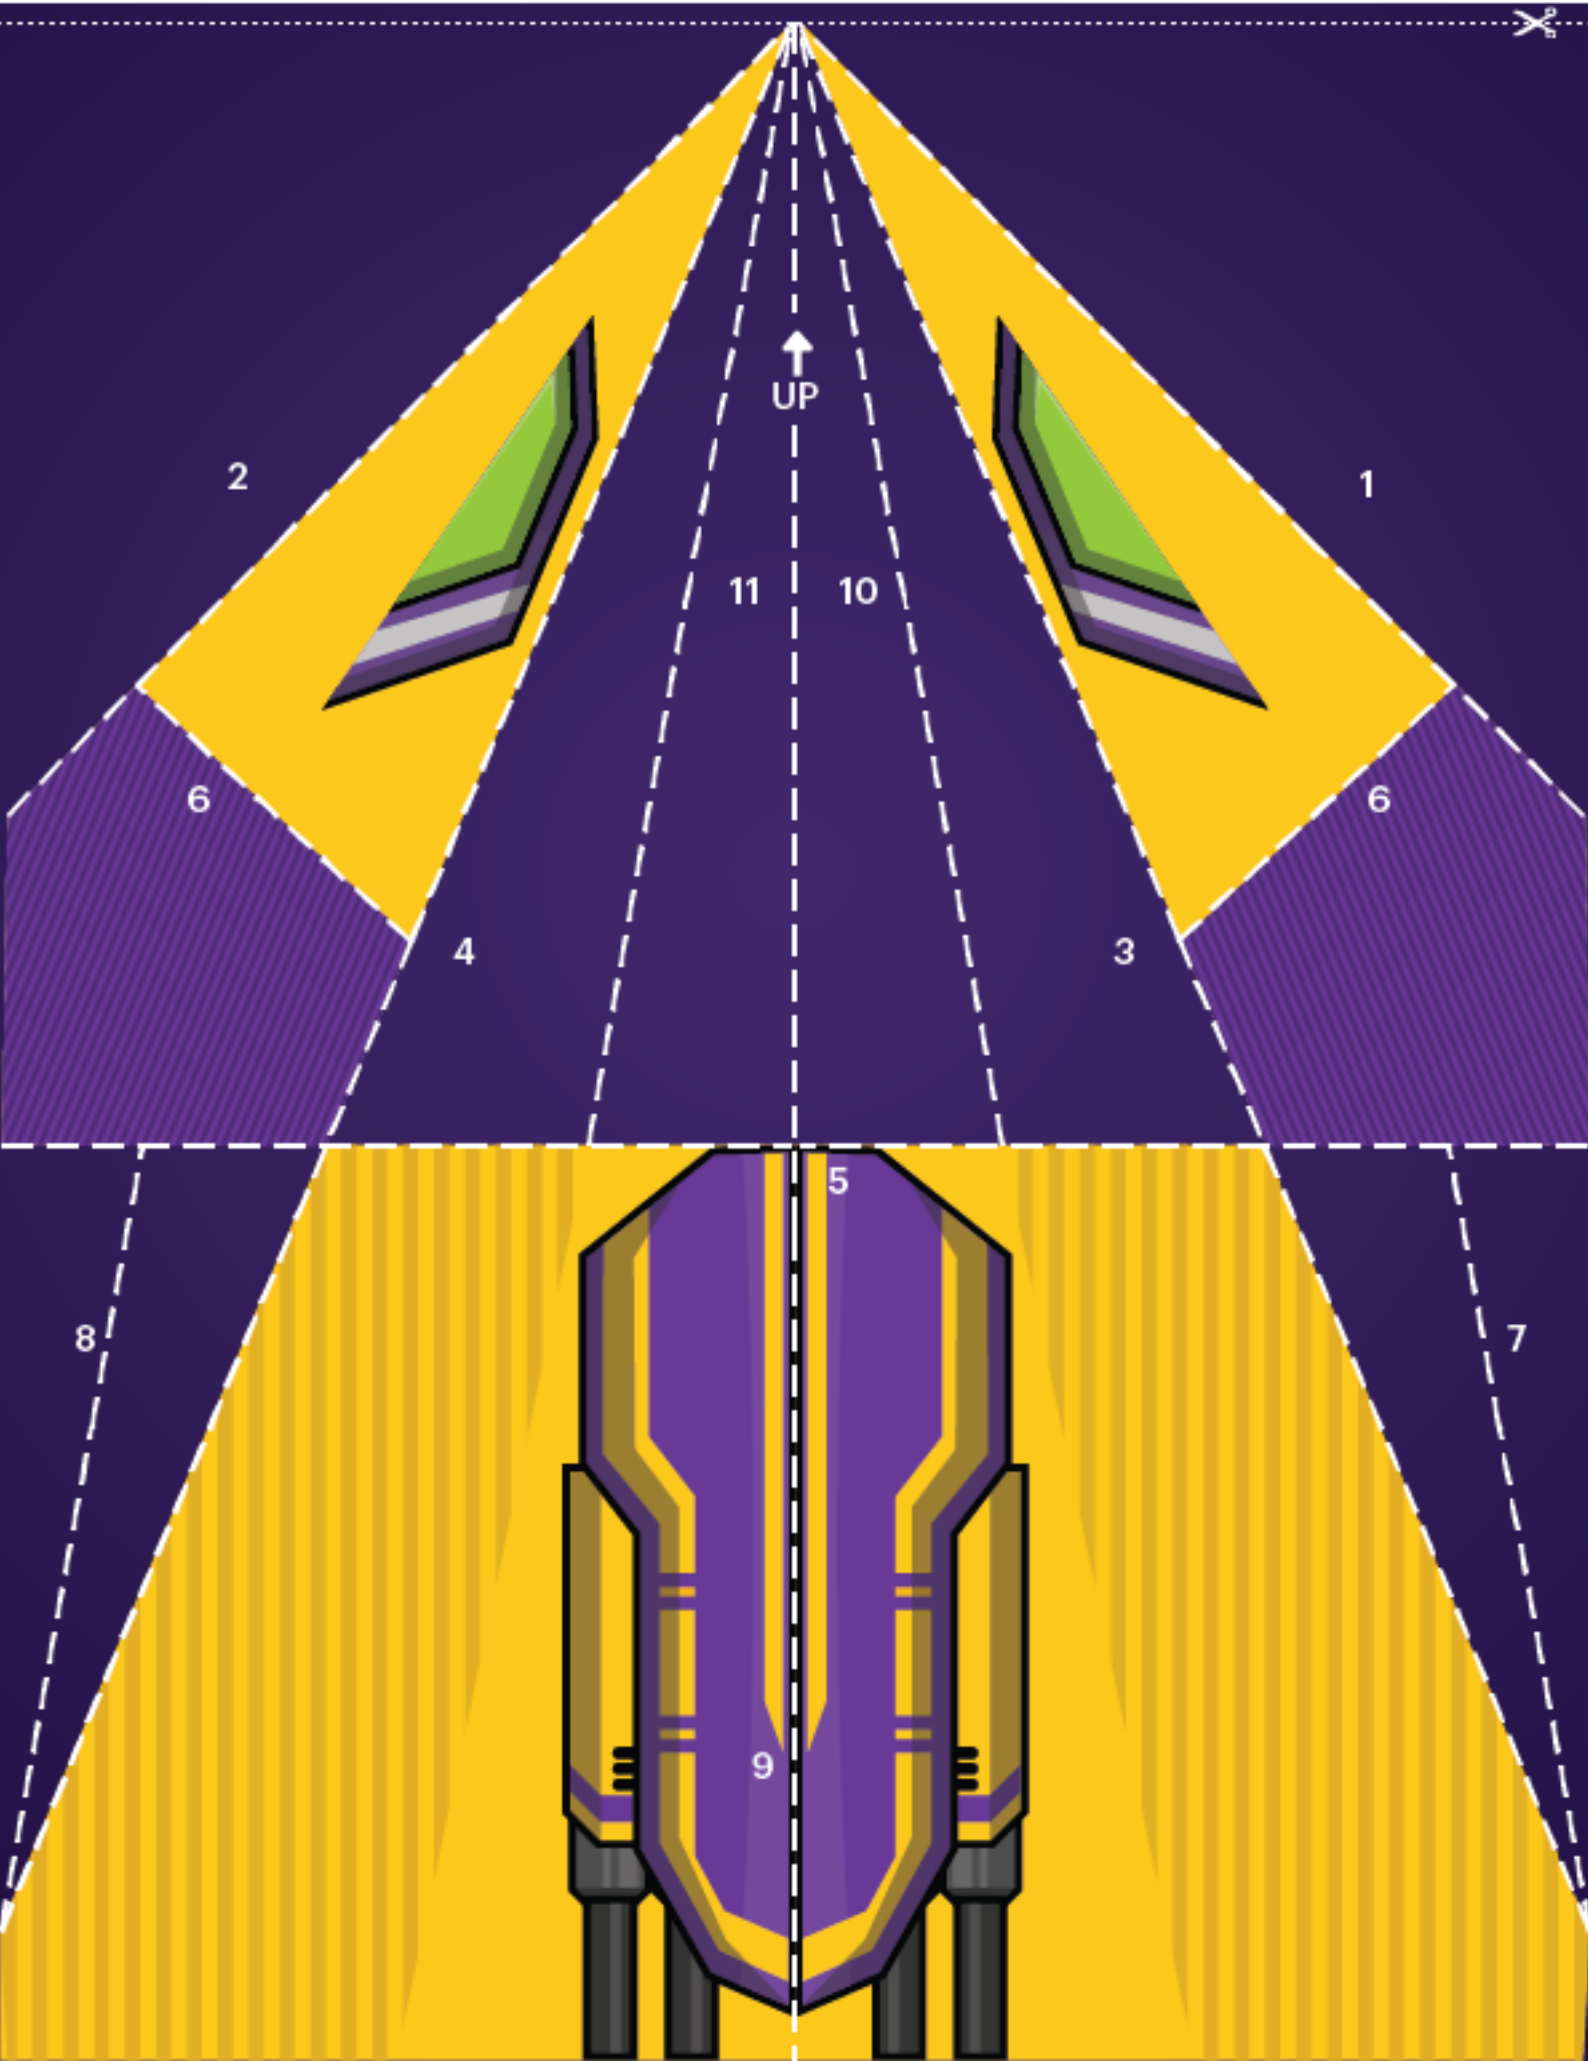

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

24 FIGHTER

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

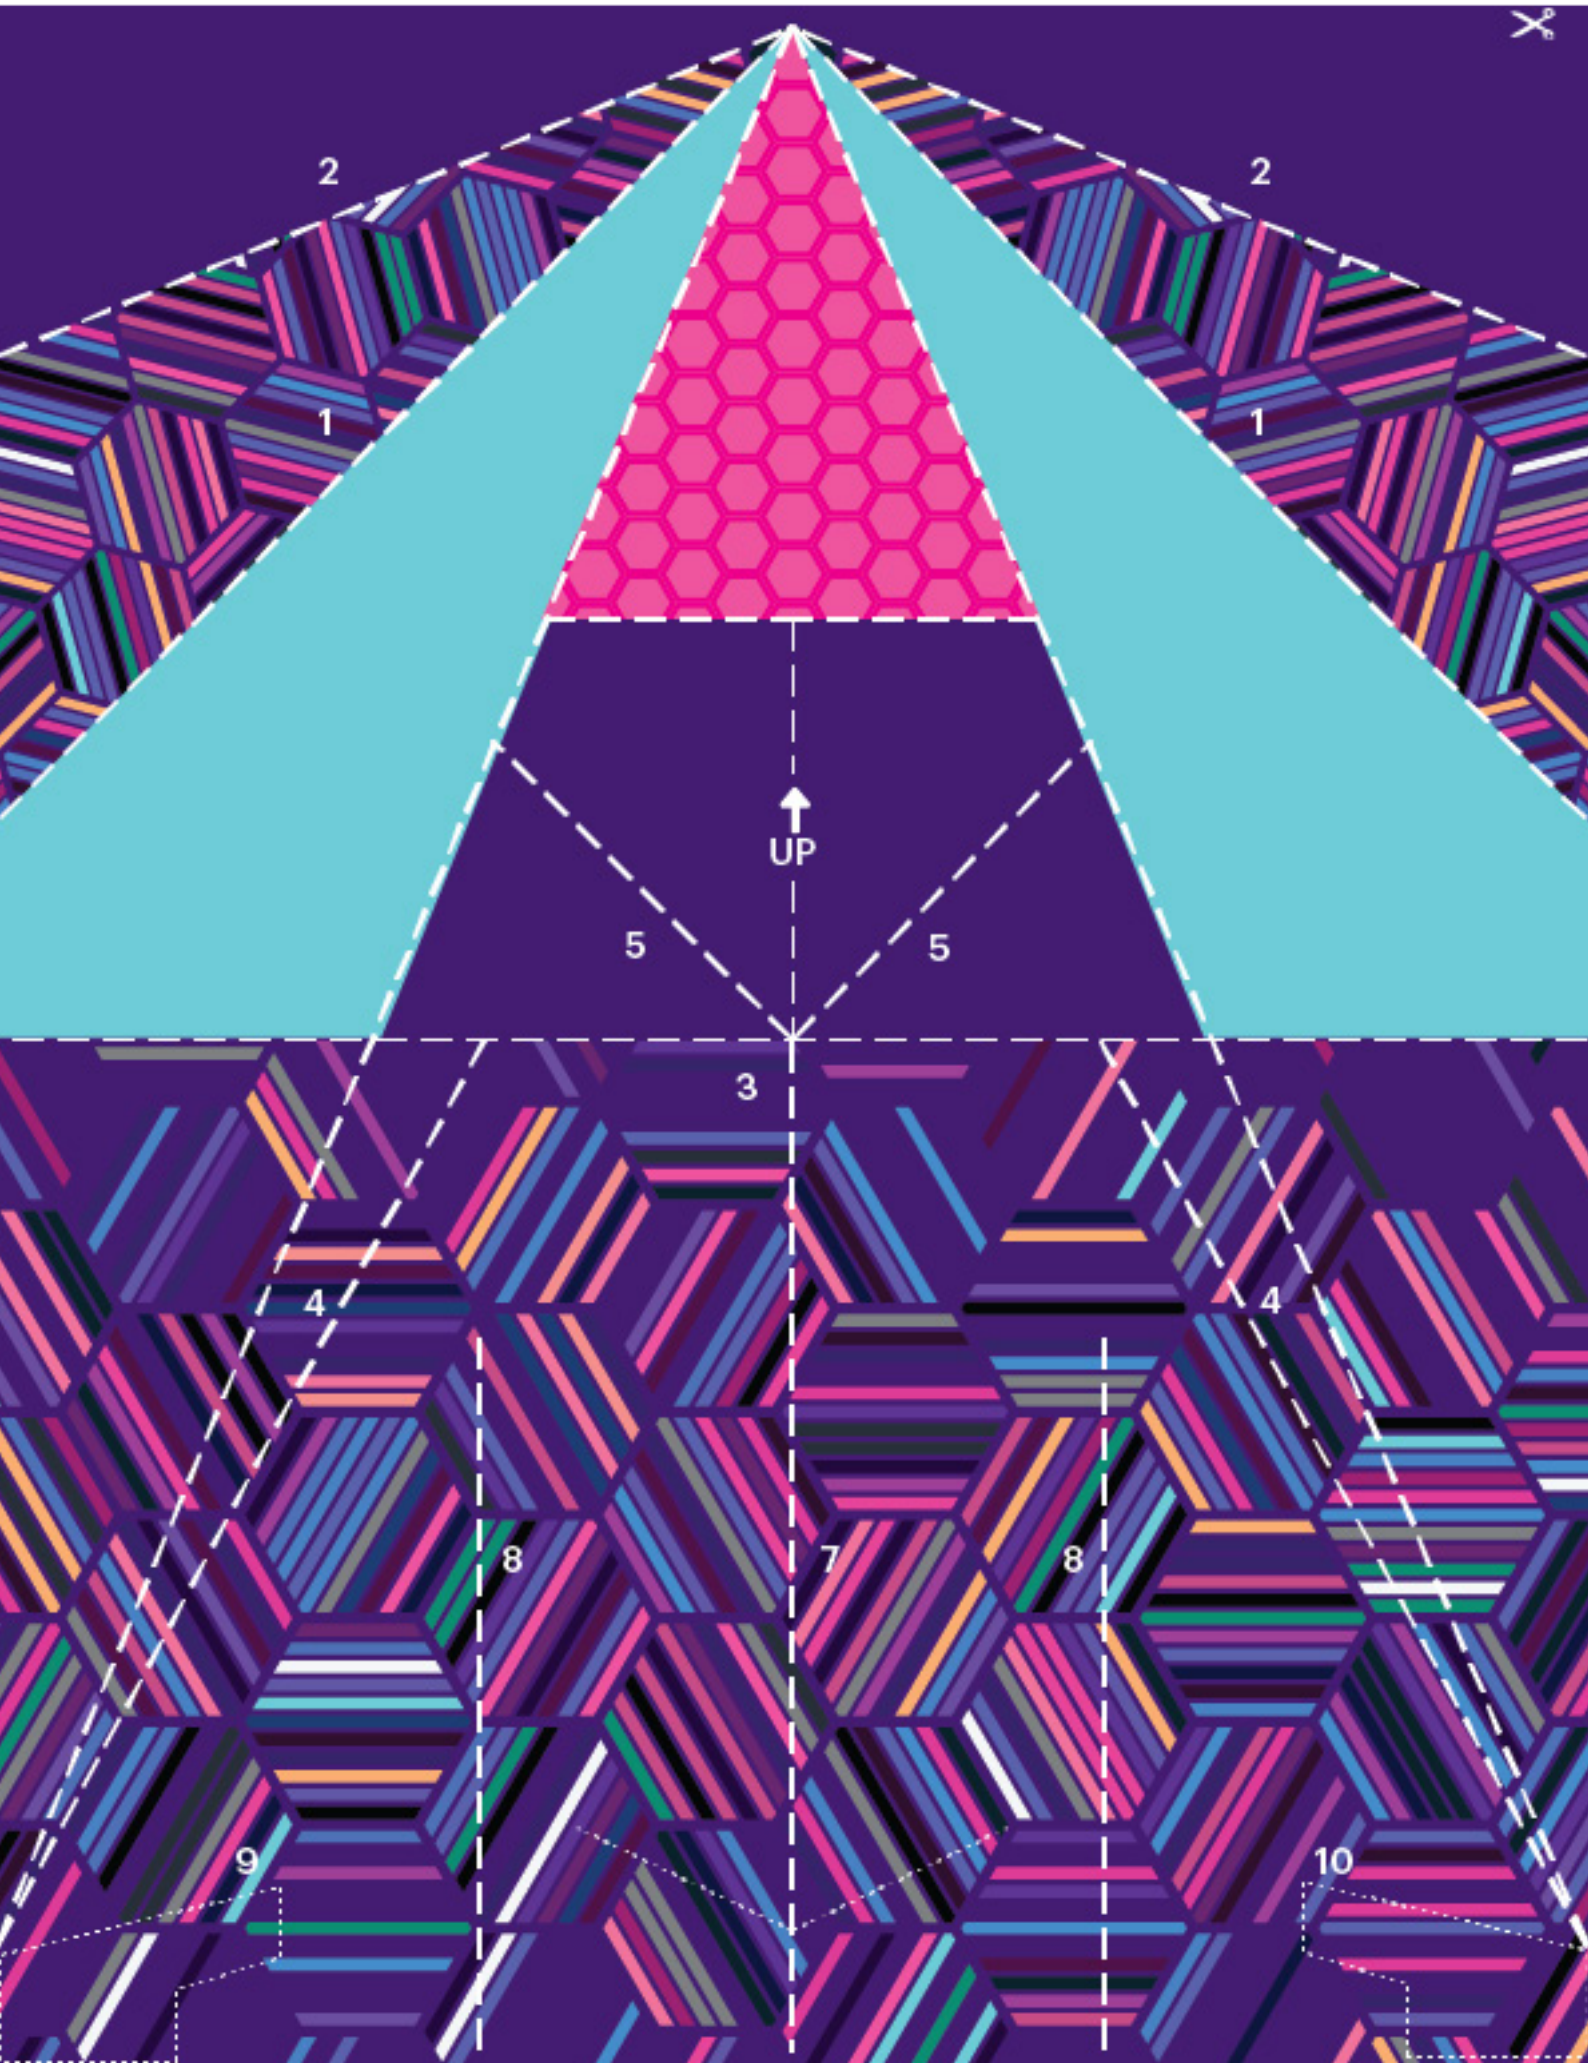

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

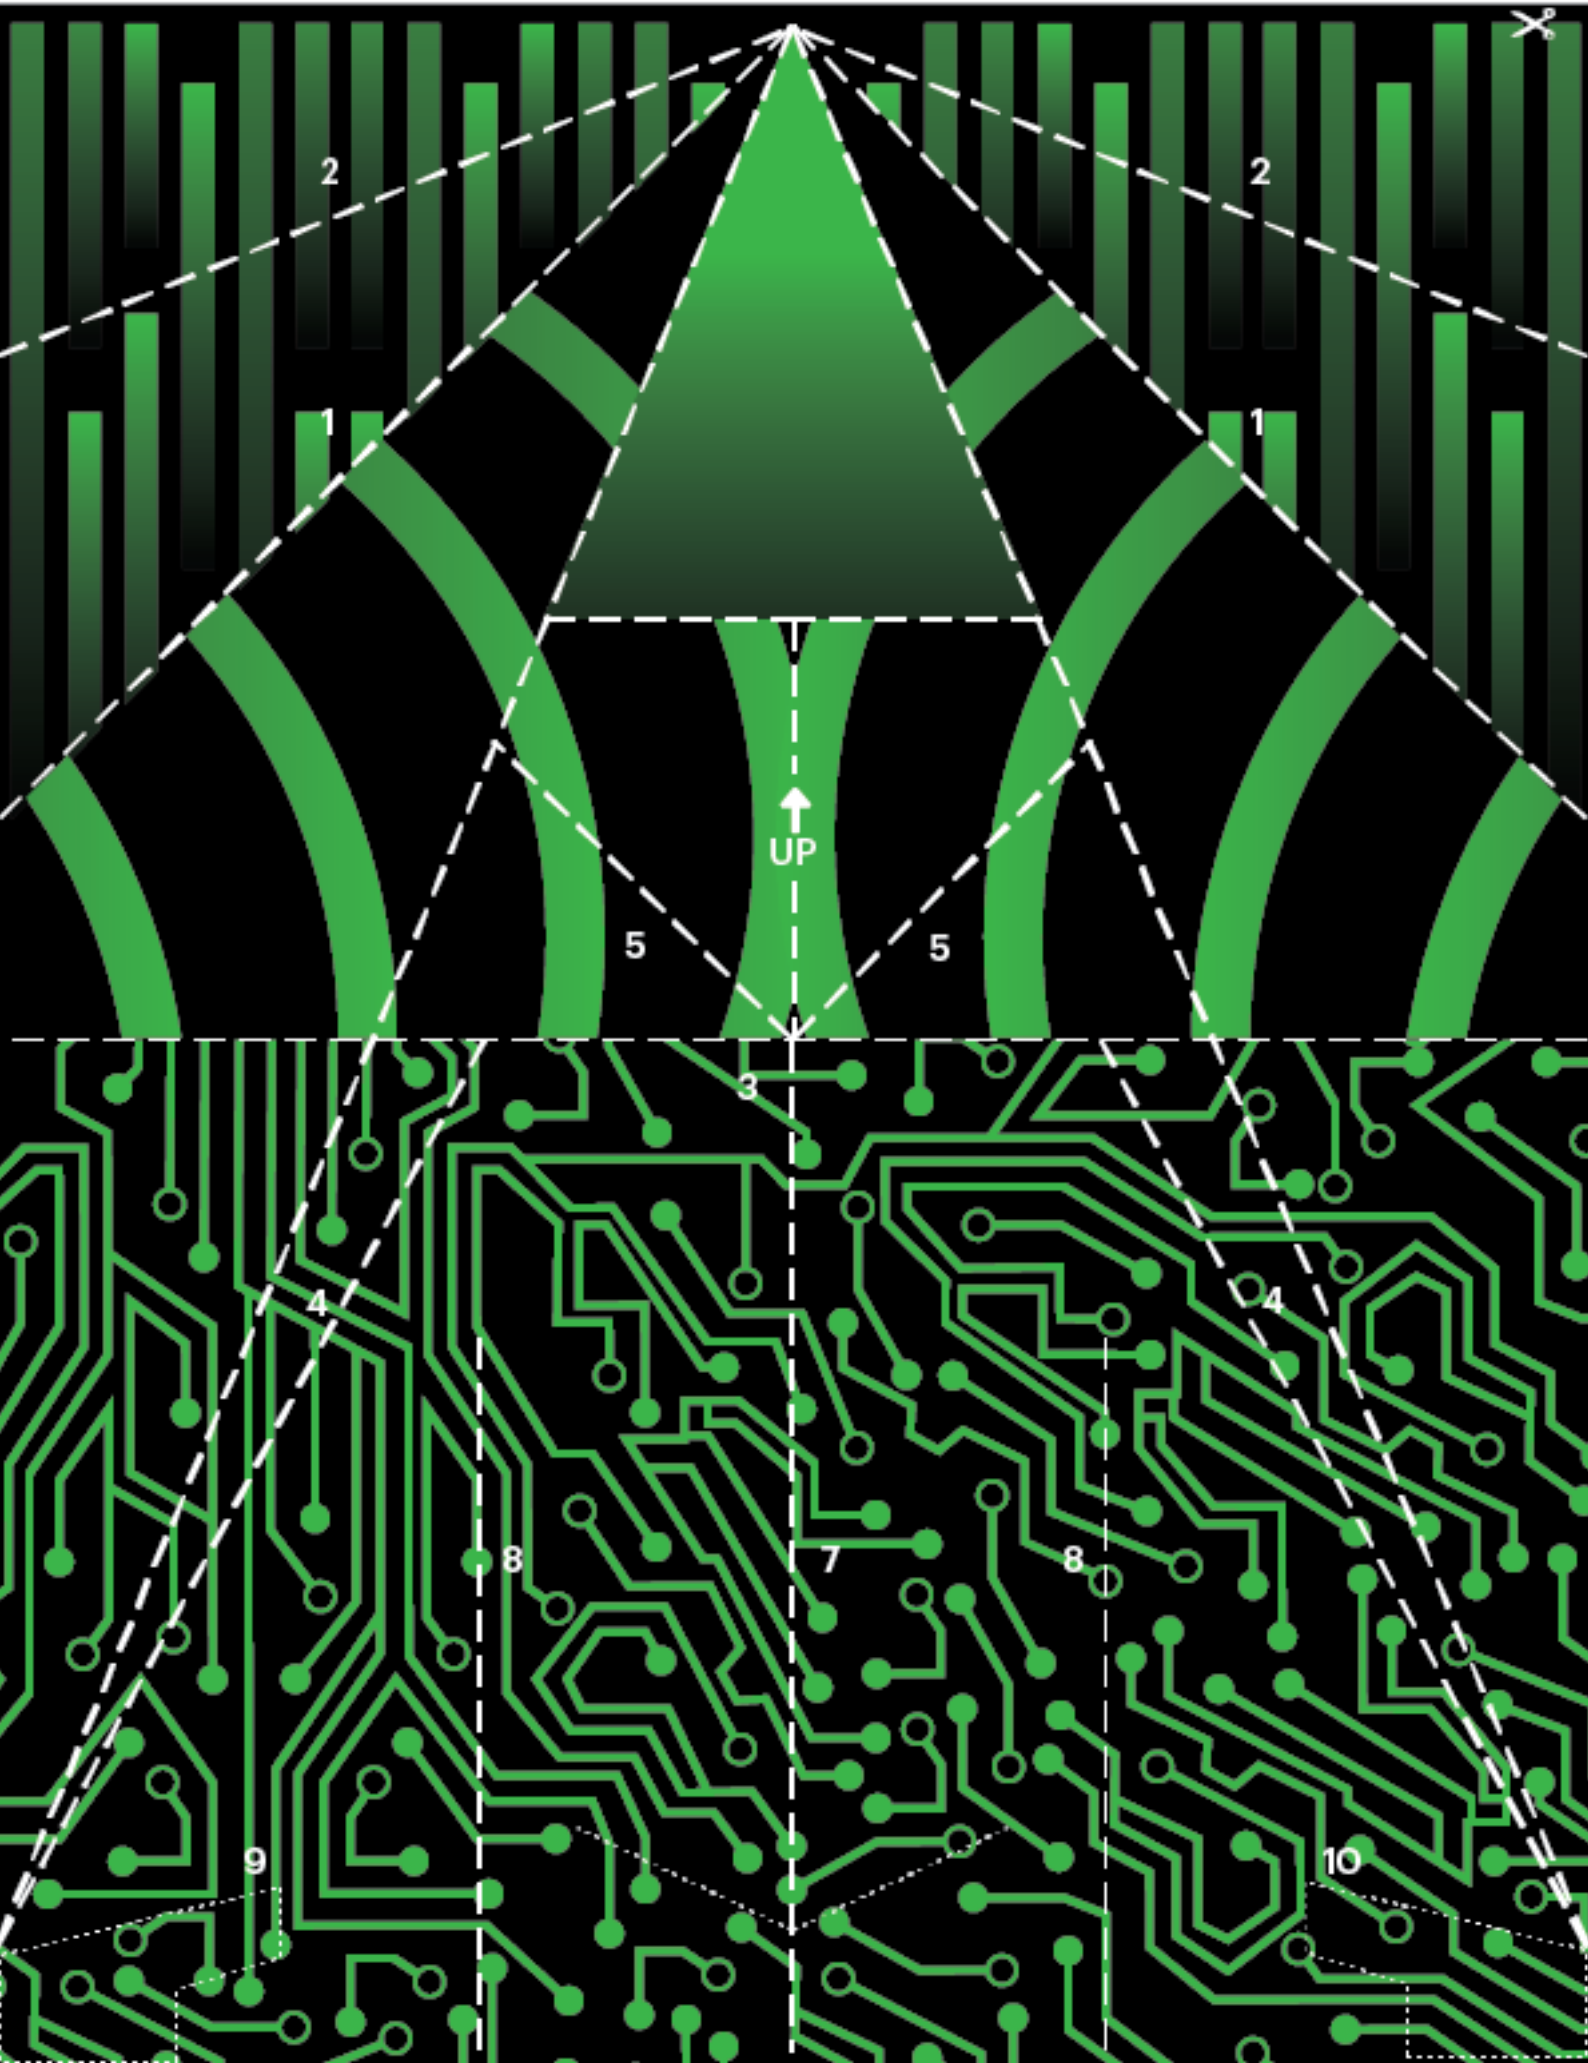

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

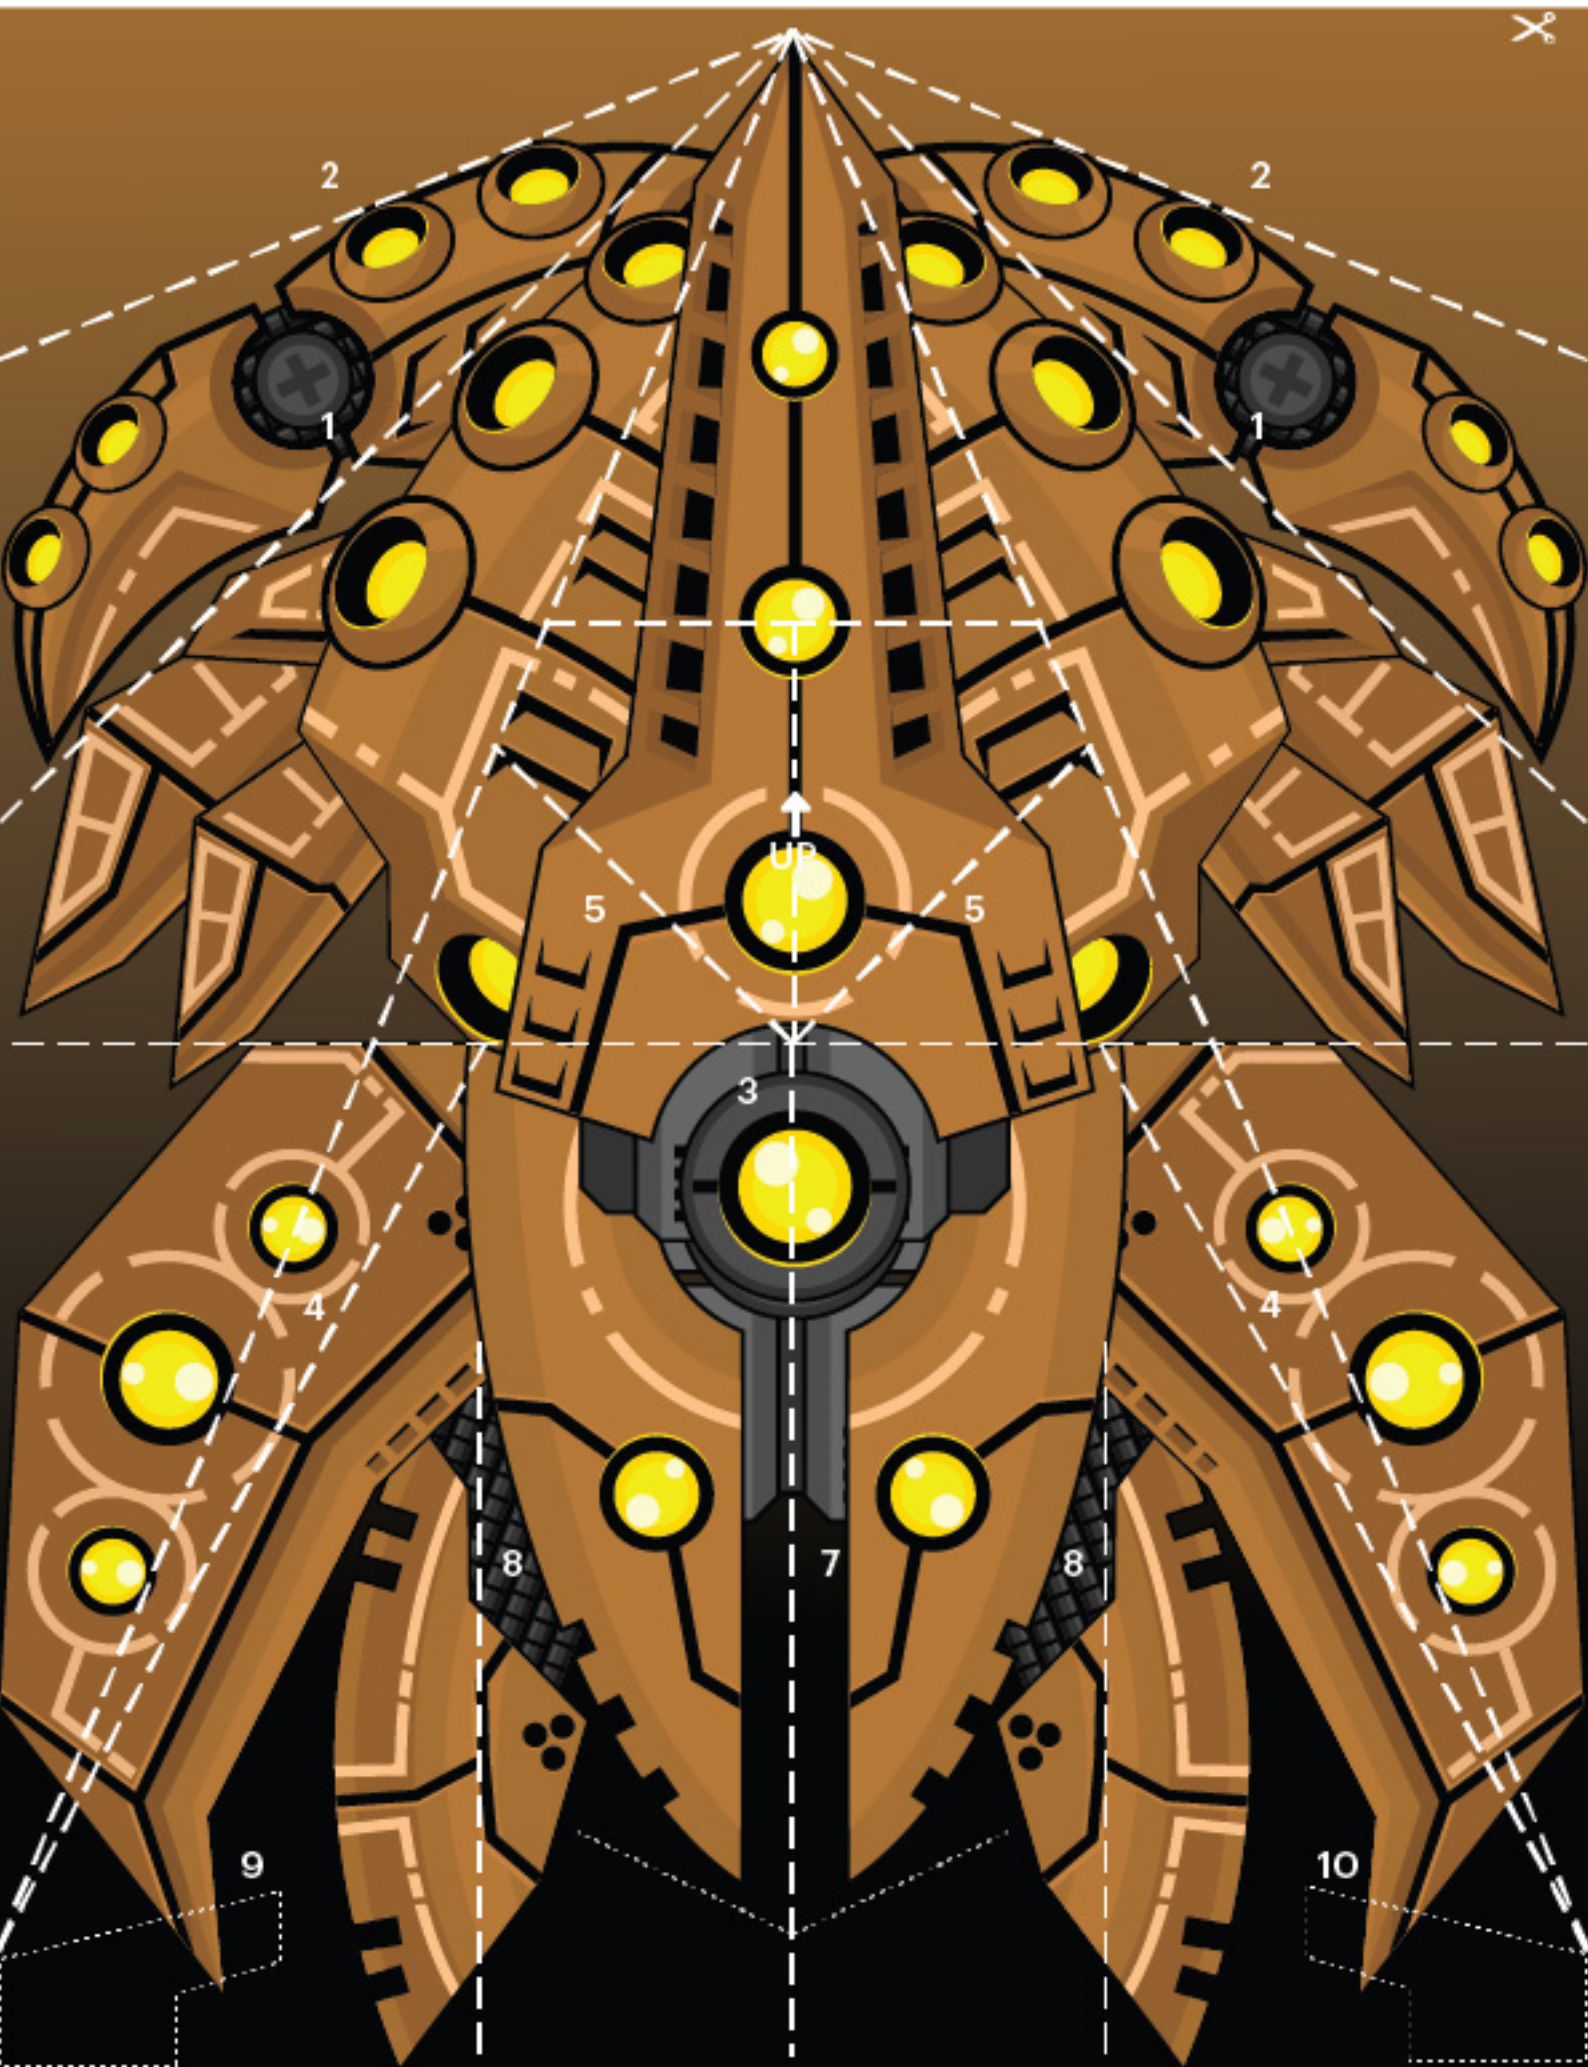

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

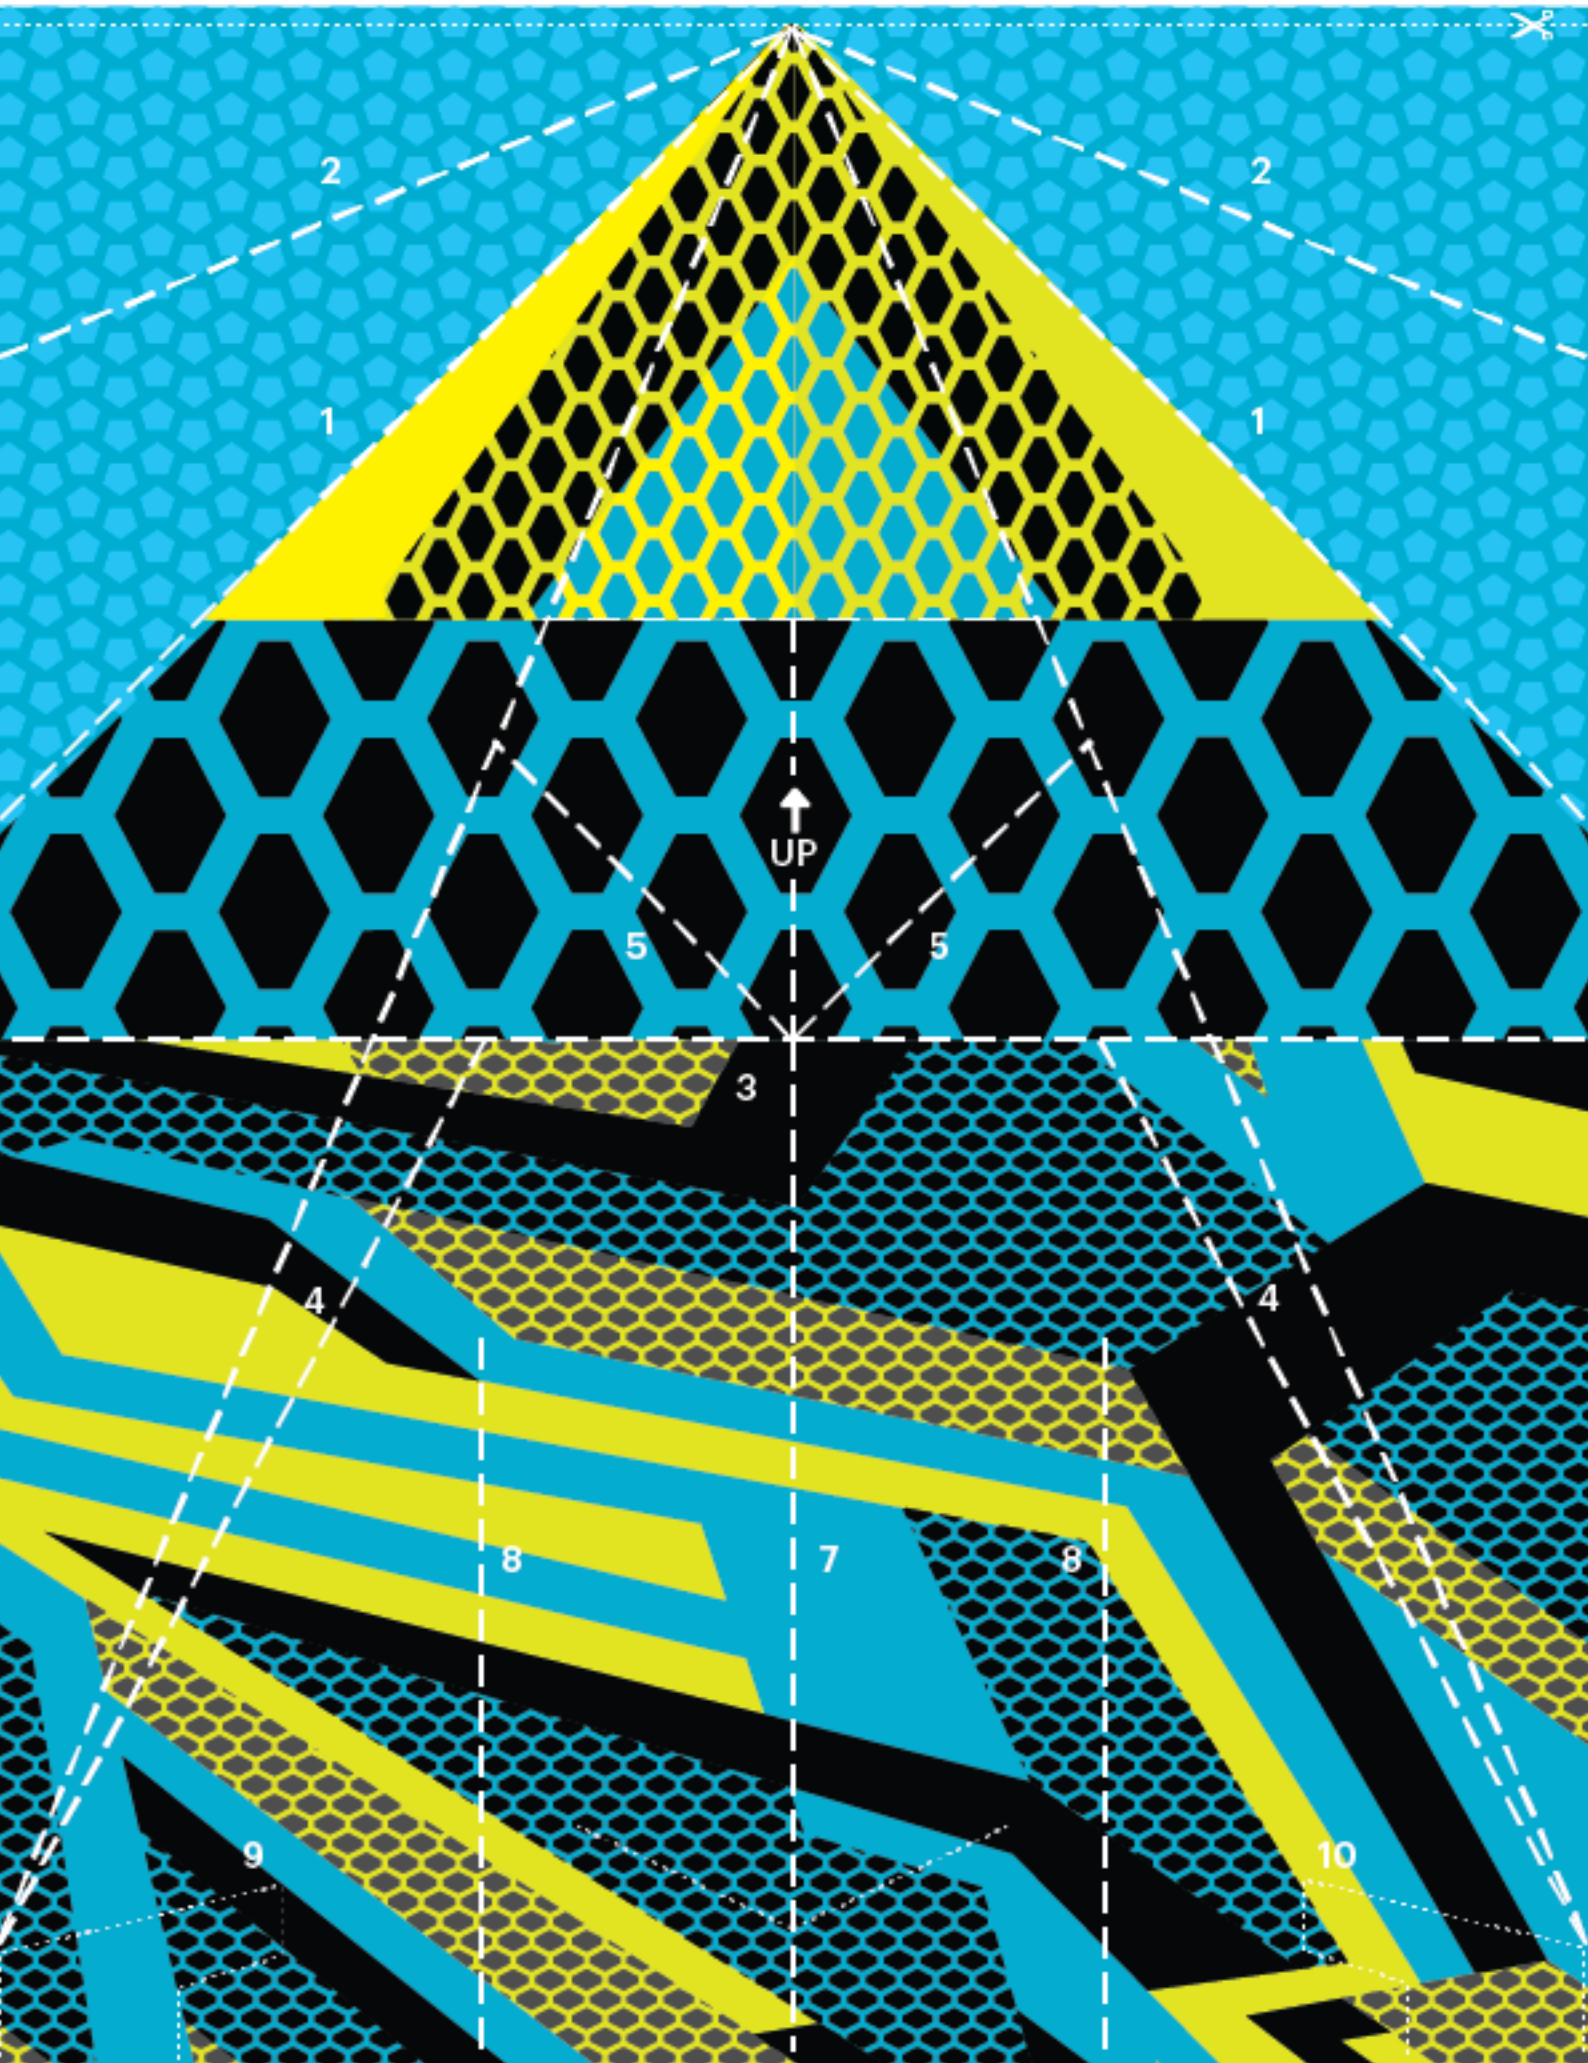

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.

30 RAPTOR

Cut along the line and fold the paper into an aeroplane using the instructions given in the user manual.
